Dear Boulevard Families,

As we look ahead to the 2026-27 school year, we want to share that supply lists for students in grades 3-5 are now available.

In an effort to support our families and reduce back-to-school costs, the supply lists are shorter than in previous years. This is thanks to district funding that covers many essential items that were previously provided by parents. We remain committed to supporting our school community and ensuring that every student has what they need to start the year strong.

If your family is able to contribute, it would be helpful to purchase the following items to support your child's school year.

Thank you for your continued partnership and generosity. We're looking forward to another great year together!
