Leading the Pack

Dear Coyotes,

Welcome to the 2025–2026 school year. I hope you had time to rest and are ready to return to school with focus and purpose.

As we begin this new year, I want to recognize the important work happening across our district. Reed City Area Public Schools is committed to helping every student learn, grow, and care about the future.

We continue to move forward with our strategic plan goals: strengthening teaching and learning at all levels; supporting safe, respectful, and welcoming schools; listening, sharing, and staying connected; building strong teams and supporting growth; and maintaining buildings, systems, and resources that support learning. These goals shape our decisions and guide our daily work.

One way everyone can have input regarding the direction of the school district is to respond to the prompt: **What do you want to see in your school district, and what should be a priority?** This link, along with the QR provided below, will remain active until September 12th. Please share this as widely as possible, enter multiple thoughts, and come back frequently to see what others think. After the closing, a report will be generated to share with everyone.

To our staff - thank you for your work and care. To our families - thank you for your support. To our students- we're glad you're here, and we're ready to help you succeed.

Sincerely,
Michael Sweet
Superintendent
Reed City Area Public Schools
