

THE PEMBROKE POST

THE HISTORY OF THANKSGIVING

By Lauren Feitshans

In the fall of 1621, a feast was shared between the Plymouth colonists and the Wampanoag people because of Plymouth's first successful harvest. The colonists invited the Wampanoag people to join the feast because the Wampanoag helped the colonists survive after all the unsuccessful harvests. At the time, the term Thanksgiving was not used, and the tradition was not annual like it is today. Thanksgiving was never recognized as a holiday until 1863, during the Civil War. Abraham Lincoln declared a day of "Thanksgiving and Praise" on the last Thursday of November, believing it would help reunite the North and South in the war. Some Southern states at the time believed that Thanksgiving was a "Yankee" holiday, and the South resisted celebrating. Thanksgiving was never made into a federal holiday until 1941, when Congress established Thanksgiving to be on the 4th Thursday of every November. Thanksgiving was finally marked as a federal holiday for the country.

Fun Facts about November:

- November's name came from the Latin word "novem," which means nine, as it was originally the 9th month in the Roman calendar before December and January were added.
- The full moon of November is traditionally called the Beaver Moon!
- The Christmas song "Jingle Bells" was originally going to be used for Thanksgiving.
- King Tutankhamun's tomb was discovered by Howard Carter on November 4, 1922.

Holidays and Special Days of November:

- End of Daylight Savings, November 2nd
- Election Day, November 4th
- Veterans Day, November 11th
- Thanksgiving, November 27th

LEAVE ME BEHIND

By Lauren Feitshans

Leave me in your mind
Leave me in your upstairs attic
Put me away in the closet with all the moldy clothes
Forget me at the truck stop on the side of the highway
Leave me in a box in your past
Don't forget to dust off at mass
Your sins are getting too dusty to be forgotten.

MOVIE REVIEW

By Mary McDonald

2012

In this movie, released in 2009 as an action/sci-fi movie, we get to follow the main character, Jackson Curtis, as the world falls apart due to destructive solar flares from the sun. We get to see Curtis deal with this dilemma and try his best to help his family get to the ships he heard from a conspiracy theorist. And along with Curtis' adventure, we see how mainly the US government and others try to fix this situation and save themselves, and leave the public to die.

THE POST KNOWS BEST

By Lauren Feitshans

Here is some helpful advice:

Be the kind kid, not the cool or popular one. When people look back on their school years, they won't remember who had the most friends; they'll remember the person who was genuinely kind and went out of their way to help others.

Life isn't always perfect and smooth. But the more you persevere through the rough times, the better you will feel when things start to go smoother.

The world didn't make us into identical robots that work in perfect order. We were made for differences and mistakes, so the world can keep improving.

ARTIST OF THE MONTH

By Mary McDonald

He is mainly known for his most popular song "i like the way you kiss me" with over 1.4 billion streams on Spotify. The song was used a lot on social media like TikTok. He is well known for having his Indie/alternative music style. Most of his songs are based around love and relationships, whether they ended up in shambles or just being close to one another.

IT'S RAINING CATS & DOGS!

CATS: CALICOS

By Kaelyn Yager

Calico cats have tri-color fur that is usually the colors orange, black, and white. They are not a specific breed, but they are distinguished by their tri-color fur. Their eye colors are gold, green, copper, and hazel. Calico cats are often known for their friendly, social, intelligent, and affectionate personality. Calico cats are rare because of their X chromosome genetics, which are the genes for their orange and black fur. Most Calico cats are females because they are more likely to have X chromosomes. In most cultures, they are a sign of good luck because of how rare they are. Fun fact: A Calico cat that has tabby stripes is called a Calibby.

DOGS: CORGIS

By Kaelyn Yager

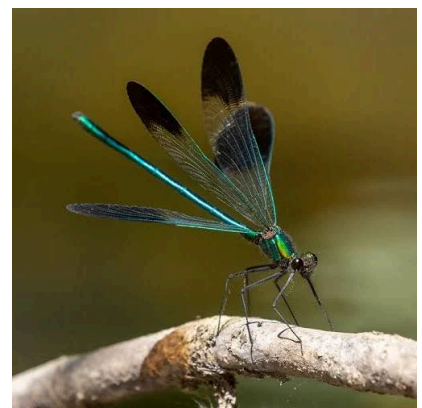

Corgis are usually small to medium-sized dogs, and are known for their affectionate, intelligent, and loyal nature. Corgis are usually reddish brown, black, tri-color, or a brighter red with short to medium-length fur and brown eyes. They are shorter and have a stocky body and fox-like head with large, rounded-tipped ears, and a long and slightly bushy tail carried low. The two types are the Cardigan Welsh Corgi and the Pembroke Welsh Corgi. The Cardigan Welsh Corgi was bred to have short legs so that it could run under cattle and avoid getting kicked. Fun fact: The Pembroke Welsh Corgi was the favorite dog breed of the late Queen Elizabeth II.

ANIMAL OF THE MONTH: DAMSELFLIES

By Riley Tobias

Similar to your average dragonfly, these insects have two sets of large wings with a skinny body. They are brightly colored and live in freshwater areas for their survival. Their life cycle is almost identical to a frog's, with their eggs hatching in water and where the babies live for several months to a few years. Once they reach adulthood, they crawl out of the water onto a rock, and their wings emerge within hours. These creatures are fascinating and different from their closely related cousin, the dragonfly.

PEMBROKE PLATES

CRISPY POTATO PANCAKE POPPERS

Prep Time: 20 minutes

Cook Time: 40 minutes

Total Time: 1 hour 5 mins

Yields: 24 poppers

Ingredients:

3 T unsalted butter, melted
2 large russet potatoes, peeled
1 T olive oil
1 ½ tsp garlic powder
1 ½ tsp kosher salt
¼ tsp ground black pepper
1 pinch cayenne pepper, or to taste
1 T all-purpose flour
½ cup finely grated Parmigiano-Reggiano cheese

Directions:

1. Preheat oven to 450°F. Very generously brush a 24-cup mini muffin tin with melted butter; place on baking sheet and set aside.
2. Add cold water to a large bowl until ⅓ full. Grate potatoes into the bowl, then fill with more cold water until almost to the top.
3. Swish potatoes around to rinse off the starch, then pour out most of the water and refill with more cold water.
4. Continue this process until the water runs almost clear. Pour potatoes into a colander; drain for a few minutes.
5. Transfer potatoes to a clean kitchen towel; wrap and squeeze potatoes in the towel over a bowl until no more liquid comes out.
6. Transfer to a clean bowl; add oil, garlic powder, salt, black pepper, and cayenne. Sprinkle flour over top, then add cheese. Mix and toss gently until thoroughly combined and the mixture feels damp.
7. Grab the potato mixture from the bottom of the bowl to get as much moisture as possible, and fill the prepared muffin cups. It's ok if the mixture comes up above the tin by ½-1 inch.
8. Bake in the center of the oven until golden brown on top, caramelized on the bottom, and crispy all over, 40-45 minutes.
9. Remove from the oven and let sit in the tin for 5 minutes before flipping over onto the baking sheet. Serve and enjoy!

¼ tsp garlic powder
salt and freshly ground black pepper to taste
¾ cup fat-free sour cream
1 cup shredded light Cheddar cheese
cooking spray

Directions:

1. Place spaghetti squash in a covered dish and add ¼ inch of water. Microwave for 10-12 minutes. Scrape insides of squash with a fork and transfer to a small bowl.
2. Heat butter in a medium skillet over medium heat while spaghetti squash is cooking and cook onion, red pepper flakes, garlic powder, salt and pepper until the onion is browned, 5-10 minutes.
3. Preheat oven to 375°F. Grease a baking dish with nonstick cooking spray.
4. Mix spaghetti squash, onion mixture, sour cream, and ½ of cheese together. Transfer to prepared baking dish and top with remaining cheese.
5. Bake for 20-25 minutes. Turn on broiler for the last 2-3 minutes and broil until gratin is golden brown on top.

Note: You can reduce the amount of red pepper flakes to reduce the spice level as it does have a bit of a kick to it.
