School Goals

We are happy to report strong results in important areas. Stanfield Secondary students were ahead of the State average in the areas of: Class Size, On-Track to Graduate, Five-Year Completion, and College Going.

As we move into the new school year, we are focused on improving attendance using a focused effort to establish and maintain positive relationships between students and staff. Academically, we are working on student engagement with the use of constant formative assessments.

Go Tigers!

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

We believe that Stanfield Secondary School is a terrific place for kids. Our number one focus is building positive, healthy relationships between kids and adults. Whether in the classroom, in the halls, or as a part of an extracurricular activity, we believe that engaged kids are successful kids. Our staff is continually seeking new ways to reach every kids. Our belief is that: "Kids don't care what you know unless they know that you care." Our goal is that all kids will feel safe walking through the doors. Go Tigers!
