

October 16, 2026

Dear Parents/Guardians,

The safety and well-being of our students and staff are top priorities for the Northeast Bradford School District. To help maintain a safe learning environment, the District has developed emergency response plans and conducts routine safety drills, including fire, severe weather, and lockdown drills.

During the week of October 19, 2026, the District will conduct a lockdown drill at both the elementary and high school buildings. During the drill, an announcement will be made, and the lockdown alarm will sound. Students and staff will follow established District procedures and remain secured in their classrooms or designated areas until the drill has concluded.

Please be aware that both school buildings and the campus will be secured during the drill. Entry to District facilities will not be permitted while the drill is in progress. Normal building access and school activities will resume once the drill has concluded. The District will also send a notification to the community confirming that the drill has been completed.

The Northeast Bradford School District works closely with the Pennsylvania State Police to develop and implement appropriate school safety procedures. We encourage parents and guardians to talk with their children about the importance of these drills and reassure them that they are an important part of our ongoing efforts to keep everyone safe.

If you have any questions or concerns, please contact Superintendent David Zula at 570-744-2521, ext. 2206, or by email at dzula@nebpanthers.com.

Thank you for your continued support and cooperation as we work together to maintain a safe school environment for all students and staff.

Sincerely,

David Zula

Superintendent

Northeast Bradford School District
