Bond elections must pass by at least 60%, so this bond election did not pass.
While today's result is not what we hoped for, we respect the outcome and appreciate every individual who took time to vote and be part of this process.

This proposal was built around identified needs— including improved learning spaces and expanded academic and extracurricular facilities. We are thankful to those who engaged in discussions, asked questions, and helped shape the plan along the way.

Our work does not stop here. The needs that led to this proposal remain, and we are committed to continuing the conversation and identifying the best path forward, together.

Westville has always taken pride in its schools, and that shared commitment will continue to guide our decisions and next steps.

Thank you for your continued support of our students and our district.
