ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school, whether in person or digitally, is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from a medical professional.

1. The student's illness or when attendance could jeopardize the health of other students. A doctor's note must be presented upon return to school unless otherwise noted by the principal;
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Unexcused Absences

Students with ten (10) unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has five (5) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds ten (10) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person having lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

ADVANCED PLACEMENT, INTERNATIONAL BACCALAUREATE, and HONORS COURSES

Students in grades 7-12 who take advanced placement courses, International Baccalaureate courses, or honors or concurrent credit college courses approved for weighted credit by the Arkansas Department of Education shall be graded according to the following schedule.

A = 100 – 90
B = 89 – 80
C = 79 – 70
D = 69-60
F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 5 points
B = 4 points
C = 3 points
D = 2 point
F = 0 points

For a student to be eligible to receive weighted credit for an AP, or IB course, the student's course must have been taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and ADE Rule or, for an AP teacher, is in the process of completing an Additional Training Plan.

Additionally, for students taking AP or International Baccalaureate courses to receive weighted credit they must take the applicable AP or IB examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course.

"Honors Courses" are those courses that have been approved by a Department of Education Committee as honors courses. Honors courses must stress higher order learning and be offered in addition to curriculum offerings required by the Standards for Accreditation, Arkansas Public Schools.

Students who transfer into the district will be given weighted credit for the Advanced Placement courses, International Baccalaureate courses, honors courses approved by the Arkansas Department of Education, and concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

ALTERNATIVE LEARNING ENVIRONMENT

The district shall have an alternative learning environment (ALE) which shall be part of an intervention program designed to provide guidance, counseling, and academic support to students who are experiencing emotional, social, or academic problems.

Students who are placed in the ALE shall exhibit at least two of the following characteristics:

- Disruptive behavior
- Drop out from school
- Personal or family problems or situations
- Recurring absenteeism

For the purposes of the ALE, personal or family problems or situations are conditions that negatively affect the student's academic and social progress. These may include, but are not limited to:

- Abuse: physical, mental, or sexual
- Frequent relocation of residency
- Homelessness
- Inadequate emotional support
- Mental/physical health problems
- Pregnancy
- Single parenting
- Ongoing, persistent lack of attaining proficiency levels in literacy and mathematics.

The teachers and administrator of the ALE shall determine exit criteria for students assigned to the district's ALE on which to base the student's return to the regular school program of instruction. A student may remain in the alternative school as long as necessary.

The student-placement process for the alternative school is as follows:

Committee selection

1. A screening committee consisting of principal, counselor, and teachers involved with the student will be formed to make recommendations on the placement of a referred student to the alternative school.
2. A request of any or all of the following will have a student's referral brought before the screening committee: counselor, principal, teacher, parent/guardian.
3. The principal or an appointed committee member will gather information concerning the student being considered for referral.
4. The screening committee, using information acquired by the administration, will make recommendations on student referral.

5. The committee may entertain referrals that may not necessarily follow the entrance criteria.
6. A student with the greatest needs will be considered by the committee for placement first.
7. Student placement in the program will be made by the committee.

The district's ALE program shall follow class size, staffing, curriculum, and expenditure requirements identified in the ADE Rules Governing the Distribution of Student Special Needs Funding and the Determination of Allowable Expenditure of These Funds.

APPEALS TO THE SCHOOL BOARD

In order to facilitate the orderly hearing of appeals to the Board, it is necessary that evidence presented be limited to matters germane to and bearing directly upon the issue involved in the appeal to the end that appeal may be heard in an orderly manner and promptly ruled upon. To facilitate the Board in conducting hearings, the following rules will be generally followed:

- No student will be heard unless accompanied by parent or guardian.
- A suggested maximum of ten minutes of formal presentation will be granted for an individual or fifteen minutes for a group presenting a request, grievance, etc.

ATTENDANCE REQUIREMENTS FOR STUDENTS IN GRADES 7-12

Students in grades seven through twelve (7-12) are required to schedule and attend at least 360 minutes of regularly scheduled class time daily. Part of this requirement may be met by students taking post-secondary courses. Eligible students' enrollment and attendance at a post-secondary institution shall count toward the required weekly time of school attendance. Each credit hour shall count as three (3) hours of attendance time. This means a three (3) hour course shall count as nine (9) hours of the weekly required time of attendance.

Study Halls

Students may be assigned to no more than one (1) class period each day for a study hall that the student shall be required to attend and participate in for the full period. Such study halls are to be used for the purposes of self-study or for organized tutoring which is to take place in the school building.

Extracurricular Classes

Students may be assigned to no more than one (1) class period each day for organized and scheduled student extracurricular classes that the student shall be required to attend and participate in for the full class period. Extracurricular classes related to a seasonal activity shall meet for an entire semester whether or not the season ends prior to the end of the semester. Students must attend and participate in the class for the entire semester in order to receive credit for the course. For the purpose of this policy, extracurricular classes are defined as school sponsored activities which are not an Arkansas Department of Education approved course counting toward graduation requirements or classes that have not been approved by the Arkansas Department of Education for academic credit. Such classes may include special interest, fine arts, technical, scholastic, intramural, and interscholastic opportunities.

Course Enrollment Outside of District

Enrollment and attendance in vocational-educational training courses, college courses, school work programs, and other department-sanctioned educational programs may be used to satisfy the student attendance requirement even if the programs are not located at the public schools. Attendance in such alternative programs must be pre-approved by the school's administration. The district shall strive to assign students who have been dropped from a course of study or removed from a school work program job during the semester into another placement or course of study. In the instances where a subsequent placement is unable to be made, the district may grant a waiver for the student for the duration of the semester in which the placement is unable to be made.

Senior students may be granted waivers from the full day attendance requirement. Seniors seeking a waiver must provide a statement indicating the waiver is necessary to pursue college education, seek employment opportunities, or provide family assistance. The superintendent shall have the authority to grant such a waiver, on a case-by-case basis. Students granted a waiver must attend a minimum of four (4) periods a day. Students requesting the waiver must provide their own transportation or their parent/guardian will pick them up. Students participating in athletics may return for 8th period class. The waiver can be revoked at any time by the school administration for failure to comply with the conditions of the waiver. Waiver request forms are available from the high school principal.

In any instance where a provision of a student's Individual Education Plan (IEP) conflicts with a portion(s) of this policy, the IEP shall prevail.

BUS CONDUCT, RULES, AND CONSEQUENCES FOR MISBEHAVIOR

Bus routes, bus stops, and time schedules are worked out each year to fit the needs of the student. When they are established, students are to meet them promptly. Very little delay will be possible because the bus must run on its time schedule. Our buses are kept clean, sanitary, attractive, and in good repair at all times. Students are urged to cooperate with the driver and school officials by taking good care of all equipment.

If your child is riding home with another student, relative, friend, or parent, the school MUST have a phone call or written notification of any transportation changes. Otherwise, he/she will be sent home in the usual way. Bus transportation is a privilege provided to your child by the Scranton Schools. Children are to obey bus rules, just as they are to obey classroom rules. Rules are as follows:

1. Be courteous. No screaming and yelling, or use of profane language.
2. No eating or drinking on bus.
3. Help keep the bus clean and free of litter.
4. Cooperate with the bus driver and do not be disrespectful.
5. Do not be destructive. No vandalism, such as cutting of seats, will be tolerated. Cost of repair for vandalism will be at the expense of student and parent. A second offense of vandalism may result in expulsion from riding a school bus for remainder of school year to permanent expulsion of riding bus.
6. State law says your child must remain in his or her seat until the bus comes to a complete stop. NO STANDING ALLOWED.
7. Keep head, hands, and feet inside the bus.
8. No fighting or scuffling on bus. FIGHTING MAY RESULT IN BEING PUT OFF BUS FOR SEMESTER OR YEAR ON FIRST OFFENSE, depending on seriousness of the fight. Keep your hands to yourself.
9. No weapons of any kind are allowed on bus.
10. The bus driver is authorized to assign seats for disciplinary purposes or for your child's safety.

VIOLATIONS OF THESE RULES WILL RESULT IN A MINIMUM PENALTY OF A REPRIMAND FROM THE DRIVER TO A MAXIMUM OF A RECOMMENDATION FOR YOUR CHILD'S PERMANENT EXPULSION FROM RIDING THE BUS.

We will do our best to send home any important information concerning your child's conduct on the school bus. Please feel free to call the school at any time. The following information is about the procedures we will follow concerning bus discipline. This is for all students in the Scranton School District K-12:

1. First Offense----Corporal punishment or in school suspension may be administered and contact will be made with the parent.
2. Second Offense-----The student may be suspended from the bus for five (5) days and contact will be made with the parent.
3. Third Offense----The student may be suspended from the bus for the remainder of the semester and contact will be made with the parent.

This procedure will start over at the beginning of the second semester. Keep in mind the above punishments are for general misbehavior. For serious offenses, more severe penalties shall be handed out.

Bus cameras are used on some buses from time to time to observe the behavior of students, as well as bus drivers. Parents may be asked to view these tapes when their child has been observed for misbehavior.

CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device, as defined in this policy shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan, this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms
5. Using the device to take photographs in locker rooms or bathrooms;
6. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student’s IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student’s building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device’s recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student’s parent shall agree in writing to the requirement for the device’s recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device’s recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use a school issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

- First Offense: Confiscated cell phones and other forbidden devices may be picked up at the principal’s office by the student after 3:10 p.m.
- Second Offense: A parent or guardian must pick the item up from the office after 3:10 p.m.
- Third Offense: Student will receive 3 days in-school suspension and phone will be turned into the principal’s office daily for two weeks.

- Fourth Offense: Will result in penalties determined by the principal.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle which is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

However, an appointment must be made with the college or institution prior to the visit, and the student must bring a signed statement from a school official when he/she returns to school. To qualify for college days, a student must be making passing grades in all classes and must use the days before April 31 of the school year. A student with a grade point average of below 2.0 will be allowed (1) college day. College days that meet these conditions will not count as student absences. The principal reserves the right to approve or disapprove any college day visits.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow universal precautions when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57 Immunizations, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The Scranton School District has implemented the following procedures to help minimize lice infestation. A copy of this policy should be sent home each school year with each student. If a student is found to have head lice or nits, he/she will be sent home for treatment by the parent or guardian. The student's classroom will also be checked at that time. The parent or guardian will need to use a lice-killing product of his/her choice and also remove all nits. Upon the student returning to school, the parent or guardian must present proof of the lice-killing product used, such as the label or the empty bottle. At this time the student will be rechecked. If the lice or nits are found, he/she will be sent home. The student cannot return to school until he/she is lice and nit free. After returning to school, there will be a recheck in ten days for any signs of re-infestation. It is highly recommended that you wash clothes and bed linens in your home and spray furniture if your child has had head lice. If you have problems affording the purchase of head lice products, check with the school nurse since the school may have a supply of such products.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

CONCURRENT CREDIT

A ninth (9th) through twelfth (12th) grade student who successfully completes a college course(s) from an institution approved by the Arkansas Department of Education shall be given credit toward high school grades and graduation at the rate of one (1) high school credit for each three (3) semester hours of college credit. Unless approved by the school’s principal, **prior to enrolling for the course**, the concurrent credit shall be applied toward the student’s graduation requirements as an elective.

As permitted by the DESE Rules Governing Grading and Course Credit, a student who takes a three (3) -semester hour remedial/developmental education course, shall receive a half (1/2) credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet the core subject area/unit requirements in English and mathematics.

Participation in the concurrent high school and college credit program must be documented by a written agreement between:

- The student,
- The students’ parent(s) or guardian(s) if the public school student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution of higher education the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they’ve taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received at all or in a timely manner; this may jeopardize students’ eligibility for extracurricular activities and graduation.

Students will retain credit earned through the concurrent credit program that was applied toward a course required for high school graduation from a previously attended, accredited, public school.

A student eligible to receive free or reduced price meals shall not be responsible for any of the costs for the student's first six (6) concurrent credit hours so long as the concurrent credit courses are taught on the District grounds and by a teacher employed by the District. Any and all costs of concurrent credit courses beyond the six (6) hours permitted, that are not taught on the District's campus, or are not taught by a teacher employed by the District are the responsibility of the student. Students who are not eligible to receive free or reduced price meals are responsible for any and all costs associated with concurrent credit courses.

CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices.¹ The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements.² The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

CONTACT WITH STUDENTS WHILE AT SCHOOL

Contact by Parents

Parents wishing to visit their children during the school day shall register first with the office.

Contact by Non-Custodial Parents

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal. Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school hours of school operation.

Contact by Law Enforcement, Social Services, or by Court Order

State law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72 hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control of the student or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

CORPORAL PUNISHMENT

The Scranton School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or the superintendent's designated staff members who are required to have a state-issued license as a condition of their employment.¹

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.²

CORRESPONDENCE/SUMMER SCHOOL CREDIT

Correspondence courses and summer school courses must be approved by the counselor and principal to fulfill graduation requirements for those courses failed from the past semesters and for which the student is unable to take again at Scranton High School in order to graduate on time with his/her class. The students must turn in all correspondence work on time and pay for these courses themselves. Summer school courses must also be paid for by the student and successfully completed in order to receive credit. A student may elect to take such courses, but only one (1) unit will be counted toward fulfilling graduation requirements, unless a student has failed more than one (1) unit and desires to take those courses or their equivalent by correspondence or summer school courses. All correspondence work must be earned through an institution accredited by the North Central Association of Schools and Colleges, or one of the regional accrediting associations. All summer school work must be from an accredited school whose teachers and administrators meet NCA standards. A student cannot take senior English through correspondence or summer school unless he/she has failed the course. A senior must complete all work successfully, and the counselor or principal must receive verification of grades for such coursework well in advance of graduation ceremonies in order for the student to receive a diploma at graduation.

COUNSELING AND GUIDANCE SERVICES

The counselor's office will be open to all students in grades 7-12 each day of the school year. However, the counselor is split between the elementary and high school and he/she will be available at various times of the day. Conferences should be scheduled with the counselor if at all possible. If a student does not have a study hall or other free period to see the counselor, the counselor will help make the arrangements so that you can see them. If there is an emergency, you will need to get approval from your teacher or the principal. Your teacher and principal should always be aware of your visit with the counselor.

A student should start considering career choices and post-high school educational training early in his/her high school career. Information about colleges, technical schools, and special interest schools is available in the counselor's office and in the library. For those planning to seek additional training after high school, financial aid information about the government grant program, loans, scholarships, work study programs, and the Arkansas-sponsored state scholarship program is available. Additional information is available on occupations, local job opportunities, and other areas of concern to a student.

The Counselor or the Testing Coordinator is responsible for the testing program in the school. Tests which may be administered include the following:

- State Mandated End-of-Level Exams after finishing the course: Algebra I, Geometry, 11th grade Literacy, Biology and Algebra II.
- PSAT/NMSQT-This test is used as the qualifying test for National Merit Scholarship consideration. It is given to interested sophomores and juniors in October of each year. A student interested in taking the test pays a small fee.
- ASVAB-The Armed Services Vocational Aptitude Battery is administered to juniors during the junior year.
- ACT and SAT- Registration forms for the ACT and SAT are available in the counselor's office. Both of these tests are aptitude tests for college, and most colleges require that a student seeking admission take one of these tests. Some schools have minimum scores required for entry into the school itself or into programs within the schools. A student must pay a fee to take either of these tests.
- Benchmark/ACTAAP tests and the Iowa Basic Skills tests are also administered.

STUDENT BEHAVIORAL INTERVENTION AND RESTRAINT

Definitions

"Aversive behavioral intervention" means a physical or sensory intervention program that is intended to modify behavior through the use of a substance or stimulus that the intervention implementer knows will cause physical trauma, emotional trauma, or both, to a student, even when the substance or stimulus appears to be pleasant or neutral to others.

Examples of aversive behavioral interventions include, but are not limited to:

- Hitting;
- Pinching;
- Slapping;
- Using a water spray;
- Using noxious fumes;
- Requiring extreme physical exercise;
- Using loud auditory stimulus;
- Withholding meals; and
- Denying reasonable access to toileting facilities.

"Behavioral intervention" means the implementation of a service, support, or strategy to teach and increase appropriate behavior or substantially decrease or eliminate behavior that is dangerous, inappropriate, or otherwise impedes the learning of a student.

"Behavior Intervention Plan" (BIP) means a written plan that:

- Is developed by a problem-solving and intervention team and delineates emotional, social, or behavioral goals for a student and the steps that the school, student, parent of the student, and others will take to positively support the progress of the student towards the student's emotional, social, or behavioral goals;
- Is comprised of practical and specific strategies to increase or reduce a defined behavior or one (1) or more patterns of behavior exhibited by a student; and
- Includes the following at a minimum:
 - A definition or description of the desired target behavior or outcome in specific measurable terms;
 - A plan for preventing and eliminating inappropriate student behavior by changing a condition that is triggering, motivating, underlying, or supporting that behavior as determined through a FBA;
 - A plan for teaching a student to demonstrate appropriate social, emotional, or behavioral self-management, or a new method to address or meet the student's needs;
 - A description of how a specific incentive or consequence will be used as needed to decrease or eliminate inappropriate student behavior and increase appropriate behavior;
 - A plan for managing a crisis situation;
 - A system to collect, analyze, and evaluate data about the student;
 - The school personnel, resources, and training needed before implementation of the BIP; and
 - The timeline for implementing different facets of an intervention, including without limitation when the intervention will be formally reviewed.

"Chemical restraint" means the use of a drug or medication to control the behavior of a student or restrict the free movement of the student; however, chemical restraint does not include the use of medication that is prescribed by a licensed physician, or other qualified health professional acting within the scope of the individual's professional authority under state law, for the standard treatment of a medical or psychiatric condition of a student and is administered as prescribed by the licensed physician or other qualified health professional acting within the scope of the individual's professional authority under state law.

"Crisis" means a situation in which a student engages in a behavior that threatens the health and safety of the student or others and includes without limitation a situation in which the student becomes aggressive or violent at school and is unable to regain self-control without posing a danger of injury to himself or herself or others.

"Crisis intervention" means the implementation of a service, support, or strategy to immediately stabilize a crisis and prevent the crisis from reoccurring after the crisis ends.

"Dangerous behavior" means the behavior of a student that presents an imminent danger of serious physical harm to the student or others; however, dangerous behavior does not include the following:

- Disrespect;
- Noncompliance;
- Insubordination; or
- Destruction of property that does not create an imminent danger.

"De-escalation" means the use of a behavior management technique that helps a student increase the student's control over the student's emotions and behavior and results in a reduction of a present or potential level of danger that in turn reduces the level of imminent danger of serious physical harm to the student or others.

"Emergency" means a serious and unexpected situation that requires immediate action and which may be dangerous.

"Functional Behavior Assessment" (FBA) means a problem analysis step that:

- Occurs within the context of data-based problem-solving and involves:
 - The review of existing records and other sources of information;
 - Diagnostic or historical interviews;
 - Structured academic or behavioral observations; and
 - Authentic, criterion-referenced, or norm-referenced tests; and
- Is performed with the goal of determining why a specific problem or situation is occurring in order to directly link a strategic intervention to an assessment and solve or resolve the specific problem or situation.

"Imminent danger" means an existing dangerous situation that could reasonably be expected to immediately cause death or serious physical harm.

"Mechanical restraint" means the use of a device or equipment to restrict the free movement of a student; however, mechanical restraint does not include a device that is used by trained school personnel or a student for a specific and approved therapeutic purpose or safety purpose for which the device was designed or prescribed or a vehicle safety restraint that is appropriately used in the manner for which it was designed during the transport of a student in a moving vehicle.

"Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back of a student for the purpose of redirecting or inducing the student to move to a safe location.

"Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arm, leg, or head freely; however, physical restraint does not include a physical escort.

"Positive behavioral support" means the application of behavior analysis that:

- Is used to achieve socially important behavior change;
- Occurs at the:
 - Prevention level for all students in a school;
 - Strategic intervention level for a student who is not responding, from a social-emotional and behavioral perspective, to the prevention level; and

- Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services; and
- Involves a planned and collaborative school-wide approach that is implemented with a goal:
 - Of establishing a positive and supportive school environment that:
 - Teaches and reinforces prosocial behavior in a student;
 - Holds a student positively accountable for meeting an established behavioral expectation; and
 - Maintains a level of consistency throughout the implementation process; and
 - That is accomplished by using positive behavioral programs, strategies, or approaches.

"Prone restraint" means restraining a student in a face-down position on the floor or another surface and applying physical pressure to the body of the student to keep the student in the prone position.

"Serious physical harm" means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

"Supine restraint" means the restraint of a student in a face-up position on the student's back on the floor or another surface and with physical pressure applied to the body of the student to keep the student in the supine position.

Positive Behavioral Supports

The District shall implement positive behavioral supports to be used at the:

1. Prevention level for each student in a school;
2. Strategic intervention level for a student who is not responding, from a social, emotional, or behavioral perspective, to the prevention level; and
3. Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services.

The District's positive behavioral support shall include:

1. The teaching and reinforcing of interpersonal, social, problem solving, conflict resolution, and coping skills to a student;
2. Holding a student positively accountable for meeting an established behavioral expectation;
3. Maintaining a high level of consistency through the implementation of the positive behavioral support process; and
4. The following interrelated activities:
 - a. Providing a school-wide approach to the discipline and safety of each student rather than an approach to only the behavior problem of a single student;
 - b. Focusing on preventing the development and occurrence of problem behavior;
 - c. Regularly reviewing behavior data to adapt the District's procedures to meet the needs of every student; and
 - d. Providing a multitiered approach to academic and behavioral services and support to meet the academic and behavioral achievement needs of each student.

The following principles shall form the basis of the District's positive behavioral support system and conflict resolution or de-escalation approach:

1. A student has the right to be treated with dignity;
2. A student should receive necessary academic, social, emotional, and behavioral support that is provided in a safe and least-restrictive environment possible;
3. Positive and appropriate academic, social, emotional, or behavioral intervention, as well as mental health support, should be provided routinely to each student who needs the intervention or support;
4. Behavioral intervention should emphasize prevention as part of the District's system of positive behavioral support; and
5. Each student who exhibits an ongoing behavior that interferes with the student's learning or the learning of others, and who is nonresponsive to effectively implemented classroom or administrative intervention, should receive additional intensive behavioral intervention that is based on a FBA and data-based problem solving.

Problem Solving and Intervention Team

A problem-solving and intervention team shall be established for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior. The problem-solving and intervention team shall include at least one (1) member who is an academic and behavioral assessment and intervention professional.

A student's problem-solving and intervention team shall:

- a. Work with the teachers of a student to complete a FBA of the student and an assessment of any problematic situations involving the student;
- b. Consider the need for a BIP with the goal of preventing or resolving the social, emotional, or behavioral difficulty of the student and developing a response that will de-escalate and stabilize a potential emergency situation that approaches the danger level; and
- c. Regularly review the data on incidents involving the use of physical restraint on the student and adjust, as necessary, the procedures concerning the use of physical restraint on the student.

Special education procedures shall be followed if a student is suspected of having a disability that relates to behavioral concerns.

Physical Restraint

Except in the case of a clearly unavoidable emergency situation in which a trained member of school personnel is not immediately available due to the unforeseeable nature of the emergency situation, the physical restraint of a student shall only be used by a member of school personnel who is appropriately trained to administer physical restraint.

When using physical restraint on a student, school personnel shall:

- use the least restrictive technique necessary to end imminent danger or serious physical harm to a student and others;
- Use the safest method available and appropriate to the situation;
- Consider the health and safety of a student, including without limitation whether the student has an existing medical condition that makes the use of physical restraint inadvisable;
- Not restrict the ability of a student to communicate unless the use of a less restrictive technique will not prevent imminent danger of serious physical harm to the student or others;
- Use only the amount of force that is reasonably necessary to protect a student or others from imminent danger of serious physical harm to the student or others;
- Not verbally abuse, ridicule, humiliate, taunt, or engage in any other similar action towards the student; and
- continuously and visually observe and monitor the student while the student is under physical restraint.

Physical restraint of a student shall only be used for a limited period of time and shall not be used:

- When imminent danger or serious physical harm to the student or others dissipates;
- If a medical condition occurs that puts the student at risk of harm;
- Unless the behavior of the student poses an imminent danger of serious physical harm to the student or others;
- After the threat of imminent danger of serious physical harm to the student or others dissipates; or

In the following manner:

- To punish or discipline the student;
- To coerce the student;
- To force the student to comply;
- To retaliate against the student;

- To replace the use of an appropriate educational or behavioral support;
- As a routine safety measure;
- As a planned behavioral intervention in response to behavior of the student that does not pose an imminent danger of serious physical harm to the student or others;
- As a convenience for school personnel; or
- To prevent property damage unless the act of damaging property committed by the student poses an imminent danger or serious physical harm to the student and others.

Even in an emergency, supine restraint shall not be used on a student except by a staff person who has been certified by a crisis intervention training program and the certified staff person determines that supine restraint is required to provide safety for the student and others.

At no time shall school personnel use the following on a student:

- Mechanical restraint;
- Chemical restraint;
- Aversive behavioral interventions that compromise health and safety;
- Physical restraint that is life-threatening or medically contraindicated; or
- Prone restraint or other restraint that restricts the breathing of a student.

Following the first incident of physical restraint used on a student, an FBA shall be conducted unless a previous FBA was conducted for the same behavior that was at issue when the physical restraint was used.

The use of physical restraint on a student as a planned behavioral intervention shall not be included in a student's IEP, 504 Plan, BIP, individual safety plan, or other individual planning document but may be considered as a crisis intervention if appropriate for the student. A student's IEP team or 504 Plan team shall consider whether an FBA should be performed; if a BIP should be developed for the student or if a student's existing BIP should be revised; and if additional behavioral goals and interventions should be included in the student's existing IEP or 504 Plan.

Parents may submit complaints regarding an incident involving the use of physical restraint on their student. A complaint shall be referred for review to the appropriate school personnel:

- The student's problem-solving and intervention team;
- The student's IEP team; or
- The student's 504 Plan team.

A complaint by a parent shall be handled by the appropriate District staff in the same manner as a debrief following the use of physical restraint on a student.¹

Use of a physical restraint technique that is abusive shall be reported to the Child Abuse Hotline and law enforcement.

Reports and Debriefing

After the occurrence of an incident involving physical restraint of a student, the building principal, or the principal's designee, shall be notified of the incident as soon as possible but by no later than the end of the school day when the incident occurred.

The student's parent shall be notified of the incident of the use of physical restraint via verbal or electronic communication as soon as possible but by no later than the end of the school day when the incident occurred. In the event the student's parent is unable to be notified via verbal or electronic communication within twenty-four (24) hours after the incident occurred, then the parent shall be mailed written notification of the incident within forty-eight (48) hours after the incident occurred.

school personnel involved in the incident shall document the incident in a written report, which is to be completed within twenty-four (24) hours after the incident occurred. The written report of the incident shall:

1. Include all information contained in the Division of Elementary and Secondary Education (DESE) Physical Restraint or Seclusion Incident Record and Debriefing Report;

3. Be provided to the student's parent within one (1) school day of the completion of the report.

A debriefing meeting shall be held within two (2) school days after the incident occurred. The following school personnel shall be present at the debriefing meeting:²

- a. A member of school personnel who was present during the incident;
- b. A member of school personnel who was in the proximity of the student on whom physical restraint was used immediately before and during the time of the incident;
- c. A school administrator; and
- d. Any other member of school personnel determined to be appropriate by the District.

The purpose of the debriefing meeting shall be to:

- Determine whether the procedures used during the incident were necessary;
- Evaluate the use of any behavioral supports and de-escalation techniques by school personnel before and during the incident;
- Evaluate the school district's positive behavioral supports system and prevention techniques in order to minimize future use of physical restraint; and
- If a trained member of school personnel was not immediately available due to the unforeseeable nature of the emergency situation when the incident occurred:
 - Reevaluate the training needs of school personnel;
 - Reevaluate the physical restraint policy and practices; and
 - Develop a plan to prevent a future incident.

At a debriefing meeting, school personnel shall:

1. Consider relevant information in the student's education record, including without limitation:
 - a. The concerns of the student's parent;
 - b. The student's social and medical history;
 - c. The student's FBA, if one exists; and
 - d. The student's BIP, if one exists;
2. Consider relevant information from the teachers, parents, and other District professionals;
3. Discuss whether positive behavior supports were appropriately implemented;
4. Discuss the duration and frequency of the use of physical restraint on the student;
5. Discuss appropriate action that may be taken to prevent and reduce the need for physical restraint;
6. Consider whether additional intervention and support is necessary for the student;
7. Consider whether additional intervention and support is necessary for school personnel; and
8. Consider how and when to debrief a person who was not present at the debriefing meeting, including without limitation:
 - a. The student;
 - b. The student's parent; and
 - c. Other school personnel or students who witnessed the incident.

DESE's Physical Restraint or Seclusion Incident Record and Debriefing Report, or an alternative report that includes the same information, shall be completed during the debriefing meeting. A copy of the report shall be:

- Submitted to the building principal;³
 - Mailed to the student's parent within two (2) days of the date on which the debriefing meeting was held; and
- Maintained as part of the student's education record along with other documents consulted during the

The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by ADE.

District created digital courses and any digital courses the district purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Policy 5.8—USE OF COPYRIGHTED MATERIALS as well as applicable statutory requirements.

The District shall require all outside providers to incorporate Policy 5.8 as a condition of the service contract. Failure of the outside provider to abide by Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach.

A student may elect to take courses digitally if approved by the high school principal. The student's attendance in his/her digital course(s) shall be determined by the online attendance and time the student is working on the course rather than the student's physical presence at school.

The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course.

Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's building principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's building principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.

DRESS CODE AND GROOMING

The Scranton Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

A student who comes to school inappropriately dressed will be asked to change into appropriate clothing before being allowed to continue into class. Any missed class time will be counted as a tardy and will be subject to rules governing tardies. Any class work missed during this time cannot be made up. The administration may, at its discretion, apply other forms of disciplinary action for repeated violations of the dress code.

All students are expected to come to school neat, clean and dressed in good taste. All clothing must provide modesty and decency and be designed so as not to detract from the dignity of the student, school or community. When dress and grooming disrupts the learning process or the learning climate of the school, it becomes a matter subject to disciplinary action.

Student dress, grooming and appearance should be the responsibility of the individual and his/her parents or guardians under the following guidelines:

1. Clothing advertising tobacco, alcohol, or drugs is not permitted.
2. Clothing containing sexually suggestive pictures or remarks is prohibited. No clothes with patches or lettering of a controversial or provocative nature.
3. Students will not wear mesh, see-through or midriff shirts. No low-cut attire (no cleavage), tank tops, bare back, or halter top shirts.
4. Undergarments will not be visible.
5. No boxer shorts worn as outer garments.

6. Shorts, short dresses, skirts, etc. are permitted if they are worn no shorter than mid- thigh. The entire hem of the garment must be at least mid-thigh length.
7. All form fitting clothing such as leggings, spandex or tights must be covered by appropriate dress.
8. The waistline of pants, jeans, shorts, etc. must be worn at waist level. No “sagging” allowed.
9. Hats, caps, visors, beanies, bandanas, toboggans, etc. and sunglasses are not allowed at school. Hoodies cannot be worn with the hoods up during the school day.
10. No un-hemmed cut-offs or dropped underarm shirts.
11. Hair must be maintained neat and clean at all times. Styles must not infringe upon the rights of others or pose a hazard to personal safety.
12. Shoes with rollers are not permitted unless the rollers have been removed.

The principal will make the final decision as to the appropriateness of the clothing. Certain school events and activities may require or allow dress that varies from the regular dress code. Appropriate dress will be determined by the staff and administration.

DROPPING AND ADDING COURSES

Students will be allowed to drop/add courses during the first week of each semester only, subject to the approval of the principal and counselor. Exceptions to this include class changes necessary to balance the required class size ratios. The principal and counselor may require the approval of the student’s parent or guardian before changes will be made, should they feel the course is in the best interest of the student to take. To drop a course, arrangements must be made to add a replacement course in its place, as everyone is expected to take six (6) or more full credits.

DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Scranton School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student’s ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, “designer drugs,” look-alike drugs, or any controlled substance.

The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.35—STUDENT MEDICATIONS.

The punishment for violations of this policy may be:

First Offense:

- Parents will be notified as soon as possible.

DRUG DOG USE

It is the desire of the Scranton School Board, administration, and staff to have a safe and drug free school environment. Therefore, the school board has approved the use of a drug dog to search for drugs in school. The primary purpose for using the dog is to serve as a deterrent against drugs being brought onto the school campuses. All school property and vehicles parked on school property are subject to being searched for drugs by use of a drug dog. A school official will accompany the handler during the sniffing search of lockers and automobiles. The sniff search will take place while students are in class so that students will not be exposed to the dog and the instructional program will not be disrupted.

EDUCATIONAL PHILOSOPHY

The Scranton School District assumes the responsibility of providing students attending its schools a high quality education that challenges each student to achieve to their maximum potential. The District shall endeavor to create an environment within the schools necessary to attain this goal. The creation of the necessary climate shall be based on the following core beliefs:

EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or

The Superintendent or his/her designee shall give written notice to the parents, persons having lawful control of the student, or persons standing in loco parentis legal guardians (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The President of the Board, Board Attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Except as permitted by policy 4.22, the Superintendent may recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted). Additionally, a student's participation in, and the District's operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's

provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

A student who enrolls in the district and meets the definition of "eligible child" in Policy 4.2— ENTRANCE REQUIREMENTS shall be eligible to tryout for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

Interscholastic Activities

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

ACADEMIC REQUIREMENTS: Junior High

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

ACADEMIC REQUIREMENTS: Senior High

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester.

STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules and regulations of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

The Scranton School District has had a long-standing policy of not doing a Supplemental Instruction Program. If our students do not meet the academic or grade point requirement—they simply are not allowed to play the next semester, and not until they have brought their academic situation back into compliance with AAA regulations.

EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone² as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite

for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course³ in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

- a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and
- b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

FOOD SERVICE PREPAYMENT

Meal Charges¹

The district does not provide credit for students to charge for meals, a la carte, or other food and beverage items available for purchase in the school food service areas. Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:²

- Submitting cash or check payment at The Scranton High School Office.

Unpaid Meal Access

In accordance with Arkansas law, the District allows students whose accounts do not have enough funds to purchase a meal to receive an unpaid reimbursable meal at no charge. The District will notify a student’s parents:

- the student’s prepaid account balance has dropped to the point that the student will begin receiving unpaid meals;
- Each time the student receives the first unpaid meal after money has been deposited into the student’s prepaid account; and
- After the student has received five (5) unpaid meals.

Students who have submitted proper documentation to receive a meal modification in accordance with Policy 4.50—SCHOOL MEAL MODIFICATIONS shall receive the same type of modification for an unpaid meal.

FOOD SERVICE PROGRAM

Believing there is a strong relationship between a sound diet and scholastic achievement, we encourage children to eat a well-balanced breakfast and lunch. The cafeteria will serve breakfast and a hot lunch daily. Students may bring a nutritious lunch and purchase milk, juice, or water (high school only for juice/water) each day. If your child is allergic to milk or has other diet related health problems, the school requires a note from a physician.

Prices of school lunches for the 2021-2022 school year are as follows:

Regular Lunch	\$2.00
Regular Breakfast	\$1.00
Reduced Lunch	\$0.40
Reduced Breakfast	\$0.30

Parents will be notified if prices change in the future.

Scranton School District participates in the government program for free and reduced meals. We send home with every student at the beginning of the school year an application for parents to fill out to apply/qualify for free and reduced meals. Please fill this form out and return to the school, regardless of your child eating in our lunch program or not. Our federal money used for student achievement is based on the number of free/reduced meal applications that are approved. It greatly benefits your child’s school to fill out this meal application form and return if you think you would

be eligible, regardless of how often the child will be eating in our lunchroom. This form is a family application, so only one form needs to be filled out for the entire family. If you have multiple children, only fill one form out and return. It is not necessary to send one back on each child. You must reapply every year for this program. Even if you were approved last year, the form must be filled out again and resubmitted this year. If you have a change in income in the middle of the school year, you can reapply mid-year to qualify. If you are approved for the program, your child will be able to eat breakfast and lunch at school for free or at a reduced price depending on your income. If you have any questions concerning your eligibility or the application process, feel free to contact the school office.

Parents are responsible for the full price of their child's meals until the meal application has been filled out and returned for approval. Once the application is approved and dated, the child's reduced or free meals will begin.

Juice, water, and extra milk are a la carte items offered in the lunchroom. Elementary students are not offered juice or water. Juice and water cost an extra \$1.00. An extra milk costs \$0.35. All students must pay full price for a la carte items. These items are not covered under the free/reduced lunch prices. All students pay full price for a la carte items in the lunchroom. There is no charging for a la carte items.

Charging meals is a privilege and should not occur on a regular basis. Please keep your lunch bill paid up and current. We suggest paying for a week in advance so your child's lunch account has money in it. Any student with excessive charges is encouraged to apply for free or reduced price meals.

The district offers a computerized accounting system to maintain student lunch accounts. You may put any amount into your child's lunch account and the proper amount will be deducted when your child gets a lunch or an a la carte item. With this system, we are able to pull up a record of when your child charged a lunch or a la carte to their account for a week at a time up to the previous month. This is very helpful when a parent is concerned why their child's bill is high or where the money is going. Lunch bills will be sent home with students weekly, and we appreciate your prompt attention to paying these bills.

FOREIGN EXCHANGE STUDENTS

Foreign exchange students are welcome at SHS. The school will require a transcript in English with courses designated in Carnegie units. In order to graduate and receive a diploma from SHS, a foreign exchange student must be in his/her final year of high school and meet SHS graduation requirements.

FUNDRAISING

All fundraising activities in the District or in the name of the District must be pre-approved in writing by the Superintendent and affected school principal. Fundraising projects should be those with a 50% profit or more. Fundraising that conflicts excessively with and/or detracts from student or teacher instructional tone in either the planning or the execution of the activity will not be approved.

Neither an individual school nor the District shall be liable for any contract between clubs or organizations and third parties.

Student participation in any fund raising activity shall:

- Be voluntary. Students who choose not to participate shall not forfeit any school privilege. It shall not be considered discriminatory to reward those who participate; and
- Not influence or affect the student's grade.

Fund raising in the secondary schools may only be done by officially sanctioned student clubs, spirit groups, school PTAs, or parent booster clubs. Student clubs and spirit groups must receive written approval from their sponsor and the school principal before submitting the fund raising proposal to the Superintendent.

Door to door fundraising activities are generally discouraged. If approved, students wishing to participate who are under the age of eighteen (18) must return to their sponsor a signed parental notification and permission form.

GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandana, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

GRADING

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help affect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

There are two nine weeks grading periods each semester. Each nine weeks' grade will count as two-fifths of a student's semester grade and the semester test will count as one-fifth of the student's grade.

The grading scale for all schools in the district shall be as follows.

A = 100 – 90

B = 89 – 80

C = 79 – 70

D = 69-60

F = 59 and below

Homework will be counted as 40% of the student's grade. Tests will be weighed as 60% of the student's grade.

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

The grade point values for Advanced Placement (AP), International Baccalaureate (IB), and approved honor courses shall be one point greater than for regular courses with the exception that an F shall still be worth 0 points.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had 40 days. A student transferred in with a grade of 83% earned in 10 days at the previous school. The student had a grade of 75% in our district's school earned in the remaining 30 days of the grading period. 10 days is 25% of 40 days while 30 days is 75% of 40 days. Thus the final grade would be $.25 (83) + .75 (75) = 77\%$.

GRADUATION CEREMONY

The Scranton School District provides a commencement exercise in honor of the graduating seniors. This ceremony is a formal celebration of the completion of a student's high school years. Participation in the ceremony is not required, but the decision to participate is an agreement to dress and behave in a manner appropriate for a formal ceremony. The following rules govern participation in the ceremony:

1. Only a student who has successfully completed or will complete all graduation requirements, paid fines, and has turned in books/materials, etc. before graduation will be eligible to participate.
2. A student must wear appropriate attire, including the purple cap and gown selected by the school. The mortarboard cap is to be worn pulled down on the forehead and parallel to the top of the head. Each boy should wear a tie, slacks, socks, and casual or dress shoes. Each girl should wear a dress with appropriate dress shoes. Tennis shoes, sandals, flip flops, combat boots or hunting boots, jeans, and shorts are not considered appropriate attire for this formal ceremony. No signs, protests, etc. will be permitted.
3. A student **MUST ATTEND** the practice session to be eligible to participate in the graduation ceremony, unless prior approval has been granted by the administration in an emergency situation.
4. Diplomas are presented by the school board president, unless another board member has been designated for a particular student beforehand.

A student who chooses not to participate in the ceremony may pick up his/her diploma in the principal's office the next day or at an agreed upon time.

GRADUATION REQUIREMENTS

To receive a diploma and be considered a graduate of Scranton High School, a student must complete twenty-five (25) units of credit in grades 9-12. Twenty-two of the credits must be academic courses and the courses that the state mandates for graduation. Scranton High School will give local credit for some courses above the required twenty-two

credits that the state mandates. Up to one year of PE is listed as an academic course and credit. Only one credit of PE and/or Athletics will be used in determining GPA and class rank.

HEALTH SERVICES

The Board believes that healthy children promote a better learning environment, are more capable of high student achievement, and will result in healthier, more productive adults. Therefore, the goal of the District's health services is to promote a healthy student body. This requires both the education of students concerning healthy behaviors, as well as providing health care services to pupils.

While the school nurse is under the supervision of the school principal, the delegation of health care duties shall be in accordance with the Arkansas Nurse Practice Act and the Arkansas State Board of Nursing Rules and Regulations Chapter Five: Delegation of Nursing Care.

HOMELESS STUDENTS

The Scranton School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child's or youth's education in the school of origin for the duration of homelessness:
 - In any case in which a family becomes homeless between academic years or during an academic year; and
 - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
2. Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

- A. Are:
 - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
 - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
 - Living in emergency or transitional shelters;
 - Abandoned in hospitals; or
- B. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- C. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- D. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

ASBA Reference 4.40

HOME SCHOOLING

3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to home school shall be delivered to the Superintendent through any of the following methods:

- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- g. A signature of the parent or legal guardian.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

A student who has been temporarily issued items, resources, supplies, materials, or other property belonging to the District is eligible for enrollment in a home school during the school year after:

- The items, resources, supplies, materials, or other property belonging to the District have been returned to the District;
- The items, resources, supplies, materials, or other property belonging to the District have been paid for; or
- The semester has ended.

The superintendent or the board of directors may waive the required five (5) school day waiting period for a student's enrollment in home school during a semester if the superintendent or the board of directors is satisfied with the return of temporarily issued items, resources, supplies, materials, or other District property.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and

- Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered by the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:²

- a. August 1 for Fall semester courses; or
- b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home school student shall:

- Indicate the course(s) the private school or home school student is interested in attending;
- If the course(s) the private school or home school student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home school student intends to attend the physical course or the digital course;

HOMEWORK – GRADES 7-12

Homework is a flexible and instructional responsibility for the individual teacher in our school system. Purposeful homework varies from one day with each pupil depending upon his or her instructional capacity, potential, and need. In elective courses in the secondary school, pupils in any class or subject should, in general, experience the same kind of assignments. The average student should not have to work more than an hour and one half (90 minutes) to complete all his or her daily homework outside of the classroom. Whenever home work exists in our school system, it should supplement, complement, and reinforce classroom teaching and learning. Parents shall be notified of this policy at the beginning of each school year.

ASBA Reference 5.14

HONOR GRADUATES

Honor graduates will be selected on the following basis: A group of honor graduates, consisting of all students with a cumulative grade point average of 3.35 or above (based on the 4.0 scale) will be selected during the final weeks of the second semester of the senior year.

These honor graduates will be selected on the basis of the grade point average attained rather than upon a competitive system among the class of one or two honors. To make the calculations the entire school records (grades 9-12) will be used through and including the first nine weeks of the second semester of the senior year at which time the grades of

those involved will be frozen. Marks and quality points determined from the transcripts of students who have attended any other school during any part of their freshmen and sophomore years, when properly adjusted to the Scranton system, as approved by the superintendent, will be used to determine the eligibility of any transfer student for honors.

Those students in grades 9-12 who have transferred into Scranton High School will be placed according to the number of appropriate credits previously acquired as outlined in the student handbook. State approved advanced placement courses taken by students transferring into Scranton High School will be honored. Rank in class and grade point average will be determined ONLY by credits earned while attending an accredited high school. Any student transferring into Scranton High School after the freshman (9th grade) year will not be considered a candidate for the distinction of Valedictorian or Salutatorian. A student must attend an accredited public or private school for a minimum of six (6) semesters to be considered an honor graduate. Summer school may not be substituted for a regular semester. A student must meet all graduation and attendance requirements of the Scranton School District to receive a diploma.

Beginning with the sophomore class of 2013-2014, the following criteria will be used to designate Honors and High Honors Graduates.

Honor Graduate

To be designated as an Honor Graduate, a student must successfully complete the Smart Core Curriculum, maintain a cumulative GPA of 3.50 or above and successfully complete six (6) semesters from Advanced Placement or concurrent credit courses. Students must take the entire Advanced Placement course and the Advanced Placement exam.

Concurrent credit courses taken off-campus of Scranton High School may be counted towards Honors credit with prior approval from the principal. These courses must be 3 credit hours or above to be eligible for consideration.

High Honors Graduate

To be designated as a High Honors Graduate, a student must successfully complete the Smart Core Curriculum, maintain a cumulative GPA of 3.80 or above and successfully complete eight (8) semesters from Advanced Placement or concurrent credit courses. Students must take the entire Advanced Placement course and the Advanced Placement exam. Concurrent credit courses taken off-campus of Scranton High School may be counted towards Honors credit with prior approval from the principal. These courses must be 3 credit hours or above to be eligible for consideration.

Highest Honors Graduate

To be designated as a Highest Honors Graduate, a student must successfully complete the Smart Core Curriculum, maintain a cumulative GPA of 4.00 or above and successfully complete eight (8) semesters from Advanced Placement or concurrent credit courses. Students must take the entire Advanced Placement course and the Advanced Placement exam. Concurrent credit courses taken off-campus of Scranton High School may be counted towards Honors credit with prior approval from the principal. These courses must be 3 credit hours or above to be eligible for consideration.

Of the students who are designated Highest Honors Graduate or High Honors Graduate, the three (3) students with the highest GPA will prepare a speech to be given at graduation. GPA will be rounded to the nearest hundredth of a point.

HONOR ROLL

At the end of each nine week grading period, the Scranton High School Honor Roll is released from the principal's office. Recognition of those people making the honor roll is made through the area newspaper and at the Academic Awards Banquet at the end of the school year. The lone requirement for a person to gain recognition on the Honor Roll is that he/she has no grade lower than a "B". This includes the grades from both academic and activity type courses. There is the all "A" Honor Roll and the "B" or better Honor Roll.

IMMUNIZATIONS

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serologic testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

- A. Licensed physician;
- B. Health department;
- C. Military service; or
- D. Official record from another educational institution in Arkansas.
- E. An immunization record printed off of the statewide immunization registry with the Official Seal of the State of Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating "up-to-date", "complete", "adequate", and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;

- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student's next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

The District will maintain a report that provides the number of students who have been granted an exemption from the requirement to obtain vaccinations, the percentage of students who have such an exemption. This report will be updated by December 1 of each year and will be posted and available to the public online. The report shall include the herd immunity threshold for each disease which means the percentage of coverage needed in a community population in order to prevent a disease from persisting in the community population.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion from School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be no fewer than excluded for twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.²

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization; and
- The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. 1. The student's illness or when attendance could jeopardize the health of other students.

PARENT INVOLVEMENT POLICY

In accordance with Act 603 of 2003, the Scranton School District has established a Parent Involvement Plan. The district recognizes that a child's education is a responsibility shared by the school and family. The goal of the school is to educate all students effectively. The school and the parents must work together as knowledgeable partners. The district recognizes that parents are an integral component of a school's ability to provide for the educational success of their children. The high school and the elementary school plans include programs and practices that enhance parental involvement and reflect specific needs of students and their families. The district has purchased materials for parent centers at both school building levels and establishing Parental Involvement Committees and an active volunteer program to staff these parent centers. There will be different nights throughout the school year for parents to attend activities such as Open Houses, Parent Teacher Conferences, Math Nights, and Literacy Nights. PARENT/TEACHER COMMUNICATION

The district recognizes the importance of communication between teachers and parents/legal guardians. To help promote positive communication, parent/teacher conferences shall be held once each semester. PHYSICAL EXAMINATIONS OR SCREENINGS

The district conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

PRIVACY OF STUDENTS' RECORDS/DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty-five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall

maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information ("PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Scranton School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance,⁴⁵ his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user,

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco shall be kept informed concerning the progress of their

student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

RELIGION IN THE SCHOOLS

The First Amendment of the Constitution states that "Congress shall make no law respecting the establishment of religion, or prohibiting the free exercise thereof..." As the Supreme Court has stated (*Abington School District v. Schempp*, 374 U.S. 203) the Amendment thus, "embraces two concepts—freedom to believe and freedom to act. The first is absolute but, in the nature of things, the second cannot be." Therefore, it is the Board's policy that the school system, as an agency of the government, shall be neutral in matters regarding religion and will not engage in any activity that either advocates or disparages religion. The District shall assume no role or responsibility for the religious training of any student.

The need for neutrality does not diminish our school system's educational responsibility to address the historical role of religion in the development of our culture. Since we live in a diverse society, the District's goal shall be to address the subject of religion objectively in such a way that it promotes an understanding of, and tolerance for, each other's religious or non-religious views.

Discussions concerning religious concepts, practices, or disciplines are permissible when presented in a secular context in their relation to an inclusive study of religion or to the study of a particular region or country. The discussions shall be so that they are objective and academically informational and do not advocate any particular form of religious practice.

Instructional activities in the schools that are contrary to a pupil's religious beliefs or teachings shall be optional.

The teacher in charge of each classroom may, at the opening of school each day, conduct a brief period of silence with the participation of all students in the classroom who desire to participate.

Students and employees may engage in personal religious practices, such as prayer, at any time, and shall do so in a manner and at a time so that the educational process is not disrupted.

REMEDATION AND ACADEMIC IMPROVEMENT PLAN (AIP)

In accordance with Act 35 of the 2nd Extraordinary Session of 2003, students in grades kindergarten through twelfth grade (K-12) who do not demonstrate proficiency or above on the Arkansas Comprehensive Assessment Program exams, including those who are not present for testing, shall participate in an intense remediation program. The building principal and the director of instruction will determine the length and type of remediation. Any student failing to achieve at the proficient level on the State mandated exams shall be evaluated by school personnel, who shall develop an Academic Improvement Plan (AIP) to assist the student in achieving the expected standard in subject area/s the student was not proficient in. The AIP shall describe the deficiencies and strategies that will be used in the remediation

process and the consequences for the student's failure to participate in the plan. Parents will participate and be involved in the student's AIP and sign and be provided a copy of the student's AIP.

Participation in the testing and remediation program is MANDATORY. Beginning in the 2005-2006 school year students in grades one through eight identified for an AIP who do not participate in the remediation program shall be retained. Beginning in the 2005-2006 school year, students not proficient on the End-Of-Course Exams or on the Grade 11 Literacy test shall participate in a remediation program to receive credit for the corresponding course.

RESIDENCE REQUIREMENTS

Definitions:

"Reside" means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

"Resident" means a student whose parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside in the school district.

"Residential address" means the physical location where the student's parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty-one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward resides outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

ROUTINE STUDENT REGULATIONS

Any well organized school has certain regulations which experience has taught are necessary for the efficient work, safety, and convenience of all who must live and work in the school community. The following is a list of routine regulations which have proven to be very helpful in the smooth coordination of a good school program.

Every student is required to have a textbook, in any course where textbooks are required, along with a pencil, pen, and paper.

1. Running to the cafeteria and going ahead in the lunch line is prohibited.
2. Students must pay reasonable charges for damage to school property.
3. Lost and found articles should be returned to the office. The school is not responsible for lost articles but will assist in trying to locate them.
4. Students who are absent from school should pick up their admit-to-class slips immediately upon their return to school at the beginning of the school day ONLY. Any student without an admit slip will be recorded as having an UNEXCUSED absence. Students will be given one extra day to then bring an admit slip. After that, their absence will be considered as unexcused. Any work missed will not be accepted or graded.
5. Walkman stereos and portable radios/stereos/CD players and electronic games are prohibited during the school day. Such items should be left at home.

SCHOOL ACHIEVEMENT AWARDS

Senior Awards

Outstanding Male and Female Awards—At the end of each school year, an outstanding senior boy and girl are chosen by the faculty. The faculty will make these selections by secret ballot. The award consists of an engraved plaque presented at the Commencement Exercises.

Departmental Awards—The faculty members of the various departments of the school select the senior student who has exhibited the most outstanding work in a particular department. In order to receive such an award, a student must have completed a major in this field. The awards are also presented at the Commencement Exercises by the high school principal.

General School Awards

Student of the Nine Weeks—Each nine weeks one student from each grade 7-12 will be selected by the faculty as “Student of the Nine Weeks”. These students are nominated by the faculty on the basis of their citizenship for that nine weeks and are given special recognition in the local newspaper. The Student of the Nine Weeks honorees automatically become eligible for the “Student of the Year” award. They are awarded a special certificate in the final assembly.

Subject Awards—An outstanding student is chosen from each class section by the teacher upon the completion of the school year and is presented with an award in the Special Awards Assembly on the final day of school. The selection of the individual is left to the particular teacher of the class. The determining factor is the total contribution to the class with citizenship and attitude being factors of consideration. These awards are presented to all classes from grades seven through twelve.

Perfect Attendance Awards — One of the most overlooked awards and yet one that is most difficult to obtain is the award for perfect attendance. Like all school-wide awards, the presentation of this award is made at the final assembly of the year. As it is evident, the requirement for this award is that the student must be present every day of the school year for every class.

SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan¹ that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE).² As a result of the desegregation order/desegregation plan¹, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption.³ The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.⁴

Definition

"Sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by ADE to this district and the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked, emailed or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office.⁷ Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked, emailed or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

No earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy; who chooses to return to his/her resident district; or who enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by both the resident and nonresident districts, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district or classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers into or Within the District

For the purposes of this section of the policy, a "lack of capacity" is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District¹⁰ or from the student's resident district into the District if:

- Either:
 - The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
 - The student's assigned school has a rating of "F"; and
 - The student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer by no earlier than January 1 and no later than May 1 of the school year before the school year the student intends to transfer to both the sending and receiving school districts.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student's application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Except for those students who are applying to transfer within the time permitted due to the student's parent or guardians' military service or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student's resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer due to the student's parent or guardian's military service or seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student's application. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

1. A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or
2. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school within the District that is nearest to the student's legal residence that does not have a rating of "F"; or
3. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school that does not have a rating of "F" within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

SCHOOL CLOSINGS (INCLEMENT WEATHER)

During times of inclement weather, the school will notify the area radio stations such as KXIO 106.9 in Clarksville and the TV stations such as Channel 5, Channel 40/29, Channel 24/51, all of Fort Smith, and Channel 7 of Little Rock. There may be occasions when we will run buses 1 or 2 hours late, and in some cases we may not be able to travel down all roads. Bus drivers each year should tell their riders the snow route for their bus, if any, should some roads be impassable. The media will be called as early as possible. Since some school officials, teachers, etc., receive their information from the media, calling school personnel will not be helpful. The superintendent, principal, or transportation director will contact the media. Their phone lines need to remain open to contact the media, not your calls. On early dismissals, the media

will be called one and one-half or more hours before school is dismissed, when possible, so you can make arrangement to have your child picked up or someone present at your home for his/her arrival from school.

SCHOOL COLORS AND EMBLEM

The colors of Scranton High School are purple and gold. The Rocket is the mascot and emblem used for the athletic teams and the yearbook, and the design used on class rings, pins, invitations, and other school insignia.

SCHOOL HOLIDAYS

School holidays are normally scheduled for Labor Day, Thanksgiving, Christmas, President's Day, Good Friday, and Spring Break. A parent/guardian or student planning activities during a school holiday needs to be sure the student is present when school resumes following holidays. Allowance will not be made for a student who misses school due to extended holidays. A parent/guardian or student planning activities for spring break and the end of the school year should remember that inclement weather may result in the changing of these dates.

SCHOOL INSURANCE

The Scranton School District offers a group insurance policy, which is available to each student at a nominal cost. A student interested in purchasing this insurance may do so through the principal's office at the beginning of school.

SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

Physicians, including those licensed by:

- The Arkansas State Medical Board;
- The Arkansas State Board of Chiropractic Examiners (Chiropractors);
- The Arkansas Board of Podiatric Medicine (Podiatrists);

Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);

Physician Assistants (PAs who work in collaborative practice with a physician); and

Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy are dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State law requires that department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of the Arkansas State Police, may interview students without a court order for the purpose of investigating child abuse. In instances where the interviewers deem it necessary, they may exercise a "72 hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court order with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement

personnel or a state' social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after hour's telephone number.

SELECTION/INSPECTION OF INSTRUCTIONAL MATERIALS

The use of instructional materials beyond those approved as part of the curriculum/textbook program must be compatible with school and district policies. If there is uncertainty concerning the appropriateness of supplemental materials, the personnel desiring to use the materials shall get approval from the school principal prior to putting the materials into use.

All instructional materials used as part of the educational curriculum of a student shall be available for inspection by the parents or guardians of the student. For the purposes of this policy, instructional materials is defined as instructional content provided to the student regardless of its format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats. The term does not include academic tests or academic assessments.

Parents or guardians wishing to inspect instructional materials used as part of the educational curriculum for their child may schedule an appointment with the student's teacher at a mutually agreeable time. Parents/guardians wishing to challenge the appropriateness of any instructional materials shall follow the procedures outlined in Policy 5.6—

CHALLENGE OF INSTRUCTIONAL/SUPPLEMENTAL MATERIALS.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

Challenge of Instructional/Supplemental Materials

Instructional and supplemental materials are selected for their compatibility with the District's educational program and their ability to help fulfill the District's educational goals and objectives. Individuals wishing to challenge or express concerns about instructional or supplemental materials may do so by filling out a Challenge to Instructional Material form available in the school's office.

The contesting individual may present a copy of the form to the principal and request a conference be held at a time of mutual convenience. Prior to the conference, the principal shall consult with the teacher regarding the contested material. In the conference, the principal shall explain to the contesting individual the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.

Following the conclusion of the meeting, the principal shall have five (5) working days to submit a summary of the concerns expressed by the individual and the principal's response to those concerns to the Superintendent.

If the contesting individual is not satisfied with the principal's response, the individual may, after the five (5) working day period, request a meeting with the Superintendent where the individual shall present the same Challenge to Instructional Material form previously presented to the principal. The Superintendent shall explain to the contesting individual the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.

Following the conclusion of the meeting, the Superintendent shall have five (5) working days to write a summary of the concerns expressed by the individual and the Superintendent's response to those concerns. The Superintendent shall create a file of his/her response along with a copy of the principal's response and a copy of the contesting individual's Challenge to Instructional Material form.

If, after meeting with the Superintendent, the contesting individual is not satisfied with the Superintendent's response regarding the appropriateness of the instructional or supplemental material, he/she may appeal the Superintendent's decision to the Board. The Superintendent shall present the contesting individual's Challenge to Instructional Material form to the Board at the next regularly scheduled meeting along with the written responses to the challenge. The Board may elect, if it so chooses, to hear brief verbal presentations from the parties involved in the challenge.

The Board shall decide at that meeting or their next regularly scheduled meeting whether to retain the material, limit the availability of the material, or remove the material from the school. The Board's primary consideration in reaching its decision shall be the appropriateness of the material for its intended educational use.

SELECTION OF LIBRARY/MEDIA CENTER MATERIALS

The ultimate authority for the selection and retention of materials for the schools' media centers rests with the Board of Education which shall serve as a final arbiter in resolving a challenge to any media center materials. Licensed media center personnel shall make the initial selections in consultation with school and district licensed staff. Materials selected shall be in accordance with the guidelines of this policy.

The purpose of the schools' libraries/media centers is to supplement and enrich the curriculum and instruction offered by the District. Promoting the dialogue characteristic of a healthy democracy necessitates the maintenance of a broad range of materials and information representing varied points of view on current and historical issues. In the selection of the materials and resources to be available in each library/media center consideration will be given to their age appropriateness. Materials should be available to challenge the different interests, learning styles, and reading levels of the school's students and that will help them attain the District's educational goals.

Selection Criteria

The criteria used in the selection of media center materials shall be that the materials:

1. Support and enhance the curricular and educational goals of the district;
2. Are appropriate for the ages, learning styles, interests, and maturity of the schools' students, or parents in the case of parenting literature;
3. Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
4. Help develop critical thinking skills;
5. Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
6. Have literary merit as perceived by the educational community; and
7. Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.

Retention and Continuous Evaluation

Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center's collection to the school's curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection and disposed of. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts

Gifts to the media centers shall be evaluated to determine their appropriateness before they are placed in any media center. The evaluation shall use the same criteria as for all other materials considered for inclusion in the media centers. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the media specialist. The media centers shall have a list of desired items to give to prospective donors to aid them in their selection of materials to donate.

Challenges

The parent of a student affected by a media selection, a District employee, or any other resident of the district may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy. The challenged material shall remain available throughout the challenge process.

Before any formal challenge can be filed, the individual contesting (hereinafter complainant) the appropriateness of the specified item shall request a conference through the principal's office with a licensed media center employee. The complainant shall be given a copy of this policy and the Request for Formal Reconsideration Form prior to the conference. The meeting shall take place at the earliest possible time of mutual convenience, but in no case later than five (5) working days from the date of the request unless it is by the choice of the complainant.

In the meeting, the media specialist shall explain the selection criteria and how the challenged material fits the criteria. The complainant shall explain his/her reasons for objecting to the selected material. If, at the completion of the meeting, the complainant wishes to make a formal challenge to the selected material, he/she may do so by completing the Request for Formal Reconsideration Form and submitting it to the principal's office.

To review the contested media, the principal shall select a committee of five (5) or seven (7) licensed personnel consisting of the principal as chair and at least one media specialist. The remaining committee members shall be personnel with curriculum knowledge appropriate for the material being contested and representative of diverse viewpoints. The task of the committee shall be to determine if the challenged material meets the criteria of selection. No material shall be withdrawn solely for the viewpoints expressed within it and shall be reviewed in its entirety and not selected portions taken out of context.

The principal shall convene a meeting after a reasonable time for the committee members to adequately review the contested material and the Request for Formal Reconsideration Form submitted by the complainant. The complainant shall be allowed to present the complaint to the committee after which time the committee shall meet privately to discuss the material. The committee shall vote by secret ballot to determine whether the contested material shall be removed from the media center's collection. A member from the voting majority shall write a summary of the reasons for their decision. A notice of the committee's decision and the summary shall be given (by hand or certified mail) to the complainant.

If the decision is to not remove the material, the complainant may appeal the committee's decision to the district Board of Directors by filing a written appeal to the Superintendent within 5 working days of the committee's decision or of written receipt of the decision. The Superintendent shall present the original complaint and the committee's decision along with the summary of its reasons for its position plus a recommendation of the administration, if so desired, to the Board within 15 days of the committee's decision. The Board shall review the material submitted to them by the Superintendent and make a decision within thirty (30) days of receipt of the information. The Board's decision is final.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2022, 2023, 2024, AND 2025

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent records. This policy is to be included in student handbooks for grades 6 through 12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or Alternate Pathway to Graduation IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:-

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transitions Act of 2021 for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education (DESE), the district requires an additional three (3) units to graduate for a total of 25 units. The additional required units may be taken from any electives offered by the district. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Students are not eligible to graduate before their senior year unless extenuating circumstances exist and approval from the Administration has been granted.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format.⁷ In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

SPECIAL EDUCATION

In accordance with the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and Arkansas Statutes, the district shall provide a free appropriate public education and necessary related services to all children with disabilities who reside:

- Within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to, a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. The District shall incorporate the District's implementation of positive behavioral supports in accordance with Policy 4.60 in the application of student discipline.

The District's personnel policy committees shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Scranton School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Definitions

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Education program or activity" includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in sexual conduct;² or
 - b. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;²
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
 - c. Constitutes:
 - d. Sexual assault;
 - e. Dating violence
 - f. Domestic violence; or
 - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person’s alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to any District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- ☐ Discuss the availability of supportive measures;
- ☐ Consider the complainant's wishes with respect to supportive measures;
- ☐ Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- ☐ explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- o Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- o Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - The identities of the parties involved in the incident, if known;
 - The conduct allegedly constituting sexual harassment; and
 - The date and location of the alleged incident, if known;
- o A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- o That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- o That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- o That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation; this includes evidence:
 - ☐ Whether obtained from a party or other source;
 - ☐ The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - ☐ That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)3 days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)3 days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- o Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- o Provide each party with the answers;
- o Allow for additional, limited follow-up questions from each party; and
- o Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;

2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence, and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- o The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- o The respondent is no longer enrolled at the District; or
- o Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- ☐ individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- ☐ Submit a report to the child maltreatment hotline;
- ☐ Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- ☐ The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal⁶

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - o The basis for the District's conclusion that its response was not deliberately indifferent; and
 - o Document:
 - ☐ If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - ☐ If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

STUDENT TRANSFERS

The Scranton School District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the regularly monthly scheduled board meetings.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

STUDENT VEHICLES

A student who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal. Students are not permitted to loiter in parking areas and are not to return to their vehicles for any reason unless given permission to do so by school personnel. It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle. Students MUST purchase a parking permit from the high school office.

STUDENT VISITORS

Parents, grandparents, legal guardians, business, and community members are welcome and encouraged to visit District schools. To minimize the potential for disruption of the learning environment, visitors, for a purpose other than to attend an activity open to the general public, are required to first report to the school's main office. No one shall be exempt from this requirement. Visitors who are Level 3 or Level 4 sex offenders may only enter a school campus under the provisions listed in Policy 6.10.

Parents and legal guardians are encouraged to participate in regularly scheduled visitation events such as school open houses and parent/teacher conferences. Additional conferences are best when scheduled in advance. Conferences shall be scheduled at a time and place to accommodate those participating in the conference. Visits to individual classrooms during class time are permitted on a limited basis with the principal's prior approval and the teacher's knowledge.

Parents wishing to speak to their children during the school day shall register first with the office.

The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave voluntarily.

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.¹

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.²

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.³

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.⁴

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:⁵

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act of 2004;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child’s school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child’s transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student’s behavior:

- d. Poses a physical risk to himself or herself or to others;
- e. Causes a serious disruption that cannot be addressed through other means; or
- f. Is the act of bringing a firearm on school campus?

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

- a. the student shall be given written notice or advised orally of the charges against him/her;
- b. if the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
- c. if the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practical.

It is the responsibility of a student's parents', legal guardians', person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:²

- A primary call number;
 - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.³

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.³

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

SUSPENSION: IN-SCHOOL

The program will serve those students in grades 2-12 whom through their behavior violate school policy, and/or exhibit tendencies that could lead to suspension from school, or in extreme cases expulsion because of disregard to school policy. The respective school administrators will assign students to ISS. Students may be assigned to ISS from one to ten school days. Extra days may be assigned by the ISS teacher for failure to abide by ISS guidelines. When a student is assigned to ISS a school administrator will inform the student's parent of their child's ISS assignment.

During the period of their suspension, students serving in-school suspension shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities. The student must attend a full day of regular classes following the suspension before he or she is eligible to participate in any school sponsored activity.

The goal of “in-school-suspension” is to provide a supervised setting in which a student who has proven to behave unacceptably in the regular classroom, including those who would ordinarily be suspended from school, has the opportunity to keep up his/her assignments for credit and maintain his/her attendance.

Placement of a student will be based on disciplinary infractions not associated with a handicapping condition. Behavioral problems leading to the placement shall include, but are not limited to, disruptive behavior that interferes with the educational process, behavior that threatens the general welfare of others and recurring incidents that are of disruptive or insubordinate nature while the student is under the jurisdiction of the school.

In School Suspension Student Guidelines

1. Students must report to ISS room in the Fine Arts Building.
2. The student will courteously and immediately obey the direct reasonable requests of school employees.
3. There will be no communication between students in the ISS room, unless permission is granted.
4. All ISS students will have lunch at the same time. Each student will have the choice of eating in the cafeteria or bringing his/her own lunch, but all will eat together.
5. There will be no food, gum, or drink allowed in ISS.
6. The student will be responsible for bringing all needed materials to complete assignments.
 - a. The student will complete all assignments received from his/her respective teachers or the ISS instructor. All questions are to be copied and answered. All page numbers will be placed in the right hand corner of the paper.
 - b. The student will receive an assignment sheet per day from each teacher. Completed assignments will be stapled to his sheet and returned to the respective teacher each day.
 - c. When daily assignments are completed, other class work will be assigned by the ISS instructor.
 - d. When a test is scheduled, the student will leave his/her study carrel and move to a table near the ISS instructor.
7. The grading scale for assignments and tests given in ISS will be the same as the scale used in the regular classroom. The student will not be given grade penalties or counted absent in the regular classroom.
8. The following rules are for study carrel use:
 - a. The student will raise his/her hand if assistance is needed and not turn around in the chair.
 - b. The student will face forward at all times and not turn around to see who is entering or leaving the classroom.
 - c. The student will sit upright in the chair and exhibit good posture at all times.
 - d. The student will keep the chair legs on the floor.
 - e. The student will keep shoes on and feet on the floor.
 - f. The student will not be allowed to sleep.

VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the

board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

VIRTUAL HIGH SCHOOL

Arkansas Virtual High School is a program funded by the Arkansas Department of Education. The purpose of the Arkansas Virtual High School is to provide an online alternative learning environment for the students of Arkansas public schools who need assistance in completing coursework that is difficult to receive due to factors such as schedule conflicts, homebound due to extenuating circumstances, and other factors that might impede a student's progress through grades 9 through 12. Permission of the principal and counselor is required to enroll in an AVHS class. It is the student's responsibility to complete the class.

VOCATIONAL COURSES

Courses can be taken at Arkansas Tech-Ozark campus, Western Arkansas Technical Center in Fort Smith, or the Vocational Center at Russellville. Such courses as building trades, auto mechanics, auto body, medical technology, and other courses are available. At present, transportation must be provided by the student, and the student and parent must sign an agreement with the school concerning attending these vocational classes. Some of these classes are offered during the afternoon and some in the mornings. The student must attend the local school district for either morning or afternoon classes, and his/her schedule must work out where he/she can take the necessary credits he/she needs from Scranton High School before attending a vocational center. You must be a junior or senior to attend a vocational center.

VOLUNTEERS

Enlisting the support of volunteers is a way in which the District can expand the scope of resources and knowledge available to enrich the student's educational experiences, while strengthening the relationship between the school and

the community. Volunteers can also perform non-instructional tasks that allow certified personnel more time to devote to instruction.

The Superintendent and principals shall be responsible for establishing and maintaining a program to coordinate the services volunteers are willing and able to contribute with the needs of District personnel. The program shall establish guidelines to ensure volunteers are aware of pertinent District policies and rules. Volunteers who violate school policies or rules or knowingly allow students to violate school rules may be asked to leave the school campus. The guidelines should also include provision for evaluation of the volunteers program and a method for soliciting suggestions from both the volunteers and staff for its improvement.

The guidelines are available from each building principal.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If, a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

WELLNESS POLICY

The health and physical well-being of our students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the board of directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The board is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Arkansas Department of Education (ADE), but with the community and its residents, organizations and agencies. Therefore, the district shall enlist the support of the larger community to find solutions which improve the health and physical activity of our students.

Goals

In its efforts to improve the school nutrition environment, promote student health, and reduce childhood obesity, the district will adhere to the ADE Rules Governing Nutrition and Physical Activity Standards And Body Mass Index For Age

Assessment Protocols. To promote nutrition, physical activity, and other school based activities that will improve student wellness, the District has established the following goals.

1. Appoint a district school health coordinator (designated district official) who shall be responsible for ensuring that each school fulfills the requirements of this policy;
2. Implement a grade appropriate nutrition education program that will develop an awareness of and appreciation for nutrition and physical activity throughout the curriculum;
3. Enforce existing physical education requirements and engage students in healthy levels of vigorous physical activity;
4. Strive to improve the quality of physical education curricula and increase the training of physical education teachers;
5. Follow the Arkansas Physical Education and Health Education Frameworks in grades K-12;
6. Not use food or beverages as rewards for academic, classroom, or sports performances;
7. Ensure that drinking water is available without charge to all students;
8. Establish class schedules, and bus routes that don't directly or indirectly restrict meal access;
9. Provide students with ample time to eat their meals in pleasant cafeteria and dining areas;
10. Establish no more than nine (9) school wide events that permit exceptions to the food and beverage limitations established by Rule. The schedule of the events shall be by school, approved by the principal, and shall be part of the annual school calendar;
11. Abide by the current allowable food and beverage portion standards;
12. Meet or exceed the more stringent of Arkansas' or the U.S. Department of Agriculture's Nutrition Standards for reimbursable meals and a la' carte foods served in the cafeteria;
13. Restrict access to competitive foods, as required by law and Rule;
14. Conform new and/or renewed vending contracts to the content restrictions contained in the Rules and reduce district dependence on profits from the sale of competitive foods.
15. Provide professional development to all district staff on the topics of nutrition and/or physical activity;
16. Utilize the School Health Index available from the Center for Disease Control (CDC) to assess how well the district is doing at implementing this wellness policy and at promoting a healthy environment for its students;

Advisory Committee

To enhance the district's efforts to improve the health of our students, a School Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. It shall be structured in a way that ensures age-appropriate recommendations are made that correlate to our district's grade configurations. The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule. The overarching goal of the committee shall be to promote student wellness by monitoring how well the district is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, and 8 of the CDC's School Health Index as a basis for annually assessing each school's progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in each school's ACSIP, provided to each school's principal, and reported to the board.

Members of the District's Board of Directors, school administrators, school nutrition personnel, teacher organizations, parents, students, professional groups (such as nurses), and community members shall be included in the development, implementation, and periodic review of the District's wellness policy to the extent interested persons from each group desire to be included.

The SNPAAC shall provide recommendations to the school district concerning menus and other foods sold in the school cafeteria. Such recommendations shall be based, at least in part, on the information the Committee receives from the District on the requirements and standards of the National School Lunch Program and from menus for the National School Lunch Program and other food sold in the school cafeteria on a quarterly basis.

The District will work with the SNPAAC to:

- A. Encourage participation in extracurricular programs that support physical activity, such as walk-to-school programs, biking clubs, after-school walking etc.;

- B. Encourage the implementation of developmentally appropriate physical activity in after-school childcare programs for participating children;
- C. Promote the reduction of time youth spend engaged in sedentary activities such as watching television and playing video games; and
- D. Encourage the development of and participation in family-oriented community-based physical activity programs.

The District shall periodically assess, with input from the SNPACC, the District and individual schools' status regarding implementing this policy. The assessment shall be based, at least in part, on:

- the extent to which District schools are in compliance with this policy;
- the extent to which this policy compares to other model local school wellness policies; and
- a description of the progress made in attaining the goals of this policy.

The assessment results along with the content of this policy shall be periodically reported to the public, including parents, students, and other members of the community.

Scranton High School Chromebook Handbook 2019-2020

Procedures and Information for Students and Parents

The purpose of the Chromebook Program in the Scranton School District is to prepare students for their futures in a world of digital technology and information. Excellence in education requires that technology be seamlessly integrated throughout the educational program. The use of Chromebooks is a way to empower students to learn at their full potential and prepare them for the real world of college and the workplace.

In furtherance of this goal, Scranton School District is supplying all high school students with a Chromebook personal computing device. The Chromebook will allow student access to educational applications, web-based tools and many other useful sites. The Chromebook is an educational tool not intended for gaming, social networking or high-end computing, and all users will be expected to follow the district's acceptable use policy as well as all other state and federal laws, board policies and administrative procedures.

This document provides students with information about the general use of technology, ownership of the Chromebooks, rights and responsibilities for possession of the device, care of the Chromebook, its educational use and good digital citizenship. Additionally, a Chromebook Agreement Form and Chromebook Insurance Form must be signed before the student will be issued a Chromebook.

Students and their parents/guardians are reminded that use of School Technology is a privilege and not a right and that everything done on any District owned computer, network, or electronic communication device may be monitored by school authorities. Inappropriate use of School Technology may result in limited or banned computer use, disciplinary consequences, removal from courses, loss of credit, receiving a failing grade, and/or legal action as stated in the Student Code of Conduct.

To understand the technology use expectations, students and their parents/guardians are responsible for reviewing the Scranton School District's Internet Safety and Electronic Device Use Policy (Appendix A)

Use and Ownership

What is a Chromebook?

A Chromebook is a personal computing device that runs Google Chrome OS as its operating system. Chromebooks are designed to be used while connected to the Internet and support applications like Google Docs that reside on the Web, rather than traditional PC applications like Microsoft Office and Photoshop that reside on the machine itself.

Ownership of the Chromebook

Scranton School District retains sole right of possession of the Chromebook. Scranton School District lends the Chromebook to the students for educational purposes only for the academic year. Additionally, Scranton School District administrative staff and faculty retain the right to collect and/or inspect Chromebooks at any time, including via electronic remote access and to alter, add or delete installed software or hardware.

Receiving the Chromebook

Students in grades 7-12 attending Scranton High School will be issued a Chromebook, power adapter, and protective case for educational use in school and at home. The Chromebooks and peripherals will be distributed within the first few weeks of school. The following conditions must be met before a student will be issued a Chromebook:

1. Parent/guardian and student must sign the Chromebook Agreement form.
2. Parent/guardian must sign Chromebook Insurance form. Parents are to designate the appropriate choice. The annual insurance premium is \$35.

Checks are made payable to the Scranton School District. More information about the optional insurance plan is listed in this handbook.

NOTE: If parents choose not to pay for the insurance policy, then the parent and/or student will be liable for payment of ALL damages to and/or loss of the computer. The replacement cost of the computer is \$350. Computers will not be reissued to students until damages and/or losses are paid to the school district.

Procedure

1. The Chromebook will be assigned in the same manner as a textbook.
2. The Chromebook is issued to a student and the serial number and asset tag number is recorded.
3. The Chromebook remains with the student for the remainder of the school year unless she/he withdraws from school.
4. Students are reassigned the same Chromebook each year while enrolled.
5. Students are responsible for bringing Chromebook to school, taking them home each day and charging the battery each night.
6. The Chromebook must not be left unsupervised at school or home in unsecured locations.

Transfer/New Student Distribution

All transfer/new students must participate in a school orientation and will be able to pick up their Chromebooks from the High School office. Both students and their parents/guardians must sign the Scranton School District Chromebook Agreement Form and sign the Chromebook Insurance Form (paying premium amount if selected) prior to picking up a Chromebook.

Returning the Chromebook

End of Year

The right to use and possess the Chromebook and all peripherals terminates no later than the last day of the school year unless earlier terminated by the district or upon withdrawal from the school through dropping-out, suspension, expulsion, or transfer.

- The school principal or his or her designee will be in charge of seeing this equipment is returned in a timely manner.
- Failure to return the Chromebook on or before the due date, to the school principal or his designee, will result in criminal charges being filed against the student, parent, and/or the person who has the Chromebook.
- The Chromebook remains the property of Scranton School District and cannot be loaned, sold, bartered, traded, leased, rented or given to any other person(s).
- At the end of the school year an announcement will be made for students to turn in their Chromebooks and all peripherals and accessories. Failure to turn in a Chromebook will result in the student being charged the full \$350.00 replacement cost. Additionally, a report of stolen property will be filed with the Logan County Sheriff by the school or school designee.

Transferring/Withdrawing Students

Students that transfer out of or withdraw from Scranton School District must turn in their Chromebooks and peripherals and accessories to campus office personnel on their last day of attendance. Failure to turn in the Chromebook will result in the student being charged the full \$350.00 replacement cost. Unpaid fines and fees of students leaving Scranton School District may be turned over to a collection agency or small claims court. Additionally, a report of stolen property will be filed with the Logan County Sheriff by the school or school designee.

Care of the Chromebook

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work properly must be reported to a teacher or administrator as soon as possible so that they can be taken care of properly. School-owned Chromebooks should **NEVER** be taken to an outside computer service for any type of repairs or maintenance. Students should never leave their Chromebooks unattended except locked in their hallway locker or secured in their home.

General Precautions

- No food or drink should be next to Chromebooks.
- Cords, cables, and removable storage devices must be inserted carefully into Chromebooks.
- Do not use the Chromebook with the power cord plugged in when the cord may be a tripping hazard.
- Chromebooks should not be used or stored near pets.
- Chromebooks must remain free of any writing, drawing, stickers, and labels.
- Heavy objects should never be placed on top of Chromebooks.
- Chromebooks should never be stored in a vehicle.
- Students may not loan Chromebooks or power cords to others for any reason. You are responsible for any loss or damages incurred.

Cases

- Students will be issued a protective case for their Chromebook that should be used whenever the Chromebook is being used or transported.
- Although the cases are reinforced to help protect the Chromebooks, they are not guaranteed to prevent damage. It remains the students' responsibility to care for and protect their device.

Carrying Chromebooks

- Always transport Chromebooks with care and in the school issued protective cases. Failure to do so may result in disciplinary action.
- Never lift Chromebooks by the screen.
- Never carry Chromebooks with the screen open.

Screen Care

- The Chromebook screen can be damaged if subjected to heavy objects, rough treatment, some cleaning solvents, and other liquids. The screens are particularly sensitive to damage from excessive pressure, heat, and light.
- Do not put pressure on the top of a Chromebook when it is closed.
- Do not store a Chromebook with the screen open.
- Make sure there is nothing on the keyboard before closing the lid (e.g. pens, pencils, or disks).
- Only clean the screen with a soft, dry microfiber cloth or anti-static cloth.

Asset Tags

- All Chromebooks will be labeled with a Scranton School District asset tag and a tag stating the name of the student responsible for the device
- Asset tags and logos may not be modified or tampered with in any way.
- Students may be charged up to the full replacement cost of a Chromebook for tampering with a District asset tag or turning in a Chromebook without a District asset tag.

Chromebooks Left Unattended

Under no circumstances should Chromebooks be left in unsupervised areas. Unsupervised areas include the school grounds, the lunchroom, vehicles, bathrooms, computer labs, library, unlocked classrooms, and hallways. Any Chromebook left in these areas is in danger of being stolen. If a Chromebook is found in an unsupervised area, it should be taken immediately to the office. Multiple offenses may result in disciplinary action.

Monitoring and Supervision

- Students should never be left unattended while using Chromebooks or other computers.

- The Chromebooks will be subject to routine monitoring by teachers, administrators, and members of the Scranton Technology Department.
- Students will provide access to the Chromebook assigned to them upon request by teachers, administrators, or a member of the Scranton Technology Department.
- A search of the Chromebook and student files may be conducted if there is suspicion that any policies, procedures, or guidelines have been violated.
- Chromebooks should be used at home in locations that can be easily monitored and supervised by a parent.
- Unsupervised use is strongly discouraged; use in a child’s bedroom is highly discouraged.

Chromebook Inspections

Students may be randomly selected to provide the Chromebook for inspection.

Responsibility for Electronic Data

The students are solely responsible for any apps or extensions on their Chromebooks that are not installed by a member of the Scranton School District technology staff. Students are responsible for backing up their data to protect from loss. Users of School Technology have no rights, ownership, or expectations of privacy to any data that is, or was, stored on the Chromebook, school network, or any school issued applications and are given no guarantees that data will be retained or destroyed.

Operating System and Security

Students may not use or install any operating system on their Chromebook other than the current version of Chrome OS that is supported and managed by the school.

Updates

- The Chromebook operating system, Chrome OS, updates itself automatically. Students do not need to manually update their Chromebooks.

Virus Protection

- Chromebooks use the principle of “defense in depth” to provide multiple layers of protection against viruses and malware, including data encryption and verified boot. There is no need for additional virus protection.

Content Filter

The school utilizes an Internet content filter that is in compliance with the federally mandated Children’s Internet Protection Act (CIPA). All Chromebooks will have all Internet activity protected and monitored by the school while on campus. All school issued Chromebooks, (in use in or out of school), will have internet activity filtered and logged. Scranton School District cannot guarantee that access to all inappropriate sites will be blocked. No filter is as reliable as adult supervision. If an educationally valuable site is blocked, students should contact their teachers to request the site be unblocked.

Parents/guardians are responsible for filtering and monitoring any internet connection students receive that is not provided by the school.

Software

Google Apps for Education

- Chromebooks seamlessly integrate with the Google Apps for Education suite of productivity and collaboration tools. This suite includes Google Docs (word processing), Spreadsheets, Presentations, Drawings, and Forms.

- All work is stored in the cloud.

Chrome Web Apps and Extensions

- Students are allowed to install pre-approved Chrome web apps and extensions from the Chrome Web Store.
- Students are responsible for the web apps and extensions they install on their Chromebooks. Inappropriate material will result in disciplinary action.
- Some web apps will be available to use when the Chromebook is not connected to the Internet.

Chromebook Identification

Records

- The school will maintain a log of all Chromebooks that includes the Chromebook serial number, asset tag code, and name of the student assigned to the device.

Users

- Each student will be assigned the same Chromebook each year they attend Scranton High School.

Educational Use

School-issued Chromebooks should be used for educational purposes and students are to adhere to the Internet Safety and Electronic Device Use and Student Electronic Device and Internet Use Agreement Policies (Appendix A & B) and all of its corresponding administrative procedures at all times.

Using Your Chromebook at School

The Chromebook is intended for use at school every day. In addition to teacher expectations for Chromebook use, students may be asked to access school messages, announcements, calendars, handbooks and grades from their Chromebook. Students are expected to bring a fully charged Chromebook and AC adapter to school every day and bring the Chromebook to all classes unless specifically advised not to do so by their teacher.

Account Access

- Students will log into their Chromebooks using only their school issued Google Apps for Education account.
- Students should never share their account passwords with others, unless requested by an administrator.

Responsibility for Electronic Data

The students are solely responsible for any apps or extensions on their Chromebooks that are not installed by a member of the Scranton School District technology staff. Students are responsible for backing up their data to protect from loss. Users of School Technology have no rights, ownership, or expectations of privacy to any data that is, or was, stored on the Chromebook, school network, or any school issued applications and are given no guarantees that data will be retained or destroyed.

Operating System and Security

Students may not use or install any operating system on their Chromebook other than the current version of Chrome OS that is supported and managed by the school.

Updates

- Chromebooks have an auto-update mechanism built-in, so you always get the most up to date features and security fixes. Students do not need to manually update their Chromebooks

Email

- Students are provided a filtered/monitored email account by the school.
- When emails are sent, the name and user identification are included in the email message.
- Students are responsible for all email originating from their user account.
- By utilizing an email account, the user authorizes designated system administrators access to the email.
- Emails will be made available to district, local, state, and federal officials in association with any investigation.
- Emails, stored data, transmitted data, or any other use of online services are not confidential and may be monitored at any time by designated staff to ensure appropriate use.

Chromebooks Being Repaired

- Students who need to have their Chromebook repaired or replaced should leave the device with the High School Office.
- The Office will contact the Technology Department. The Technology Department will collect the device for repair.
- If available, loaner Chromebooks may be issued to students when they leave their school-issued Chromebook for repair. If repair is needed due to malicious damage, the school may refuse to provide a loaner or re-issue a Chromebook until restitution is provided.
- A student borrowing a Chromebook must sign a loaner agreement and will be responsible for any damage to or loss of the loaned device.
- Chromebooks on loan to students having their devices repaired may be taken home.

Charging Chromebooks

- Chromebooks must be brought to school each day with a full charge.
- Students should charge their Chromebooks at home every evening.
- An uncharged Chromebook is in violation of this agreement.
- Repeat offenders will be subject to disciplinary action.

User Settings and Preferences

- Inappropriate media may not be used as Chromebook backgrounds or themes. Examples of inappropriate media include, but are not limited to, the presence of guns, weapons, pornographic materials, inappropriate

language, alcohol, drugs, gang-related symbols or pictures. The presence of such media will result in disciplinary action.

- Sound must be muted at all times unless permission is obtained from a teacher.
- Headphones may be used at the discretion of the teachers.
- Students should have their own personal set of headphones for sanitary reasons.

Printing

- Students will be encouraged to digitally publish and share their work with their teachers and peers when appropriate.
- Because all student work should be stored in an Internet/cloud application, students will not print directly from their Chromebooks at school. Any printing that needs to be done must be accomplished at home or with the assistance of a teacher or staff member.
- Students may set up their home printers with the Google Cloud Print solution to print from their Chromebooks at home.

Managing and Saving Your Digital Work

- The majority of student work will be stored in Internet/cloud based applications and can be accessed from any computer with an Internet connection and most mobile Internet devices.
- Some files may be stored on the Chromebook's hard drive.
- Students should always remember to save frequently when working on digital media.
- Scranton School District does not guarantee that its technology resources will be uninterrupted or error-free. Access to the network is provided on an "as is" basis without warranties of any kind. In the rare event that the network is down, neither Scranton School District, nor any of its agents or employees will be responsible for lost or missing data.
- Students are encouraged to maintain backups of their important work on a portable storage device or by having multiple copies stored in different Internet storage solutions.

No Expectation of Privacy

Students have no expectation of confidentiality or privacy with respect to any usage of a Chromebook or their school issued Google account, regardless of whether that use is for school-related or personal purposes, other than as specifically provided by law. The school may, without prior notice or consent, log, supervise, access, view, monitor, and record use of student Chromebooks at any time for any reason related to the operation of the school. By using a Chromebook, students agree to such access, monitoring, and recording of their use.

Monitoring Software

Teachers, school administrators, and the technology department staff may use monitoring software that allows them to view the screens and activity on student Chromebooks.

Using Your Chromebook Outside of School

Students may use the Chromebook at home and other locations outside of school. An Internet connection will be required for the majority of Chromebook use, however, some applications can be used while not connected to the Internet. Students are bound by the Scranton School District INTERNET SAFETY AND ELECTRONIC DEVICE USE POLICY, and all other guidelines in this document wherever they use their Chromebooks.

Chromebooks Left at Home

Students are required to bring their Chromebooks to school every day. If a student leaves the Chromebook at home, he/she is responsible for getting the coursework completed as if the Chromebook were present. Loaner Chromebooks will not be issued to students who forget to bring their Chromebooks to school. Other district computers may be available for student use. Repeat offenders who leave their device at home face disciplinary action.

Warranties and Damages

Warranty and Insurance

The School will repair or replace damaged equipment resulting from normal use. Abuse or neglect may result in damages that are the responsibility of the student and parent to pay for. A summary of the insurance policy that is covered by the Chromebook fee is included in this handbook. Claims will be processed through the Scranton School District office.

Vendor Warranty

- Chromebooks include a six-month hardware warranty from the vendor.
- The vendor warrants the Chromebook from defects in materials and workmanship.
- The limited warranty covers normal use, mechanical breakdown, and faulty construction. The vendor will provide normal replacement parts necessary to repair the Chromebook or, if required, a Chromebook replacement.
- The vendor warranty does not warrant against damage caused by misuse, abuse, or accidents.
- Students are responsible for any of their actions that void the warranty, such as taking the Chromebook apart or removing its parts. Students will be held responsible for the full cost of any parts replaced and associated labor costs due to such actions up to and including the cost of total replacement of the Chromebook.

Damage and Loss

If a Chromebook is damaged and is not covered under warranty or insurance, the parent/student will be responsible for the cost of repair or replacement of the computer. If there are repeated incidents of damage in a single school year due to negligence, the student may lose his or her computer for a period of time and face disciplinary action.

Damage not covered under warranty repairs include cracked screens, impact/pressure damage, water damage, and damage as a result of negligence.

Negligence is defined as:

- Intentional damage
- Leaving a Chromebook unattended
- Leaving a Chromebook unsecured
- Exposing a Chromebook to unacceptable conditions such as exposure to any liquid or moisture of any kind
- Exposing a Chromebook to unacceptable conditions such as rain, extreme heat or cold

Theft

- Incidents of theft occurring off campus must be reported to the police the day of the theft and copies of the police report must be given to the principal and the school technician the next day that school is in session. Parents/students who fail to do so are responsible for the replacement cost of the Chromebook. Any theft occurring on school grounds must be immediately reported to an administrator.
- If there is no clear evidence of theft or if the Chromebook has been lost due to a student's negligence, the parent/student will be responsible for the Chromebook's replacement cost.
- The district will work with the police department to report all model, asset, and serial numbers of Chromebooks to area law enforcement agencies in the event of loss or theft.

Chromebook Fees

- Parents/students have the option to purchase an annual insurance policy fee of \$35.00 for each child on or before taking possession of the Chromebook. This insurance fee is due at the beginning of each school year and is non-refundable. This fee is for insurance coverage that will cover accidental damage, theft, and vandalism. This insurance policy will only cover up to cost of the replacement value of one Chromebook per calendar year. If the insurance coverage is not purchased, the parent will be liable for all costs related to repairs and/or replacement.
- Once a student has used his or her \$35 insurance, the parent will have the option of paying \$50 to cover any future damage. Should the parent decline the option to purchase more insurance, they will be asked to sign a waiver. Any further damage will become the sole responsibility of the parents.
- Parents will be given a third opportunity for insurance in the amount of \$100. The parent may again decline the option and sign the waiver.
- A Student may become a "Day User" of his/her Chromebook after the 2nd damage/repair issue. The student will leave his/her Chromebook with his/her last period teacher, and pick it up the next morning for use.
- Intentional misuse or neglect can result in loss of Chromebook use, disciplinary action, and/or fines for any needed repairs or maintenance.
