Telehealth Backpack Program

Coplin Health Systems: Your School's Medical Partner

If your child visits the nurse feeling unwell, they can be connected to one of our providers for quick assessment and care right at school.

Student Feels Unwell → Goes to the School Nurse → One of Our Providers Evaluates the Child Via Telehealth → Prescription Can Be Delivered to Home (if needed)

Important: Telehealth allows the provider to evaluate your child efficiently. If your child is too sick to stay at school, the nurse will follow standard procedures and send them home.
