Need a Coat, Hat, or Mittens?

We will have new coats, hats, and mittens available at parent-teacher conferences!

Mackinac Island Field Trip Tailgate Fundraiser

Join us at the Homecoming Game on Friday, September 25 for a delicious Pulled Pork Dinner to help raise money for the 3rd Grade Mackinac Island Field Trip! Your support helps make this memorable experience possible for our students!

School Day Reminder

Just a friendly reminder of our daily schedule:

Doors Open: 8:10 AM
Breakfast: If your child would like breakfast, please try to drop them off by 8:15 AM.
School Starts: 8:30 AM
Dismissal: 3:35 PM

Thank you for helping us ensure our students have a smooth start to their day!

A Note from the Principal

Lake City Elementary Families,

What a great week at Lake City Elementary!

Homecoming Week always brings out the best of our Trojan Pride, and once again, our students and staff showed incredible spirit and participation throughout the week. It has been so much fun seeing everyone get involved and celebrate what makes our school and community special.

Even with all of the Homecoming excitement, our students stayed busy learning and growing. We were able to fit in our Farm Science Lab and our Mile Run, and several classrooms took their learning outdoors this week. Our kindergarten and first-grade classes enjoyed outdoor learning at the Adventure Learning Center, while some of our fourth-grade students traveled to the Platte River for hands-on learning about water erosion. It was another great week of learning, experiences, and making memories for our students.

We hope to see everyone at the football game this Friday! Come out, show your Trojan Pride, and support our students and school community. Be sure to stop by the 3rd Grade Tailgate as well. They will be raising money to help support their trip to Mackinac Island, so let's show them some Lake City support!

Have a great weekend, everyone. Enjoy some time to recharge, celebrate Homecoming, and spend time with the people who matter most.

Trojan Pride,

Principal Hamilton

FARM Food, Agriculture & Resources in Motion Science Lab

P.E. News

This past month in P.E. has flown by, and we have been learning and moving a lot!

Kindergarten through second grade has been focusing on personal space and body control so we can move safely in a variety of ways. Next month, we will begin focusing on teamwork and cooperation using the parachute. We will also start our health unit, where we learn about healthy habits. Be on the lookout for handouts with healthy habits information.

Third through fifth grade has been working on team building and sportsmanship through co-operative activities. We have been turning our focus to fitness assessments so that we can collect data to help set personal health goals. As we begin next month, we will start our health unit where we learn about some healthy habits to help us reach our personal health goals. Be on the lookout for handouts with healthy habits information!

As always, please remind and encourage your child(ren) to continue to show up ready to learn in P.E. by wearing athletic shoes. I really appreciate your help with this!

Please feel free to drop by during parent-teacher conferences next week... I look forward to connecting with you!
