News

P.E. News

Kindergarten through second grade is wrapping up our health unit! Handouts with information about healthy habits will be coming home this week and next week.

Third through fifth grade have completed their fall fitness assessments! Next week, we will review our data and use it to help us set some personal fitness goals. A copy of your child's fitness data and goals will come home in the Friday folders next week, so please be on the lookout!

And... No Sugary Drinks November is right around the corner! More information and a tracking sheet will be coming home the last week of October.

School Day Reminder

Just a friendly reminder of our daily schedule:

Doors Open: 8:10AM

Breakfast: If your child would like breakfast, please try to drop them off by 8:15AM.

School Starts: 8:30AM

Dismissal: 3:35PM

Thank you for helping us ensure our students have a smooth start to their day!

A Note from the Principal

Lake City Elementary Families,

What a jam packed week we had at Lake City Elementary! Our students had so many wonderful opportunities to learn, connect with others, and experience things beyond the walls of their classrooms. It is always exciting to see our students engaged in these unique experiences that make elementary school so special.

Our week included several exciting highlights. Our volleyball players had the opportunity to participate in the Dig Pink game by lining up to give the players high fives during warmups. It was a great way for our students to show their support and be part of an event that brings our school community together. Our fourth graders enjoyed a visit to Mitchell State Park, while one of our classes had the opportunity to visit the fish hatchery and learn more about the world around them.

We also had picture day this week, and everyone looked fantastic! Our Farmers Market was a big hit, giving students another fun opportunity to connect with our school community. To round out the week, our kindergarteners and first graders enjoyed a trip to Maple Leaf Farms, creating memories and learning through hands-on experiences.

Weeks like this remind us how much learning happens outside of a traditional classroom. Whether our students are exploring nature, supporting our school community, or experiencing something new, these opportunities help make learning meaningful and memorable.

Thank you to our incredible staff, volunteers, and community partners who help make these experiences possible. Your support allows us to continue providing opportunities that make Lake City Elementary such a special place to learn and grow.

As always, thank you for being part of our Trojan family. We are proud of the experiences our students are having and look forward to all the great things still ahead!

Trojan Pride,

Principal Hamilton

Proud to be a Trojan

Music Note

We have been having a blast in Music Class! Kindergarten has been working on steady beat and musical opposites (fast/slow, loud/soft, high/low). They also have been having fun playing with scarves this week! First grade is learning some new rhythms. They learned quarter note (ta) and eighth notes (ti-ti) this week. Second grade is learning about dynamics and tempo. In September, Third, Fourth, and Fifth graders learned about music and instruments from the United States. This week Ben Traverse came in to perform some American Folk Songs for them. Ben played the dulcimer, guitar, mandolin, and banjo for them. It was fun to see how excited the kids were to see these instruments and hear them played in person. This month, third, fourth, and fifth graders are studying music and instruments from Germany! We have already learned a traditional German dance!

Also, fourth and fifth graders have been working hard learning their music for our upcoming Veterans Day Concert. We look forward to performing for you and honoring our veterans at the concert on November 10th at 6:00 p.m!

In Song,
Mrs. Jessica Wall
Preschool-5th Grade Music Educator
