EFB Jamboree @ Steele – 9:35 (Leave @ 8:00)

7 Mindsets - Everything is Possible teaches us that we are all capable of living extraordinary lives. We learn that everything in existence was once just an idea, until someone believed it was possible, and someone or some group took the necessary steps to make it reality. This is true with our lives. Our lives in many ways become what we expect them to be. In this mindset, we work with students to understand the incredible promise of their lives and to envision for themselves an extraordinary life of happiness, meaning and success. The next step is to instill in them the belief that their goals are possible along with the courage, discipline and persistence to act on their dreams.
