# BRONC FOOTBALL

The 1991 Bronc Football Team should be remembered as a "Never say die" gridiron ball club.

The combination of great senior leadership, a relentless will to win, and an undying faith in themselves, paved the road to a share of the conference championship.

This determined group of young men played with great hearts and improved every day of the season. They refused to allow any obstacle to deter them from their most important goal - the PLAYOFFS!

Throughout this memorable season, the broncs dominated on offense and defense. Their tenacious style allowed spectators an opportunity to witness the excitement of execution on the football field. In addition, they were a team with great unity and unselfishness. They believed that they would win.

The 1991 Bronc Football Team brought first hand testimony to the old adage "Champions are not born, they are made!"

We enjoyed many great moments together and suffered through some difficult ones as well, but the bottom line is, we had fun!

## TEAM'S SENIOR TALKS

"I will never forget this year's experience in Cross-Country. I proved to myself that I could do it. I want to thank the team for pushing me physically and mentally. I also thank my friends and family, for being there to cheer me on. Most of all, I would like to thank Mr. Strothman for believing in me, and pushing me to do the best job I could. Heck, I only complained a little!"

Thanks again,  
Aimee Johnson

## 1991 CROSS-COUNTRY TEAM

I am really proud of this year's Cross-Country team. Bad situations tested the runners all season long. Injuries, fire, and high winds canceled the Loyola meet, and unbelievable bad weather at State topped it off. It was the second worst conditions I have seen in my 17 years of coaching.

Shawna Doty was our top runner at Kalispell, with a time of 20:49.

At the Blue Mountain Fun Run at the Missoula course, Josie Herbst won a backpack after getting her wounds cleaned. She literally got trampled by the pack!!

At home, our team took second behind Hamilton.

We had three new runners this year. Mindy Flake, with her ankle cracking every step, improved each week. Aimee Johnson, who had never run over a 300 in high school gave 110%. It was extremely difficult for her. Rachel Lee also had a very tough time, but stuck it out.

The Missoula County meet is bigger than State because we run against AA schools, A schools, and B schools. We finished sixth, beating Browning and Sentinel.

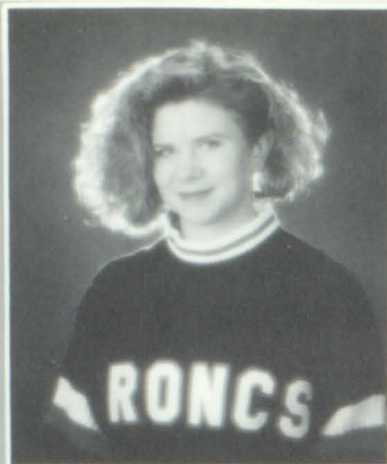

State was our final meet of the year. We finished 7th with 162 points out of 16 schools.

Shawna Doty 5th All-State  
Josie Herbst 9th All-State  
Mindy Flake 23rd  
Maria Meadows 45th  
Aimee Johnson 80th  
Rachel Lee 84th

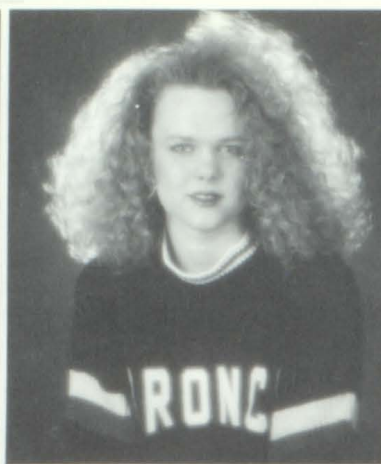

Great job, girls! Hope to see you next year. I would like to wish Aimee Johnson the best of luck. She was the only senior on the team.

A stylized, abstract background graphic in shades of gray. It features several overlapping, elongated, teardrop-like shapes that resemble a large, stylized letter 'W' or a series of overlapping petals. The shapes are layered, with some appearing darker than others, creating a sense of depth. The overall composition is centered and occupies most of the page.

# Adventure through...

The new Bronc stadium was built by Missoula Concrete under Dick Morgenstern. The handrail and railing was donated and built by Pat Haffner for P&S Fabricators.

There were many donations taken for the construction of the stadium as well as donations from auctions. The major contributors were the members of the Moore family, which said they would match every dollar the school could raise. The total amount the Moore family contributed was \$20,000.

Without the overall support of the Frenchtown community, Frenchtown High School would not have a new stadium. Thank you, Frenchtown, for your generosity!

The Bronc stadium is almost done as the workers finish up on the railings.

# GRADUATION:

## *The beginning of a NEW adventure!*

### THE OUTSTANDING CLASS OF 1992...

...Is exactly that! Outstanding! The reason I speak so highly of this class is because I am part of it and it happens to be the truth.

The class of 1992 is a well rounded group of students because it is made up of so many different personalities. Each and every student has contributed to the class in their own special way at one time or another. This may be the reason that every year, at least one teacher has told our class that we are the best group of students they have ever had. It is possible that they say that to every class, but for them to say it at all is definitely a compliment.

I am sure every 1992 senior is thrilled to be out on their own in the real world, but about a year or so from now when they start to come back for high school sports and activities, they may feel a bit nostalgic. It will happen, no matter what you believe now. If I do say so myself, the class of 1992 is definitely the most terrific, memorable, special, and OUTSTANDING class of all!

# ADVENTURE THROUGH.... WASHINGTON D.C.

Mr. W. shows the after-effects of airplane food!

The Close-Up group takes time out for a quick Kodak moment in Lafayette Park.

Kathy peeks out to grace us with her presence.

Aimee hangs side by side with the first ladies.

Jim cheeses out, while Shayne catches some Z's.

Close Up on Washington is an academic program designed to make students more aware of how the federal government works. Five Frenchtown students had the chance to experience this in April 1992. The students not only got to learn about the government, but also saw our nation's capital and made a lot of great friends.

The group gazes up at the Vietnam Wall.

# Adventure With Our Foreign Exchange Students

Hendrik Sudkamp

"Montana is a great state. It's so wide open, it has much more open space and less people than I'm used to."

Hendrik came to America leaving Neuss, Germany behind to explore the little town of Frenchtown.

"Frenchtown is a nice community and I really enjoy staying here. I also like the people."

Beatriz Figueroa

"I decided to come to the U.S. to learn English and to see how different it is from my home country." The town Beatriz calls "home" is Hermosilla, Mexico. Back in her home town she left behind her mother, father and three brothers. "I'm really glad to be in Frenchtown. The people are really friendly and nice."

**FRIENDS** Meily and Betty stand side by side. Even though they are from different parts of the world they share one thing, friendship.

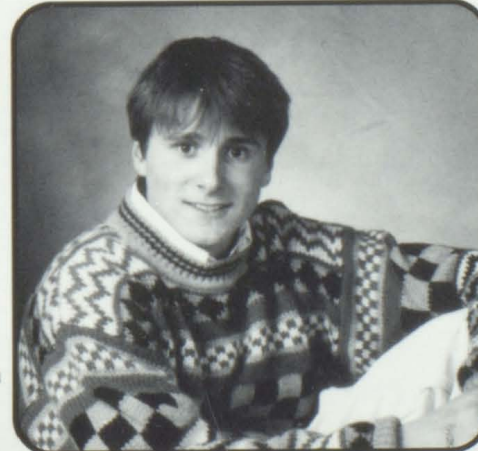

Meily de Paula

"Being a foreign exchange student is a great experience. The school is great, besides being too small." Meily is from Salvador, Brazil. She ventured far from home to come to Frenchtown. "I like living here in Montana because it's country side sort of thing, everything is so calm. My city has about a million people living there, so it's really strange to live in Frenchtown, but I enjoy it a lot. I think it's cool!"

Stephan Wandelt

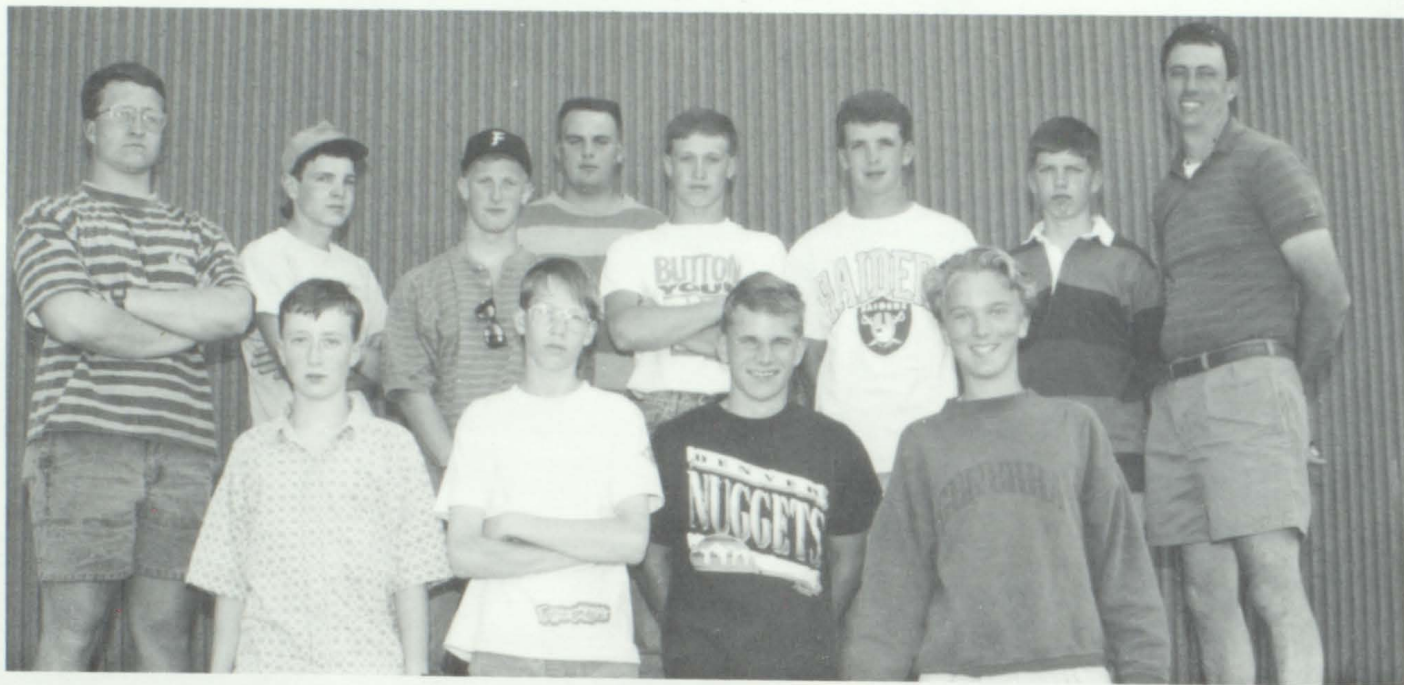

"I like the people and the nature of Frenchtown. I also like the little school because it's more personal." Plon, Germany is where "Special Agent Austin" is from. "I really enjoyed the school play and being on the track team. These things will never be forgotten when I go back to Germany."

Mel Blanchard and Ivy Jones had a great time dancin' the night away (B middle). Steve Wandelt and Jody LaRue smile happily for their pictures (B right).

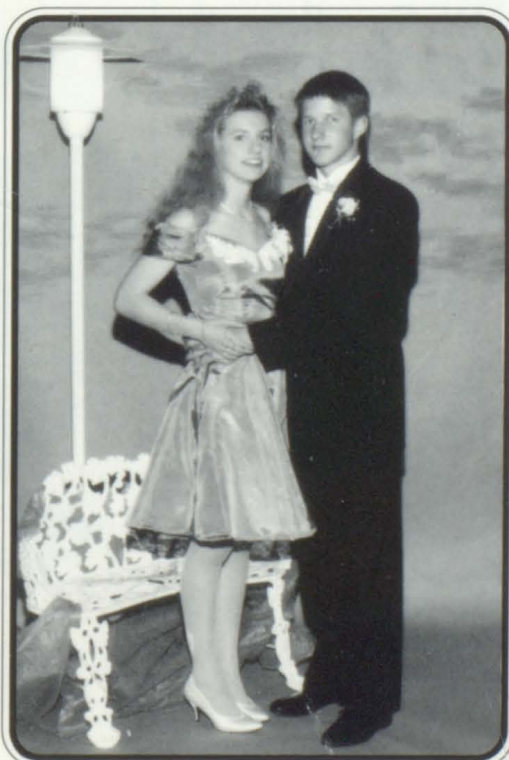

# Moonlight Dancing

Tyler Mecham and Nichole Rose were selected as junior class royalty. Chris Hoppie and Amy Stagg look as if they will never forget their junior prom. Jim Rondeau and Dana Scheffer were happy to be the sophomore class Prince and Princess. We would like to recognize the junior's 1992 prom committee and say they did an excellent job. Kim Dudik and Jennifer Yorton did an excellent job taking charge of the preparations. We thank all of those who came to prom and hope to see you again next year.
