John and Margaret Barry Costello were the proprietors of "The Little Store," located on Grand Street, in Marlboro, for many, many years. They personally knew most of the kids in town, a great percentage of whom have attained adulthood, but are still Marlboro located.

John, when he was manning the store, or Margaret, when she was in charge, "bankrolled" just about every kids' sweet tooth in town. Rarely did John or Margaret say no to a kid that had no money, yet wanted what his buddy just bought. This generosity is well remembered by a good many townsfolk.

John and Margaret and their "Little Store" are no more, but their generosity will live on in the hearts of the "child" in all the adults that they encountered.

Criteria:

- Student is accepted and is going to a two (2) or four (4) year institution.
- Financial need of the student is a fundamental consideration.

The three great tenets of a Freemason: BROTHERLY LOVE, RELIEF, and TRUTH.

By the exercise of Brotherly Love, Masons are taught to regard the whole human species as one family—the high, the low, the rich, the poor—who, as created by one Almighty Parent, and inhabitants of the same planet, are to aid, support, and protect each other. On this principle, Masonry unites men of every country, sect, and opinion, and conciliates true friendship among those who might otherwise have remained at a perpetual distance. The recipient of this award should exemplify these ideals and be someone who goes out of their way to assist their classmates and community.

To relieve the distressed, is a duty incumbent on all men, but particularly on Masons, who are linked together by an indissoluble chain of sincere affection. To soothe the unhappy; to sympathize with their misfortunes; to compassionate their miseries, and to restore peace to their troubled minds, is the great aim we have in view. On this basis, we form our friendships and establish our connections. The recipient of this award should exemplify these ideals and be a sympathetic student willing to help those in need.

Truth is a divine attribute, and the foundation of every virtue. To be good and true, is the first lesson we are taught as Masons. Hence, while influenced by this principle, hypocrisy and deceit are unknown among us; sincerity and plain dealing distinguish us; and the heart and the tongue join in promoting each other's welfare, and rejoicing in each other's prosperity. The recipient of this award should exemplify these ideals and be consistently truthful in both their words and actions.

How to Apply: Please complete the attached Matrix. You may use a separate sheet of paper or type your response. Please include your name.

Gene Ventriglia Scholarship Award

Gene Ventriglia was a very poor fourteen-year-old immigrant when he arrived in New York harbor in early July 1958. Coming from the tiny village of Alife, Italy, he had grown up in a farm village of about three hundred inhabitants. The village, as well as his parents house, had been leveled in the final days of World War II. In 1958, the memories were very much alive as postwar reconstruction was far from completion. These were the surroundings where Gene Ventriglia grew up. Gene had only known his small village and was unaware that common items, such as telephones and TV sets, even existed. One can only imagine his reaction upon seeing the New York skyscrapers and the size and number of cars when he first walked on the New York streets.

Gene soon realized that getting a good education was the key to success. However, he also realized that it would take great efforts and motivation on his part. Was he willing to put in The necessary effort? He needed to learn a new language in a community where he only heard Italian. His search to find the American dream lasted more than 60 years. During this time, Gene was faced with one challenge after another in the search for that dream. In each case, Gene Ventriglia used his passion for the game of soccer to fuel his journey. Gene's path to finding that dream was full of surprises. In all cases, he was very determined and he demonstrated outstanding motivation to achieve his goal

These scholarships were created in memory of three former School Food Service Directors from the Hudson Valley Region.

The Elvalee Woodside scholarship is to honor the first Food Service Director of the Arlington Central School District. She had a positive influence on children and adults her entire life. For 26 years, Elvalee Woodside's innovative creative nature and positive attitude set the stage for one of the most successful school lunch programs in the NY state. "A well-fed child is a learning child" was her motto her entire career.

The Steve E. Pinelli scholarship is in recognition of the work of Steve as a pioneer in the school foodservice industry. Through his dedication, perseverance, and hard work Steve helped change the image and perception of school food service from a basic institutional governmental program to a quality driven professional industry. His involvement in local and national school food service organizations gave the industry great exposure and helped pave the way for many new positive program rules and regulations. Steve's innovative ideas, administrative and operational, have been the basis for the way many current school food service programs are operated.

The Mavoureen A. Hubbard scholarship is in recognition of the work "Vonnie" has performed in the 40 plus years in Child Nutrition and local food pantries and kitchens. Vonnie's dedication and commitment to the Child Nutrition industry spanned over multiple districts within the Hudson Valley. Vonnie's ambitions were instrumental in the field of Child Nutrition.
