School Goals

North Powder will annually present the AAOT requirements and what classes we currently offer and what is being added to specifically begin aligning our classes to the AAOT. North Powder will also look at what certificated classes we are offering. Work with staff, parents and community members to develop goals that support the physical and cognitive growth and development of students.

State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by having staff greeters and office staff available in both buildings. All communication sent home through phone can translated for easy access. Interpreters are provided for parent conferences and other school meeting. A School Resource officer is available for the first time.

PARENT & COMMUNITY ENGAGEMENT

Our school holds open house to kick off the year for parents and students. Our school provides language supports for parents where English is their second language. We are in the process of starting a program called sitting with the Superintendent where questions, concerns, and etcetera can be voiced. by parents or community members. Our school also hosts a 9-12 academic awards night where all parents are invited to participate in a dinner, conversation and be a part of watching their children receive awards. Finally, our school sends out a quarterly newsletter to all community members.
