### School Goals

As we begin the 2023-2024 school year, our student body has grown by 63 students. Students returned excited to see friends and teachers. Our student Leadership team kicked off the year with the theme "Step It Up". We definitively saw our students "Step It Up" during our first assembly with their class chants. Our extra-curricular activities have seen an increase in students participating this fall. We look forward to seeing our Students Thriving in Everyday Places as the year goes on!

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

Umatilla High School strives to meet the needs of all our students and parents. We recognize our student population needs support through their home languages. Great care is taken to insure all communication is done in both English and Spanish. We make sure this is done through written notices, phone messages, and any social media posts. Interpreters are provided for parent/teacher conferences and other meetings where parents are invited. Each of our school offices has a Bilingual person available to make sure parents feel welcome and able to communicate their needs.
