"Stay in-the-know about programs at your school"

Let me introduce myself!

Amy Kruckmeyer, BA

Regional Manager

Amy has been part of the Right At School team for over seven years, starting her journey in 2018 as an educator and growing through multiple roles across the organization.

With a deep passion for supporting families and ensuring every child has access to a high-quality, engaging program experience, Amy brings both expertise and heart to her work every day. She is committed to building strong school partnerships, elevating program quality, and creating environments where students feel safe, supported, and excited to learn.

Who is Right At School?

RIGHT AT SCHOOL

Our Mission

To inspire a love of learning, support schools, and give parents peace of mind.

RIGHT AT SCHOOL

What Makes Right At School Different?

- Highly qualified staff
- Curriculum aligned to academic standards that offer a continuum of services
- Flexible 1-5 day options for families
- Convenient online Parent Portal for payment & schedule changes
- Full Customer Service Dept. in addition to on-site staff
- Discounts for siblings, free or reduced lunch families & active military
- Drop-in and punch-card options

Safety is our #1 Priority

BEFORE HIRE: Exhaustive pre-hire vetting (FBI & BCI background checks, sex offender & abuse/neglect registry checks, past employment verification, reference checks)

PROCEDURES: Every procedure (check-in/out, attendance, transitions) is focused on ensuring student safety

PARTNERSHIP: We partner closely with District on school safety procedures (emergency plans, lock-down drills, etc.) and communicate proactively

PRACTICE: Our Managers focus continuously on safety (live training, drills, quality checks)

AFTER SCHOOL

Daily Schedule

Every day, we provide community, choice, and **FUN!**

After School Components:

- Town Hall*
- Right Moves*
- Language*
- **Flexible Enrichment Block**
  *Includes PlayRight Fitness
- Closing Activities

Students Love Our Play-Based Learning

RIGHT AT SCHOOL

Curriculum Units

History's Mysteries

Unit Description

We're time travelers venturing back through history, like archeologists, using clues to determine what life was like long ago. We'll investigate some of the greatest mysteries of all time, from Stonehenge to Easter Island and beyond.

Essential Questions

What strange events happened in history? How do historians determine what happened in the past? Why is it important to learn about things that happened a long time ago?

Enduring Understanding

History is full of unusual events and strange stories to discover. Understanding what happened in the past gives us a better understanding of the world today. Searching through texts, digging up artifacts, and trying to figure out what life was like in the past helps archeologists do just that.

Daily Schedule Includes:

- Attendance and Snack
- Town Hall
- Homework Help
- Right Moves
- American Sign Language
- Double Play/Triple Play activities using our disguised learning curriculum

© 2023 Right At School

How exciting it is to be engaged in real learning without even realizing it!

- Supplemental Content
- Durable Skills like collaboration & problem solving
- Concrete Vocabulary & Background Knowledge
- STEAM
- Voice & Choice

Right Club Curriculum Calendar

1 Dream Team Challenge

Here at Right Club, we are a team. What better way to start the year off than this collection of exciting team challenges! We'll challenge our minds and bodies with group games that show everything is more fun with friends!

2 Right Club Gives Back - Fall

Sometimes people in our community need help. But what can kids do? A lot! We'll find out just how much by creating our own service projects to make our school, town, and world a better place.

3 Passport to Paris

Pack your bags for a fun trip to France—no passport needed! You'll explore famous places like the Eiffel Tower, try out simple French words and phrases, and learn about yummy foods, fun holidays, and everyday life in France. Through games, songs, stories, and crafts, you'll get a taste of French culture and language while having lots of fun along the way!

4 STEMgineers

Get ready to build, explore, and discover! In this exciting STEM adventure, you'll dive into the worlds of science, technology, engineering, and math. You'll solve real-world problems, design cool inventions, and test out fun experiments. Whether you're building towers, coding games, or exploring how things work, you'll learn by doing—and have a blast along the way!

5 ArtVentures

Art is a way of expressing our ideas in creative, beautiful, and sometimes strange ways. We'll journey through this world to find out how artists create their masterpieces while discovering our own talent and style.

6 Wildlife Wonders

Get ready to explore the wild world of animals! We'll discover creatures big and small from all around the planet. We'll learn how animals move, where they live, and the cool ways they survive. With fun games, creative crafts, and awesome animal facts, you'll become a wildlife expert in no time!

Right Club Curriculum Calendar

7 Globetrotters

Our planet is an incredible place filled with beautiful locations and diverse cultures. What do kids in Asia do for fun? What's life like in Africa? What unique adventures are found in South America? Let's explore it together on a whirlwind trip around the globe.

8 Toy Lab

Everyone loves toys! But how are some of our favorite toys made? Students will find out in this hands-on unit as they build some classic toys and even design their own creations as Right Club Toy Makers.

9 Kinetic Kids!

Get ready to move, explore, and have fun! In this unit, you'll discover how science helps athletes play their best. We'll build new sports equipment, learn how balls bounce, and how weather can affect a game. Through fun experiments, games, and teamwork, you'll become a science superstar while doing what you love—playing sports!

10 Wheels, Wings, and Waves

All aboard for a fun adventure! We'll explore how cars, boats, planes, and trains move and what makes each one special. We'll learn how wheels roll, how boats float, and how airplanes fly through the sky. With hands-on activities and exciting challenges, you'll become a travel expert while having tons of fun!

11 Storybook Creations

Get ready to dive into a world of imagination! You'll explore some of the most beloved tales from children's literature—meeting unforgettable characters, traveling to magical places, and uncovering the lessons hidden in every story. With fun art projects, creative activities, and storytelling games, you'll bring these classic adventures to life!

12 Silly Scientists

Sometimes fact is stranger than fiction, as students will see in this unit. From unbelievable optical illusions to shocking scientific phenomena, we will discover our world is full of things that will make us rethink what is possible!
