

2025-2026
Updated Snow/Inclement Weather Routes
Corning School District

In the event of inclement weather or other dangerous situation where it is deemed unsafe for buses to travel routes, we will have designated pick up locations for parents who cannot transport their children to the school campuses.

When snow or inclement weather routes are used, buses will leave the bus garage at their specific time and will **only go to the designated pick up locations**. Buses will wait 5 minutes and return to school. In the afternoons, buses will leave school at 3:20 and go to the designated pick up locations. **We will run the same routes in the afternoon as were run that morning, even if the roads are in better condition. Also, due to safety concerns, there will be no highway stops even if the bus goes by your house on the way to the designated pick up location.**

Attached is the list of each bus, the driver, the designated pick up locations and the approximate times the bus will be at the pick up location (AM & PM).

Thank you for your cooperation.
