Subject: Important Year-End Reminder: Material Returns and Activity Eligibility (Grades 6-12)

Dear Guardians,

As we approach the end of the school year, we want to share an important reminder regarding school-issued materials and equipment for all students in grades 6 through 12.
Please review the following guidelines and upcoming collection dates with your student to ensure they are fully cleared before the school year concludes:

- **Loan Policy & Care:** All textbooks and school equipment are issued to students on a loan basis. It is the student's responsibility to care for these materials and return them in good condition. Writing in or on textbooks is strictly prohibited, and books must not be abused in any way.
- **Damages and Compensation:** Materials that are not returned or are brought back in a deteriorated condition beyond normal wear and tear will result in parents/guardians being billed for their replacement or repair. Financial compensation or the fulfillment of school community service will be expected to resolve these balances.
- **Impact on School Activities:** Please be aware that any unsatisfied damages or outstanding obligations will result in the student being restricted from participating in various school activities, including but not limited to interscholastic sports, clubs, and end-of-year school events.
- **Chromebook Collection Date:** We will be formally collecting all school-issued **Chromebooks, cases, and chargers on June 10**. Please ensure your student brings all three items to school on this day.

⚠️ **Special Note for Guardians of 8th Grade and 12th Grade:**
Please pay extra attention to these obligations, as the consequences directly impact the moving up ceremony and the graduation ceremony. In addition to losing the privilege to participate in year-end events, sports, and clubs, **any student with unsatisfied damages or unreturned materials will not be permitted to walk in the ceremony.** Please ensure all items are turned in or resolved promptly so your child is fully cleared to participate in these milestone celebrations.

Thank you for your partnership and prompt cooperation in helping us maintain our school resources for future students.

If you have any questions or need to check on your student's account status, please contact the MHS main office.
