I have said this to you,
so that in me you may have *peace.*
In the world you face persecution.
But take courage;
I have conquered the world!
John 16:33

St. Dominic School of St. Anthony of Padua Parish

Where Holy Moments Happen Every Day

Happy Birthday to Our Blessed Mother Mary

On Tuesday, September 8, our fourth-grade leaders taught the entire K-8 school about the Feast Day of the Nativity of the Blessed Mother Mary, which means it was Mary's birthday. Did you know only three individuals get a feast day for their birthday, Jesus, Mary, and John the Baptist? If we go back exactly nine months from September 8, it was December 8, which is the Solemnity of the Immaculate Conception of Mary. According to writings of Saint James, Mary's parents Saint Joachim and Saint Anne were visited by angels who announced the forthcoming birth of their child, Mary, and claimed she would, "be spoken of throughout all of the world." We all learned about God's plan for Mary to be the blessed mother of Jesus.

Holy Moment of the Week

On Wednesday, September 9, after St. Dominic School Mass, each K-8 class spent some quiet prayer time in Eucharistic Adoration in the chapel. As the seventh-grade class left the chapel, they showed their love and reverence for the presence of Jesus by kneeling at the altar. Our students will learn how to love God and others by setting aside their own self-interests, and do what they prayerfully believe God is calling them to do. We noticed seventh-grade class as they experienced the FAITHFULNESS fruit of the Holy Spirit during Eucharistic Adoration after Mass at St. Dominic School, where Holy Moments happen every day.

Parent Involvement: Thanks to our amazing St. Dominic School PTO for a wonderful opportunity to have a fun time at Mighty Machine Night in our great green space!

MAP Assessment: Between September 14 – 25, students in grades 2-8 will take Measures of Academic Progress Assessments in Reading, Math, and Language Usage. Teachers will decide the best days and time for these three assessments and proctor the students as they take the assessments on their Chrome Book laptops. Your child's results will be shared with parents at Parent-Teacher Conferences in October.
