MACA Parent and Family Engagement Policy

2025-2026

The faculty and staff at MACA are fully invested in the success of all students. Our goals are to create a welcoming and positive learning environment for students and parents; to involve parents in activities that promote student achievement and to provide ongoing feedback to students and parents about child's academic progression. To achieve high expectations of all stakeholders, we must actively and consistently work together to help each student grow to his/her fullest potential.

At the same time, we realize that parents have many home and work obligations that might prevent traditional involvement in the school setting. For this reason, we plan to offer various opportunities for parents to participate in school related functions. In order to ensure strong partnerships among the MACA staff, parents and students, a mutual respect and diverse culture should be recognized. At MACA, we embrace the diversity of our school population and support the individual needs of our families.

Goals for Parent Involvement

- Seek ways to involve parents in activities that promote student achievement
- Encourage child's efforts and be available for questions, meetings and conferences
- Have high expectations for your child as an individual
- Make sure that your child is on time and attends school regularly
- Establish a time and place for homework and check it on a consistent basis
- Attend Title I school functions and have ongoing communication with child's school and teacher
