MISSION STATEMENT

Since "Children are our Greatest Resource" we strive to educate and prepare them for the future.

Our PreK students recently celebrated the letter D with a special “Donuts with Dudes” event! Students invited their dads and special guests to join them for a fun morning of learning and treats. Together they enjoyed delicious donuts while exploring words that begin with the letter D and practicing their letter recognition. The room was filled with smiles, laughter, and meaningful moments as students shared this learning experience with the important “dudes” in their lives. It was a delightful way to make learning the letter D both memorable and fun!

Last week, our elementary students had the exciting opportunity to cheer on the North Central boys basketball team as they headed to Round 3 of the playoffs. Students proudly wore their spirit wear and created colorful posters to show their support. The team stopped by campus on their way to the game, giving our students a chance to wish them luck and celebrate their success.

It was a touching moment to welcome back former students and see how they have grown. Events like this not only build school pride but also inspire our younger students by showing them what they can look forward to in the future. We are so proud of our team and loved being part of their playoff journey!
