Finley-Sharon Public School
School Board Special Meeting
Monday May 20, 2024

President Holly Stromsodt called the meeting to order at 7:00 am via Zoom. Present were Ryan Braaten, Amy Czapiewski, and Chris Grandalen. Also in attendance was Jeff Larson and Business Manager April Grandalen.

Mr. Larson went over the bid from HA Thompson for the boiler project. We haven't heard from the state yet if they have given us the ok to go ahead with the project so we have to wait for them but Mr. Larson thinks we will be approved. The state is going to look at the project this week so we should hear from them by Friday. There was a discussion about the maintenance agreement. Lynn Carlson moved to accept the bid from HA Thompson for the electric boiler upon approval from DPI. Chris Grandalen seconded the motion, which passed with a unanimous vote.
Mr. Larson also reported the condensate pump came and is installed.
Holly Stromsodt adjourned the meeting at 7:29 am.
