

Subject: Introducing the LiveTicket.tv School Network Subscription

Dear LiveTicket Partner,

First, thank you for being a valued member of the LiveTicket.tv family. Your commitment to livestreaming and preserving your school's events has helped create one of the strongest high school streaming networks in the region.

As many of you know, schools across the country have increasingly relied on free streaming platforms to archive and distribute their content. Unfortunately, those platforms have become increasingly unreliable. Since the start of this school year alone, **21 of our 84 partner school YouTube channels have been removed**, resulting in the loss of thousands of archived broadcasts and years of school history. In many cases, schools have little recourse beyond automated appeals and no direct support available.

Whether these removals are due to automated moderation systems or other factors, the outcome is the same: irreplaceable school history can disappear overnight.

That reality is one of the primary reasons we built the **LiveTicket.tv Network**. We believe schools deserve a platform designed specifically for their needs, with dependable archiving, adaptive livestreaming technology, dedicated support, and a long-term commitment to preserving the stories, memories, and achievements of their students and communities.

Expanded Viewing for Your Community

With a School Network subscription, your fans, parents, alumni, and community members can watch your school's away games whenever the host school is also a LiveTicket partner. As our network continues to grow, so does the amount of content available to your supporters.

Our mission has always been about more than livestreaming games. It is about preserving the history of our schools, celebrating student achievements, and ensuring that the moments that matter today remain accessible tomorrow.

Thank you for your continued partnership and trust in LiveTicket.tv. We look forward to continuing to serve your school and community for many years to come.

Sincerely,

The LiveTicket.tv Team
