The Wayne County School System is excited to share a powerful tool endorsed by the **Georgia Department of Education** to help families protect their children online, **Parent ProTech. This is free resource** that is available to all parents in our school district that offers guidance, video tutorials, and practical tips to help you navigate the digital world your child is growing up in. From managing screen time to understanding social media and online safety, Parent ProTech equips you with the knowledge and tools to support your child's digital well-being.

"In today's digital age, it is more important than ever for families to feel confident and informed about their children's online experiences," says Executive Director of Instructional Technology and Innovation **Lisa Watkins**. "Parent ProTech is a valuable resource that empowers parents with the tools and knowledge they need to support safe and responsible technology use at home. We are proud to offer this free resource to our community, thanks to the Georgia Department of Education."

ProTech offers:

- Easy-to-follow tutorials on setting up parental controls on devices and apps
- Guidance on how to talk to your child about online safety
- Tools to help you monitor and manage your child's digital activity
- Support in understanding how to implement parental measures and controls in line with the Social Media Act of 2024
- Digital citizenship lessons and videos for classroom use

📲 **How to Get Started**

Signing up is quick and easy—and completely free!

How to sign up for Parent Protech

1. Go to https://app.parentprotech.com/1060/wayne-county/en/signup?source=admin.

2. Complete the information to create your account. Select "**Add Child**" to customize your view of Parent ProTech resources.

3. Select **Create account**.
