A Family's Right to Know Information as Required by the Elementary and Secondary Education Act (ESEA), Section 1112(e)(1)(A)

September 11, 2026

Dear Washington District Elementary School Families:

Your child attends Washington District Elementary School, which receives Federal Title I funds to assist students in meeting state achievement standards. Throughout the school year, we will be providing you with important information about this law and your child's education. This letter informs you of your right to request information about the qualifications of the classroom staff working with your child.

As a Title I school, we are required to meet federal regulations related to teacher qualifications, as defined in the ESEA. These regulations allow you to learn more about our teachers' training and credentials.

At any time, you may ask:

- Whether your child's teacher(s) met state qualifications and certification requirements for the grade level and subject he/she is teaching.
- Whether your child's teacher(s) received an emergency or conditional certificate through which state qualifications or licensing criteria were waived.
- What undergraduate or graduate degrees your child's teacher holds, including graduate certificates and additional degrees, and the field of discipline for which the certification or degree is held.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, the information above can also be provided.

If at any time your child has been taught for four or more consecutive weeks by a teacher who is not fully certified, you will be notified. If you have any questions about your child's assignments to a teacher or paraprofessional, please contact Mrs. Kayla Yocum at 304-472-6599.

Sincerely,

Kayla D. Yocum,
Washington District Elementary School, Principal
