To provide for full and open communication between the public and the Board of Education, the Board authorizes the following avenues for the exchange of information, ideas, and opinions. The Board believes that many issues can be resolved by communication with teachers, administrators and other staff, and may refuse to address an issue if the individual presenting it has not first attempted to resolve the matter through established procedures and policies.

All regular and special meetings of the Board of Education are open to the public and are conducted in accordance with Missouri Revised Statutes Chapter 610 (Missouri's "sunshine" law) and Roberts Rules of Order. By majority vote, the Board may close meetings for the purpose of discussing certain topics as permitted by law. Such topics include, but are not limited to, personnel matters, student matters, purchase or sale of real estate, and litigation. Closed session topics shall not be the subject of public comments.

A specific designated time is set aside for public comments at all regular meetings. Patrons may address the Board at that time on items of school business. On occasion, patrons may have comments of a derogatory nature towards an individual employee of the district. Public, personal attacks are inappropriate and anything of this nature should be provided to the Board of Education or Superintendent in writing so that the allegations or information can be investigated appropriately.

If you wish to address the board, please complete the bottom portion of this sheet and return it to the board secretary, 24 hours prior to the start of the meeting. Such discussions will be appropriate only during the "Public Participation" section of the agenda and must be directly related to an item posted on the agenda.

- Only items from the posted agenda may be discussed.
- Comments from the audience will be limited to 5 minutes.
- Please state your name and stand so you can be heard.
- No individual will be permitted to speak more than once during this period.
