SCHOOLOGY ACCESS CODE LETTER

Welcome to Schoology! Your guardian access code for your student is provided at the beginning of the year on a letter that looks like this. If you need your student's access code, please contact your student's school directly.
Below you will find instructions on how to set up your guardian account in Schoology. An interactive Schoology Guide for Guardians is available on our website at: https://www.hardycountyschools.com/article/1216017

What Is Schoology?

Teachers use Schoology to post their classroom materials online; provide a safe forum for students to discuss their ideas and collaborate on projects; and to assign and grade work electronically. It helps students stay organized and it keeps the class connected.

A Schoology Guardian Account gives you access to:

- The classes your student is enrolled in.
- Your student's upcoming and graded assignments.
- School and class announcements.

Schoology makes it easier for guardians to stay involved in their student's education.

To sign up for your account scan the QR code below then:

1. **Enter your Parent Access Code.**
2. **Fill out the form with your information.**
3. **Click Register to complete.**

Scan this code with your phone camera to open the parent registration page.

When you use a Parent Access Code to create an account, you are automatically associated to your student. You can add additional students to your account using the **Add Child** button.

Parent Access Codes are *unique to each student* but can be used to make multiple parent accounts. This means multiple guardians can use the same code to monitor student progress and grades.

If your Parent Access Code does not allow you to register or, if the code does not have 12 digits, please contact your child's instructor or school for more information.
