Kelly Kauffman, High School Principal

May 18, 2021

Dear Dr. Adams,

Policy 5517.01 requires me to report semi-annually to the Board President a summary of all reported incidents of bullying. The list is limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events. This letter serves as my report for the second semester of the 2020-21 school year, which is based on documentation provided by building administrators.

At Riverside Local Schools, there were 2 incidents that fell under the category of “verified threatening behavior or harassment” during the second semester of 2020-21.

Sincerely,

Dr. Scott Mann

Superintendent
