FAMILYFIRST HEALTH

For more information, please ask a dental team member.

Dear Parent or Guardian,

Our **Family First Health Mobile Dental Team** will visit your child's school during the school day to provide dental care. The school will have information on the exact dates we'll be there. After each visit, we'll send a **paper** home with your child that explains what we did and if more care is needed.

Dental problems are one of the main reason kids miss school. This program helps kids get dental care without missing much of their school day. The school works with **Family First Health Mobile Dental Program** to plan the day so it's easy for everyone. We will **bill** your insurance if you have it. If not, we may be able to help you find coverage. Students enrolled in the program will get the following care, as needed: dental exam(s), X-rays, dental cleaning(s), fluoride treatments, protective sealants, and oral health education.

For your child to participate, you must **complete a separate enrollment form for each child each school year**. You can do so easily online with a smart phone, tablet, or computer. Forms must be submitted in advance of the first visit to your child's school.

If you don't have a device or internet, ask your school nurse for a paper form to fill out and return to them. We're happy to help your child stay healthy and smiling! If you have **questions**, please call any of our **Family First Health** Dental Sites.

Estimado padre o tutor,

Nuestro **Family First Health Mobile Dental Team** visitará la escuela de su hijo/a durante el día escolar para brindarle atención dental. La escuela le informará las fechas exactas de nuestra visita. Después de cada visita, le enviaremos a casa **un documento** explicando lo que hicimos y si necesita atención adicional.

Los problemas dentales son una de las principales razones por las que los niños faltan a la escuela. Este programa ayuda a los niños a recibir atención dental sin perder mucho tiempo en la escuela. La escuela colabora con **Family First Health Mobile Dental Team** para planificar la jornada de forma que sea fácil para todos. Le facturaremos a su seguro médico si lo tiene. De lo contrario, podemos ayudarle a encontrar cobertura. Los estudiantes inscritos en el programa recibirán la siguiente atención, según sea necesario: exámenes dentales, radiografías, limpiezas dentales, tratamientos con flúor, selladores protectores y educación sobre salud bucal.

Para que su hijo/a participe, debe **completar un formulario de inscripción por separado para cad a niño/a, cada año escolar.** Puede hacerlo fácilmente en línea con un teléfono inteligente, tableta o computadora. Los formularios deben entregarse antes de la primera visita a la escuela de su hijo/a.

Si no tiene un dispositivo o Internet, pídale a la enfermera de su escuela un formulario en papel para completar y devolver. ¡Nos complace ayudar a su hijo a mantenerse sano y sonriente!
Si tiene alguna **pregunta**, llame a cualquiera de nuestros centros dentales de **Family First Health**.

Chè Paran oswa Gadyen,

Ekip Dantè Mobil Nou **Family First Health** la ap vizite lekòl pitit ou a pandan jounen lekòl la pou ba li swen dantè. Lekòl la ap gen enfòmasyon sou dat egzak nou pral la. Apre chak vizit, n ap voye yon **papye** lakay ak pitit ou a ki eksplike sa nou te fè ak si li bezwen plis swen.

Pwoblèm dantè se youn nan rezon prensipal ki fè timoun yo rate lekòl. Pwogram sa a ede timoun yo jwenn swen dantè san yo pa rate anpil tan nan jounen lekòl yo. Lekòl la travay avèk Pwogram Dantè Mobil **Family First Health** pou planifye jounen an pou li fasil pou tout moun. N ap voye yon bòdwo bay asirans ou si ou genyen youn. Si ou pa genyen youn, nou ka ede ou jwenn pwoteksyon. Elèv ki enskri nan pwogram nan ap resevwa swen sa yo, jan sa nesesè: egzamen dantè, radyografi, netwayaj dantè, tretman fliyò, selan pwoteksyon, ak edikasyon sou sante oral.

Pou pitit ou a ka patisipe, ou dwe **ranpli yon fòm enskripsyon apa pou chak timoun, pou chak ane lekòl.** Ou ka fè sa fasilman sou entènèt avèk yon telefòn entelijan, yon tablèt, oswa yon òdinatè. Ou dwe soumèt fòm yo anvan premye vizit pitit ou a nan lekòl li.

Eskane kòd QR sa a ak kamera yon telefòn entelijan
