UNITY HIGH SCHOOL
SUPPLY LIST 26-27

Unity School District will be offering students at all levels an opportunity to purchase a School Supply Starter Kit. At the High School level, the kit will provide materials that will help ensure students are generally prepared for their Trimester 1 courses. The cost of the High School Starter Kit is $30.00. It is important to recognize that parents and students are still responsible for ensuring they have the correct materials for the 2nd and 3rd Trimesters. It is also important to note that parents and students are responsible for purchasing the school supply items separately if they do not choose to purchase the starter kit. All families will be notified when the online registration process opens in mid-August. Please contact the High School Office with questions at 715-825-2101 ext. 1420.

*If you are interested in purchasing your school supplies through Unity, please log into your Infinite Campus portal and go to the school store. (Menu>>School Store) Each school has its own store to purchase the appropriate supplies needed.

*In addition to the items in the Starter Kit, a few other key potential items that are considered parent-provided are: water bottles, a TI-84 calculator, and closed-toed shoes for physical education classes.

As a reminder, backpacks must be kept in lockers and are not allowed in classrooms.

Pre-purchased Supplies (Families may choose to purchase the supplies below on their own or order from the school district as a complete kit):
