

PowerSchool Parent Portal Help

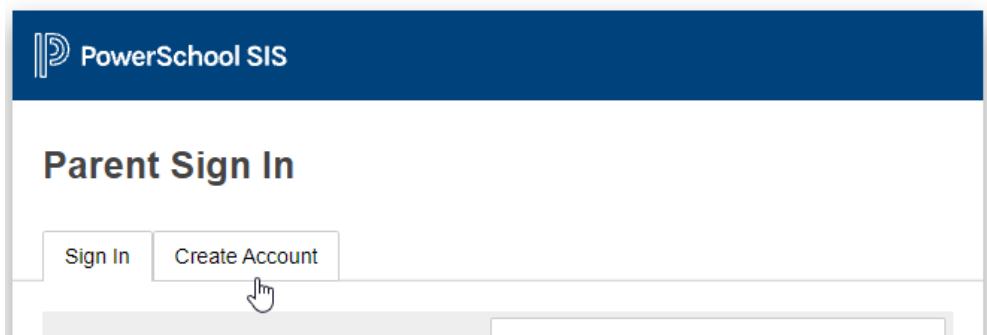

To access your student's information, you will need to create a new Parent Portal account. Follow the steps below to create an account. If you have multiple students, you can add them all to your one parent account.

If you already have a parent account but have forgotten your username or password, choose the *Forgot Username or Password* option. When using this option, you *MUST* use the same email that you used when creating the account.

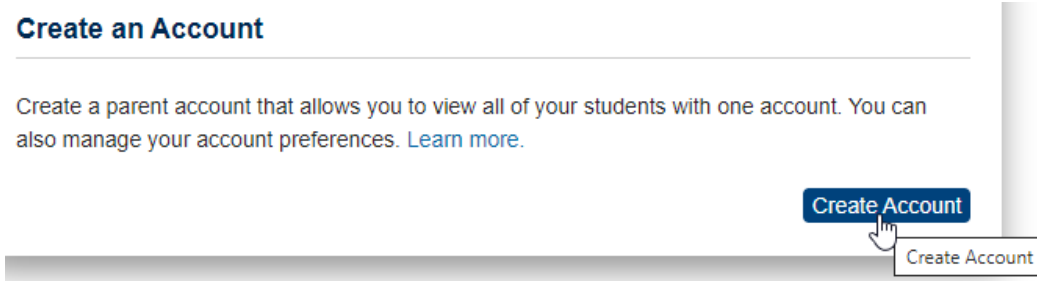

How to Create an Account

Go to <https://cullmanco.powerschool.com/public/> or ccboe.org/grades

1. Click the Create Account Tab.

2. Next, click the Create Account button.

- You will then create a username and password (must be 8 characters, contain at least one uppercase and lowercase letter, at least one number, and one special character). This will be what you use to login to the Parent Portal.

The screenshot shows a web form titled "Create Parent Account" under a "Parent Account Details" section. The form includes input fields for First Name, Last Name, Email, Re-enter Email, Desired Username, Password (split into two boxes), and Re-enter Password. Below the fields, a "Password must:" section lists five requirements: 8 characters long, at least one uppercase and one lowercase letter, at least one letter and one number, and at least one special character.

Re-enter Password

Password must:

- Be at least 8 characters long
- Contain at least one uppercase and one lowercase letter
- Contain at least one letter and one number
- Contain at least one special character

- Next, complete the Link Students to Account section. The Access ID and Access Password are case sensitive and unique for each student. Access ID and Access Password can be found on the bottom of the student's Report Card or by contacting your student's school. Be sure to add all of your students under Link Students to Account before submitting. Scroll to the bottom and click enter when Enter.

Link Students to Account

The screenshot shows a form titled "Link Students to Account" with a sub-header "Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account". It features a tab labeled "1" and input fields for Student Name (John), Access ID (000000001), Access Password (masked with dots), and a dropdown menu for Relationship (Father).

Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account
