## Foreword

Here is your book! We, the Annual Staff, have had it for almost a year and now it is yours.

This picture record of West Point's people and life and our attempt to recapture the spirit of 1963-1964 is a memorial that you will treasure all of your life.

The Annual Staff would like to express their sincere appreciation for the co-operation given us by each faculty member and each student.

We hope that you will enjoy the 1964 Warrior as much as we have enjoyed publishing it.

An aerial photograph of West Point High School. The school is a long, rectangular building with a flat roof and a series of windows along its side. It is situated on a grassy field. In the foreground, there is a large, open area, possibly a sports field or parking lot, with some trees and a road visible. The background shows more trees and a hillside.

## Alma Mater

Alma Mater here us pledge our loyalties,  
To thy name our hearts atune.  
In our Memories we will keep thy truths forever,  
Faithful to the white and maroon.

West Point High, Thy spirit ever guide us  
To great heights along life's trail.  
For our school, comrades, joyful praises sing  
To old West Point, All Hail!

# Dedication

As we look around, we see the familiar and friendly faces of the students at West Point. The Campus is filled with the gay spirit and laughter.

Even though the students come and go, the shiny faces and bright smiles seem to remain year after year.

The school has a Credited Reputation for its fine scholars and outstanding citizens. Because of your sound feelings for the students, who have brought us spirit, achievements, fun, and happiness, we, the WARRIOR STAFF of 1964, dedicate the '64 WARRIOR to the STUDENTS of West Point High School.

## ***In Memoriam***

JANICE MORROW

September 27, 1963

Janice's picture is missing from the senior portraits; however, we will never forget her sweetness and kindness. It has been said that God picks the fairest of the flowers for his Heavenly Garden. She lived seventeen splendid years doing all the good she could and enjoying life to the fullest. During her school days here at West Point, she, like the rest of the class of '64, was preparing for the theater of life. Although she had only seventeen swift years, she had learned her lines well. Surely the Master Teacher has a more elaborate stage set for Janice than any we shall see on this earth.

## Principal's Message

TO THE EDITORS, SPONSOR, ANNUAL STAFF, STUDENTS, FACULTY, PARENTS,  
AND CONTRIBUTORS TO THE YEAR'S WARRIOR:

A great deal of hard work, cooperation and coordination are essential to the publication of any book. This year's publication of the WARRIOR is no exception. It has been inspiring to watch the cooperative spirit in which this annual has been brought together. This wonderful cooperation of the faculty and student leaders in developing school spirit is evidence of what can be attained by working together for common goals.

We sincerely hope that this annual will be profitable for our contributors, and a wealth of joyous memories for those who purchased an annual.

First Grade  
B.A., St. Bernard

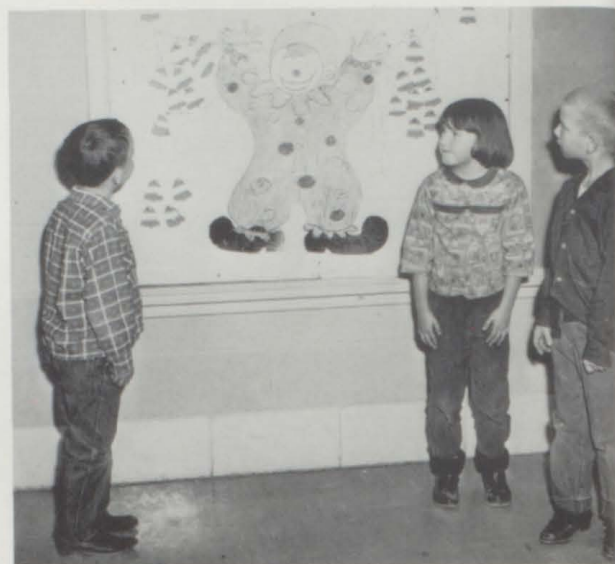

EDITH B. WIX  
First Grade  
B.S., Florence

ESTHER GOODWIN  
First Grade  
A.B., St. Bernard

A vital achievement in the First Grade is the happy and favorable attitudes developed toward school, the teacher, and classmates. The program includes development of skills in listening, speaking, writing, reading, science, health, social studies, and arithmetic skills.

LOU TILLERY  
Second Grade  
B.S., Livingston

NORA F. BRIDGES  
Second Grade  
A.B., St. Bernard

ANN KEENER  
Second Grade  
B.S., Florence

Third Grade pupils have a busy schedule from the first bell of the school term, until the last bell at the close of the year. They are taught Reading, Writing, Language, Science, Social Studies, Current Events, Spelling, Physical Education, and Arithmetic. Every minute of the school day is planned and the child participates in a learning situation from early morning until school is out for the day.

Second Grade pupils are taught reading skills from their basic reader. Reading is carried over into Science, Health, Social Studies, and many books are provided for reading pleasure. We teach the children good health habits and the need for being healthy. Arithmetic comes in many ways. We use out text, but also have many occasions for incidental arithmetic. Social Studies, English, Spelling, Art, and Music come in our unit work.

In the Fourth Grade the curriculum is planned with the interests and abilities of children in mind which includes Arithmetic, Social Studies, Science, Safety and Health, Art and Music.

The Sixth Grade studies consist of Reading, Spelling, Language and Writing. In Social Studies we study about our neighbors; Canada, Latin and South America. In Science, Health and Arithmetic we try to lay the foundation for Junior High.

The Fifth Grade is an adventure into growing up - where we get our first sampling of American History and a study of all our fifty states; taste of long division and fractions; an introduction to parts of speech; an expansion of our circle of literature characters and heroes; and a continuation of many things learned our first four years in school.

## Class History

31 of our Seniors began at West Point in the first grade and received all their education here except a few who wandered off and then returned again. In the seventh grade 14 more of those graduating this spring joined us. 8 came from Battleground and 6 were lucky enough to be moved up a grade because they were the smartest ones of an overcrowded class. We went through our junior high years with little change. Only those few who moved away and a few who joined us at various times.

Then came the beginning of our senior high years. We had many new students to get acquainted with. 13 came from Jones Chapel, 9 from Vinemont, and 5 from Logan. 11 joined us in our junior year from Cullman and 3 from other schools.

In our junior year we enjoyed giving a Chicken Supper in order to give the seniors a banquet, which we hope they enjoyed as much as we did.

To begin our senior year right, we got our rings and wore them proudly. Soon we began selling magazines and sold the most ever at West Point. It is exciting to be selecting our senior play, song, motto, and the many other decisions that the senior class must make together. Now we are eagerly waiting to receive our diplomas.

"If I get that page back just one more time, I'll slash my wrists" . . . "And what's wrong with a balanced layout?" . . . "You put those pictures back! Whom do you think you're stealing from?" . . . "How in the world are you going to make that horizontal picture fit in that vertical space?" . . . "What do you mean, this shipment goes off Wednesday?" . . . "Give me that pencil or I'll swat you with my ruler" . . . "Get your crummy hands off my pictures" . . . "Don't snap that shutter, it's loaded" . . . "Get your big feet off my layout sheet" . . . "And how did you get the page numbers mixed up, Dear?!"

As these typical remarks filled the tiny publication room, the staff scrambled desperately against time to produce the school's largest annual.

Half the fun of being a spectator is the contest to out-yell the opponents boosters. A study of the spectators in the thrill of the game will disclose a wide variety of facial expressions - humorous, serious, exuberant, tired, proud, sad, and joyful.

# Fast and Captivating

What can be more breath-taking than a tied score with only a minute left in the game?

A foul shot with seconds to go, a smooth skillful goal, or a thrilling victory over a traditional foe by only a few points, are all moments to remember.
