# *Dedication*

To one who has long deserved the honor, we humbly dedicate this yearbook.

This dedication is but a small token of our heartfelt thanks, especially from the seniors, who have profited so much through your guidance and to whom you have generously devoted so much of your time and energy.

**E**ducation through direction and guidance by our Administration and Faculty has and still will produce capable and dynamic leaders for our modern day of living. The students and faculty at West Point work together to solve our current everyday problems.

WEST POINT PUBLIC SCHOOL

ROUTE FIVE

CULLMAN, ALABAMA

The inclusive purpose of education is to help the individual achieve the fullest development of his own individual powers and to lead him to see that his individual powers can reach their wisest and fullest development only as they are made to conform to the general welfare in an industrialized democratic society.

I feel that the achievement on the part of the annual staff and the efforts on the part of the teacher sponsor, plays a vital part in fulfilling the purpose of education.

My congratulations to the student body, annual staff, senior class and our generous business men for making this 1958 annual possible.

Earl York  
Principal
