TENINO SCHOOL DISTRICT

Superintendent, Clint Endicott

Assistant Superintendent, Amanda Jewell

To our Tenino Community,

The 2025-26 school year is off to a fantastic start! It's a pleasure to highlight the incredible dedication of our staff, who continue to create enriching educational experiences for our students through dynamic assemblies, engaging activities, and rigorous learning. Our recent community events saw outstanding participation, and we're thrilled to see our students thriving across a wide range of academic areas

Thank you to our voters who have supported our programs and the ongoing improvements we have been able to undertake throughout the district. The support of our community makes Tenino a fantastic district for our students to learn and grow. We are deeply committed to supporting one another, and we believe that by keeping student success at the heart of our work, we unlock extraordinary possibilities.

If you have any questions about our district, please contact me at 360-264-3420.

On Tenino!

Clint Endicott, Superintendent

AS A DISTRICT, WE ARE COMMITTED TO THE 4 C'S:

Community: We are a community committed to the success of all students

Care: We care for ourselves, our students, our staff, and our community

Collaboration: We work together for the benefit of our school community

Celebration: We regularly celebrate our successes

PARKSIDE ELEMENTARY

Principal, Mr. Brock Williams

(360)264-3800

www.facebook.com/PESPenguins

www.teninosd.org/o/parkside-elementary

Welcome Back Penguins!

Once again, the Staff at Parkside Elementary feels blessed to have such wonderful students to work with each and every day. Our new students and families are learning the Parkside drop-off and pick-up routines which helps all of our students be safe entering and exiting our school. Thank you!

Parksiders are off to a great start. They have already completed their first month of school and our attendance rate is up and our behavioral referrals are down. When students are at school on time and on a consistent basis, they are here learning right along their classmates and don't need to play catch up. When students miss school or are late to school this impacts their ability to learn at the rate they are capable of. Parents, please continue to get your child to school and on time. The investment you put in now will benefit your child in the years to come.

-Mr. Williams

Summer Addition
Over the summer, we were able to have these handrails added to the covered walkway

Sub/Kindergarten

Accomplishments in 2024-2025

Each spring our students participate in Reading and Math Assessments to help our school learn where we need to focus our effort in the coming school year. For the fourth year in a row Parkside Elementary far exceeds the Washington State average. Our students outperformed other Kindergarten, 1st and 2nd grade students on the iReady Assessments. In Math our students scored 30% higher and in Reading they outperformed their counterparts by 27%. The amazing work our students, their families and our staff did last year and the years leading up to this assessment is proof that through hard work and doing our best, great things can happen. Our students know that some things are easy, and some things are hard, but we never ever give up on ourselves. We keep working hard and improving.

Cowboy Buck

helped kick off our school year with an upbeat assembly emphasizing the Words of the Month we teach each month throughout the school year.
Our students loved it!

Our 1st and 2nd graders have already read over 3,222 books and are averaging 37 minutes of reading at home each day.

TENINO ELEMENTARY

Principal, Mrs. Jennifer Van De Wege

Welcome Back Tigers!

The school year has taken off like a rocket here at Tenino Elementary, home of the Tigers! Our students and staff are truly reaching for the stars as they dive into a year filled with curiosity, collaboration, and cosmic levels of learning. Classrooms are buzzing with energy, and our data already shows impressive gains in both reading and math as students build confidence and mastery. Whether they're exploring new concepts, tackling challenges with grit, or celebrating each other's successes, our Tigers are proving that when we aim high, the sky's not the limit—it's just the beginning.

COMMUNITY

Our school community has also been shining bright beyond the classroom. The majority of our students and staff have joined in our spirited events, showing their Tiger pride through creativity and enthusiasm that light up the halls. Families continue to play a stellar role in our success—staying connected through our communication platforms, attending school events, and partnering with us to ensure every child feels supported and inspired. Together, we're creating a constellation of learning, joy, and community that makes Tenino Elementary a place where everyone can truly Reach for the Stars!

BACK TO SCHOOL

TENINO MIDDLE SCHOOL

Principal, Mr. Rand Hodgson

(360)264-3600

www.facebook.com/tenino_middleschool

www.teninosd.org/o/middle-school

Welcome Back to School!!

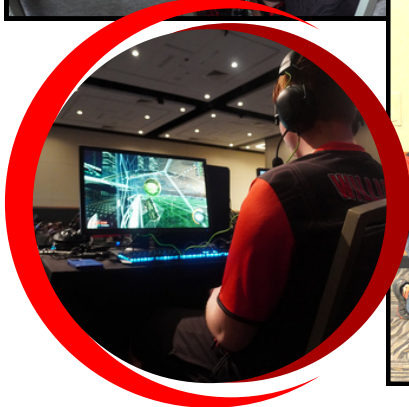

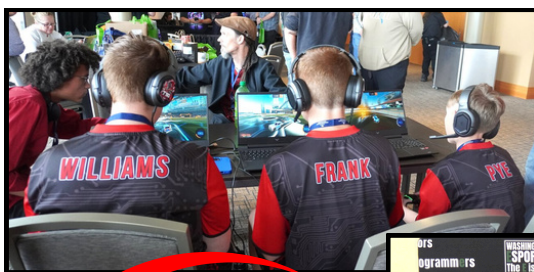

It's been a great start to the school year at TMS. Our new 6th grade class started the year at Cispus where they learned about teamwork and Washington's amazing natural resources. We have started several honors level classes to provide options for students ready for a challenge. Our "Off and Away" cell phone policy and the new "No Energy Drinks" policy are helping to keep our students focused and learning more. Fall sports are getting ready to wrap up and Wrestling and Girls Basketball have opened registration for the coming season.

-Mr. Hodgson

Celebrating Success

This year we are tackling student tardies with "tardy sweeps" and a call home every period. It's having a positive impact on learning as students are in their classes when the bell rings and they are ready to learn. We've seen a double digit drop in daily tardies compared to previous years. Where we went from 37 tardies in a day down to 6. Thank you for encouraging your students to get to class on time.

Scholastic Esports

Last Spring, Tenino Esports Rocket League team claimed first place in the state championship! The team, led by Mr. Phillip Harrington, finished the regular season as the ONLY undefeated team in their conference and went into the state championship as the top seed.

Scholastic Esports is competitive video game playing where schools compete against each other in a variety of individual and team games. The coolest part is that it was only their FIRST year competing! So exciting for all!

TENINO HIGH SCHOOL

Principal, Mr. Scott Hyder

Assistant Principal, Mrs. TerriAnn Schiferl

(360)264-3500

[www.facebook.com/
teninohighschool](https://www.facebook.com/teninohighschool)

www.teninosd.org/o/high-school

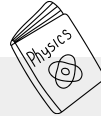

Welcome Back to School!

We've had a fantastic start to the school year, building on the momentum of last year's successes. Our State Test scores saw tremendous growth, and we're proud to see that progress continue. Students have embraced our "Off and Away" cell phone policy, and teachers are already seeing higher levels of focus and engagement in the classroom.

As we move forward together, we want to highlight the importance of attendance. Being present every day matters — each day brings new opportunities to learn, grow, and move closer to your goals. Regular attendance ensures you stay connected with your classes, your peers, and all the experiences that make THS a great place to learn and thrive.

THS is a remarkable place to learn, grow, and make lasting memories. We're grateful for the incredible support from our community and proud of the positive energy that fills our school. Let's make this year our best one yet!

Mr. Hyder

New Classes at THS!

We're also excited about the new classes introduced this year, including Physics, Video Production, and Mythology—building on last year's addition of Pre-Calculus/Trigonometry. These new offerings give students even more opportunities to explore their interests and challenge themselves academically.

FOOD SERVICES

We are excited to welcome Sodexo to the Tenino School District Team. Our food service staff have done an excellent job of onboarding a new food service management company to our district. This opportunity has brought many changes to our food service program and the availability of additional menu options for our students. We hope this change continues to entice student involvement in our food service program as all kindergarten through eighth grade students qualify for free breakfasts and lunches. Currently, not all our high school students qualify, but we ask all families to complete the CNEEB application found on the next page to help all students district wide to qualify for free breakfasts and lunches.

STUDENT SERVICES

Tani Houk, K-12 Program Administrator

HIGHLY CAPABLE PROGRAM

Tenino School District recognizes that students have unique academic needs and for some of our students, they need structured, advanced, academic learning opportunities. Tenino is committed to providing students these advanced academic opportunities in all grades. Nominations are accepted throughout the school year and are reviewed twice a year for Highly Capable services.

Parents, teachers, staff, students, or community members may nominate any Tenino School District student in grades K-12 to participate in evaluation for Highly Capable services. If you wish to nominate a student, please contact our K-12 Administrator, Tani Houk.

WHAT IS TITLE 1, PART A?

Title I, Part A is a federally-funded program designed to provide supplemental educational services for children who are most at risk of failing to meet the state's student academic achievement standards in English Language Arts (ELA) and mathematics.

Students in kindergarten through 5th-grade at both Parkside Primary and Tenino Elementary School benefit from the supplemental education services (SES) provided by Title I funds in Tenino School District. These opportunities allow schools to provide needed interventions to ensure students meet academic standards. Program support is given in a variety of ways such as Kindergarten readiness, differentiated instruction, small group interventions, and tutoring.

Parents can influence the success of their child more than any teacher or federal program. Parents of students that are Title I qualified enter into a School-Parent Compact. This compact includes the school, parent and student role in regards to student success, communication about student progress and how families and schools can develop a partnership to assist in student growth.

School Meal Programs

Child Nutrition Eligibility & Education Benefit Application (CNEEB)

Dear Parent/Guardian:

Completing the Child Nutrition Eligibility & Education Benefit (CNEEB) Application may qualify you for: free or reduced-price meals, Summer EBT benefits, reduced fees for other programs and activities. It may also help secure funding for our school district.

Please take a moment to complete this important application. If you have any questions about the application process or questions in general, please contact TSD Food Services at 360-264-3420.

For additional information on our School Meal Programs or to access a fillable PDF version of the CNEEB application, please visit "Food Services" on our website by scanning the QR code below.

SUMMER PROJECTS

AROUND THE DISTRICT

THANK YOU TENINO VOTERS!

As a district we can't thank the community enough for the support of our schools. Our team has been working to ensure projects across the district benefit the students, staff, and community. Every dollar helps to provide student services and enrich the student learning experience. As a district we are continuing to help provide better accessibility across the district. Two major projects to help meet this goal were the installation of a new accessibility playground at our Elementary School and the installation of a ramp at the Middle School. Safety is also a top priority for our facilities as we've installed new entry systems at each of our buildings and installed speed bumps in areas to reduce speeds and keep students safe. Our maintenance team continues to work hard to maintain our aging facility by making improvements to our stadium seating, repairing aged hot water tanks, painting, landscaping and more.
