Kacie Rodgers, Assistant Superintendent of Curriculum

FOR IMMEDIATE RELEASE**Richland County CUSD #1 Addresses Reported Social Media Threat**

Good afternoon, One Tiger Nation,

Earlier this week, Richland County CUSD #1 was made aware of a potential threat involving the school district that was reportedly shared through Snapchat. An image of the alleged threat began circulating within the community, prompting immediate action by district administration and local law enforcement.

Upon receiving the report, the district worked closely with our School Resource Officers and the Richland County Sheriff's Office to investigate the matter thoroughly. Through their collaborative efforts, School Resource Officers were able to identify the origin of the post and coordinate with law enforcement agencies outside of Illinois to gather additional information.

The investigation determined that the Snapchat message originated from a juvenile residing in another state. Based on information gathered by officers in that community, the individual acted alone, and investigators have found no evidence of any plans to carry out a threat against the district. Law enforcement has determined that there is no credible threat to our schools.

The safety and security of our students, staff, and visitors remain our highest priority. We are grateful for the swift response and cooperation of our School Resource Officers, the Richland County Sheriff's Office, and the Investigating Police Department. We also appreciate those individuals who reported the information promptly. Situations such as this demonstrate the importance of speaking up when concerns arise. Prompt reporting allows school officials and law enforcement to investigate quickly and take appropriate action.

Richland County CUSD #1 remains committed to maintaining a safe, secure, and supportive learning environment for all students and staff. We appreciate the partnership and vigilance of our families, community members, and local law enforcement agencies as we work together to protect our staff and students.
