Tippy's TOOLBOX

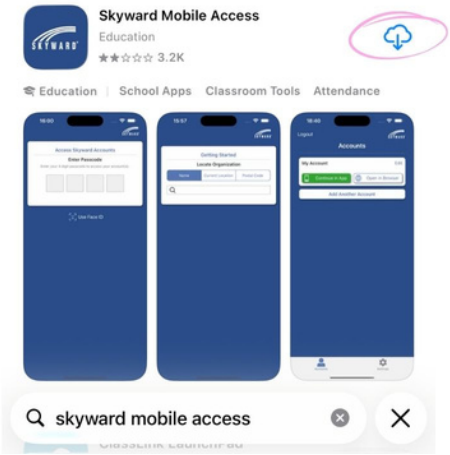

MOBILE APP INSTRUCTIONS

Qmlativ uses the same mobile app that users downloaded for the previous version of Skyward!
To ensure you have the most up-to-date version for Skyward Qmlativ, the app must be removed and then reinstalled.

1. **Delete the existing app:** If you already have the Skyward Mobile App, please delete it from your phone. Press and hold the Skyward app icon, then select “Remove App” from the menu.

2. **Reinstall:** Visit your App Store, search for “Skyward Mobile Access,” and tap install.

3. **Log in:** Once the app has finished installing, log in using your existing credentials and follow the prompts to finalize your account setup.
(Note: Parents who are also employees should use their network username and password to log in.)

4. **Need help?** If you need assistance with your username or password, please call your school’s office for a reset.

5. **Watch & Learn:** These brief videos demonstrate the installation process and highlight some of Qmlativ's best features:

***Family Access**
***Some features shown may not be available for your students/school**

***Employee Access**
