

Dear Parents and Guardians of Prek-8th Grade Students:

Each school year, our county calendar includes **five weather-related days** built into the calendar to account for school closures. Once these five days have been used, the district allows **five Non-Traditional Learning Days**.

During a Non-Traditional Learning Day, students are expected to complete assignments at home and return them to school. When school is canceled and you are notified that we are having a Non-Traditional Learning Day, your child will complete **one section of the Snow Day Packet**.

For example:

- On the first Non-Traditional Learning Day, students complete **“Snow Day #1.”**
- On the second Non-Traditional Learning Day, students complete **“Snow Day #2,”** and so on.

Students will have **no more than three days** to complete the work and return it to school. If your child does not have a packet or misplaces it, they may complete the assignments on a separate piece of paper and turn it in.

If your child(ren) needs help completing assignments, please call your child’s school or email your child’s teacher for support. The high school will continue following their established procedures for completing assignments on Non-Traditional Learning Days.

We appreciate your support in helping your child stay on track with learning, even when school is not in session.

Thank you,

Braxton County Schools
