Algona Community School District- Fall 2026

## Ms. Metz

### HS Geometry & Pre-Algebra

Ms. Stephanie Metz joins the teachers at AHS after being a Teacher Associate in the district for five years: three in the middle school and two in the high school. Ms. Metz holds a Bachelor of Science in Math Education from Western Governors University. Her family includes her boyfriend, Gary, along with two dogs, Rogue & Luna. They moved to Algona from North Dakota in the fall of 2018. They often get asked "why Algona?" Their best answer is "we are finally home." It also helps that Algona is the halfway point between their families.

### Hobbies/Interests

They enjoy being outside, regardless of the weather. Warmer weather has them at the race track, golfing, fishing, or sitting on the deck with friends. Cooler weather has them enjoying just being outside, adventuring out on country roads, and when the ice cooperates, ice fishing. Ms. Metz also enjoys making t-shirt quilts, and currently has five that she is working on.
