ACSD Bus Scanning Guidelines For Students

Card scanning instructions:

1. Find the scanner to your right as you enter the school bus.
2. Hold the card about a hands-length away.
3. Swipe by moving the card up + down.
4. Make sure you hear a beep.
5. Proceed to your seat + buckle up.
6. Scan the card again when exiting the bus to record your last location.

Scanning your ID card is required every time you get on/off a bus:

1. It helps keep track of your attendance on buses.
2. It helps your parents see if the bus arrives at the correct time + place
3. It helps the school know you got home or to an event safely
4. It helps us know your location in case of an emergency
