Freshmen

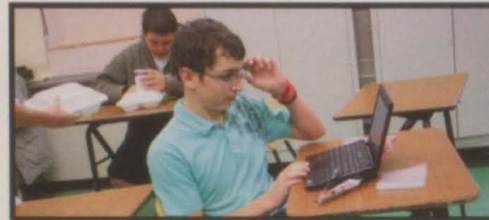

Being a freshman is a lot different from being in middle school. The work is more difficult and you have to take on more responsibilities. We went from being top dog to being little freshmeat. Even though we are freshmen, we still get to attend all the dances just like every other high schooler. Freshmen enjoy every minute of it, because before we know it, we will be walking down the aisle to graduate wondering where the time went.

"You got to dance like there's nobody watching, Love like you'll never be hurt, Sing like there's nobody listening, and live like it's heaven on earth." says
Caitlyn MacDowell

Sophomores

Finally, we are not the freshmen anymore! What a relief. We have come a long way and still have a ways to go. It has been a great two years so far! We are all learning to cherish the memories that we all have made together, because time goes by so fast! We have all had a great high school career so far and are excited to see what is to come in the next two years.

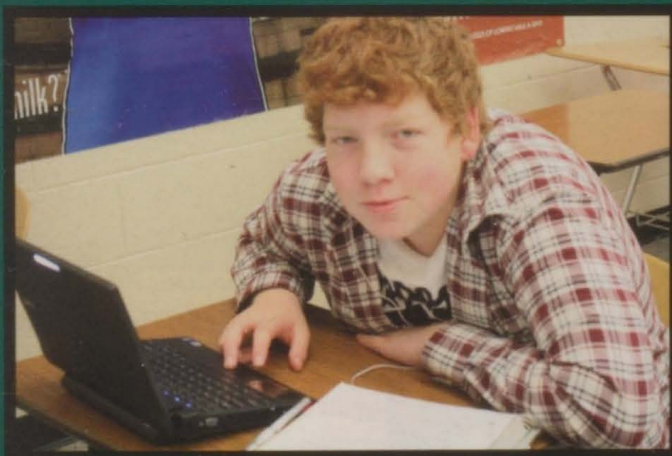

Derek Ward said, "Life's short, live it up to the fullest, because you never know if there's a tomorrow."

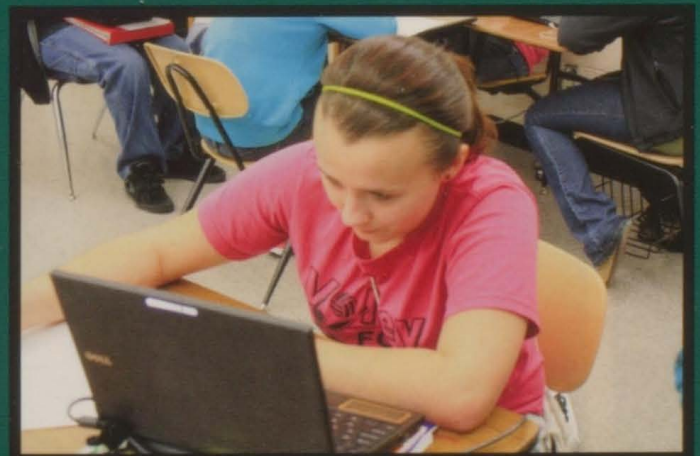

"You blink and your high school career is gone."
-Rodney Hesselink

Kylie Coffey said, "It seems like yesterday I was a freshmen. It's halfway over already!"

Logan Schupp said, "Being a Sophomore, is better than a freshmen!"

"Sophomore year has been interesting. It comes with it's ups and downs."

Juniors

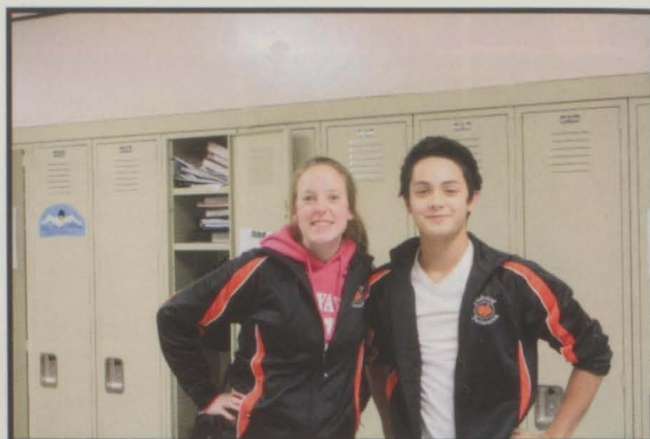

Adam Graber exclaimed, "I'm finally an upperclassman and it feels so good!!"

Cody Mesnard said, "Being a junior was great!" here pictured with Shane Aney and Ilisa Salo.

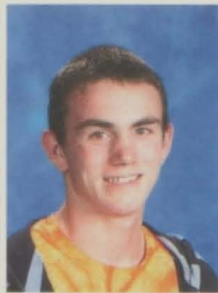

Josh Nainan commented, "My junior year was pretty fun, we are a great class."

We're almost there, only one more year to go. It's crazy how fast high school goes by. The junior class is finally upperclassman, but they are not seniors yet! They still have many challenges to overcome such as the ACT, MME, and ASVAB, along with the tougher class schedule. This junior class is destined for greatness. They were lead by their class president Mikayla Graham and other club leaders, Adam Graber, Christine Galloway. This type of leadership is prevalent in our school. Next year they will have big shoes to fill, but that shouldn't be a problem, they are a very smart class.

Seniors

Our senior class of 2012 was a very tight knit group. With 53 people in the class, it was hard not to be. Over the years we had our ups and downs, from joining schools together in 6th grade to taking the next step of our lives, and graduating high school. We have had many memories with each other and we are unique class and our memories will be with us for the rest of our lives. Our class is led by our Valedictorian Carrie Berkompas, National Honor's Society President Lindsey Davis, and Class President Tyler Wilson. We are not sure where life will take each of us, but we have left our mark on this town.

Foreign Exchange

Chalita ROUNGMUNKONG (Jing Jing) is from Thailand. She speaks English and her native Thai language. She said that the differences between America and Thailand is that there is not much traffic and that it is much colder. Chalita said that the best thing she likes about America is the people. Her favorite food back home is all of the spicy food. For fun, Chalita likes to play the piano.

Chalita exclaimed, "American is so cool!"

"I like the American people because they are very friendly and nice. "

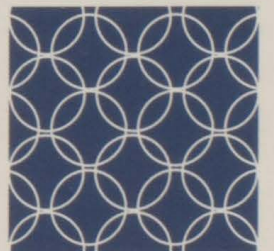

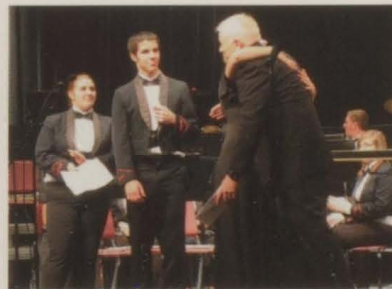

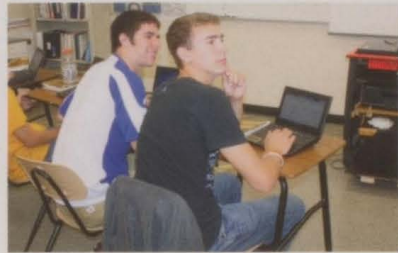

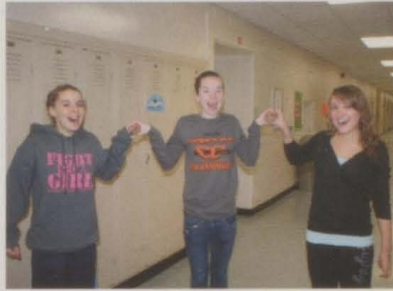

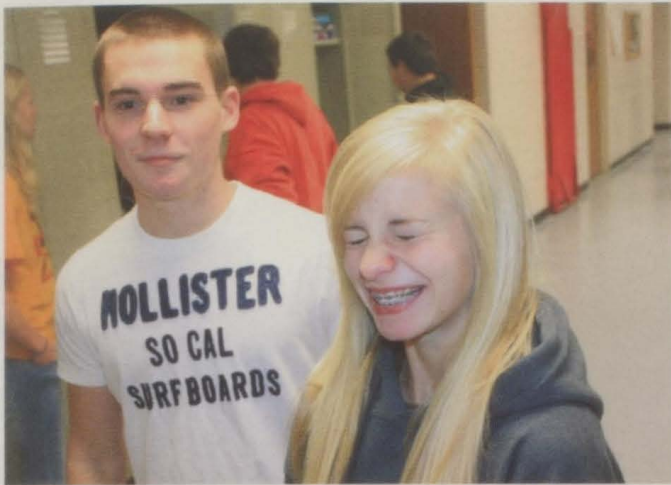

-Maria Satterlid

Palida Amatawate is from Bangkok, Thailand. She can speak Thai and English. Palida said that everything is different from where she lives. The food, language, education, social, and culture. She said the best thing she likes about America is everything is on time. Her favorite food back home would have to be noodles. For fun, Palida likes talking with her friends.

Maria Satterlid (Adtrid Maria) is from the South West part of Norway. She can speak Norwegian, German, and is on her second year of Spanish. Maria said that there is not much of difference between America and from where she lives, except for the food and there is not a lot of public transportation here, which they have a lot of in her country. Her favorite food back home is tacos. They are a little different from the American tacos. Maria likes to hang out with her friends for fun.

Palida said, "America is amazing!"

Science

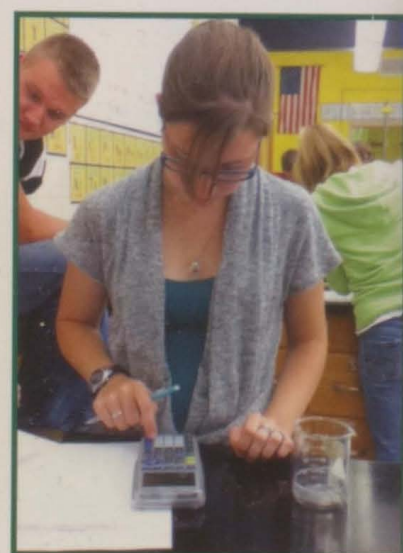

Science teaches us about humans, nature, animals, and planets. Science presents ideas based on observation, which become theories. Throughout school and life you will be discovering different methods of using science. Improvements in technology and science are altering our world at an amazing speed. There are two teachers in the science department. Mr. Kaminski teaches Biology, Anatomy, and Forensics. Mr. Peterson teaches Chemistry, Physical Science, and Advance Placement Chemistry.

"It's pretty cool class." remarked, Abigail Berkompas.

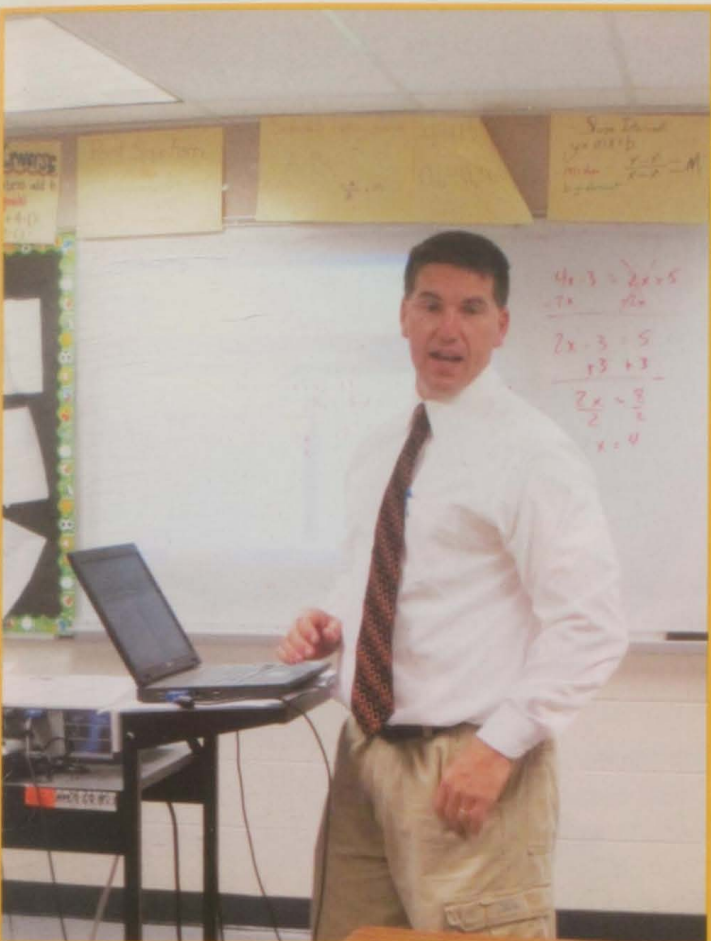

Kayla MacDowell exclaimed, "I like doing the labs."

Catherine Robertson proclaimed, "It's tons of Fun."

Math

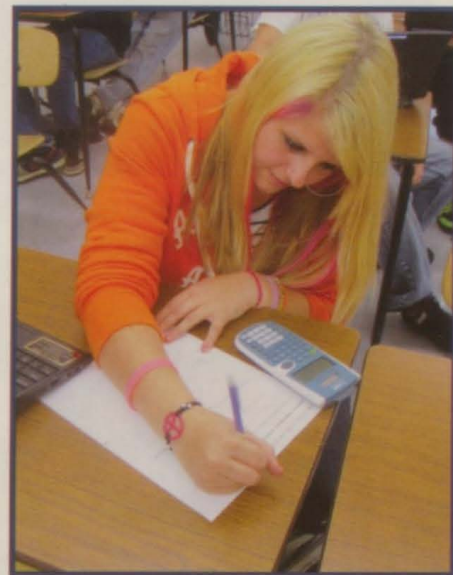

Math is a universal subject; math is used every day whether you realize it or not, from counting your money to baking, and everything in between. Math helps solve problems that occur in daily situations. It is a valued skill that will always contribute to your success. Mr. Maloney teaches Algebra 1, Algebra 2, Algebra 2A, Algebra 2B, and F.S.T. Ms. Verdoni teaches Algebra 1, Geometry, Pre-Calculus, and AP Stats. Ms. Verdoni says, "Mathematics is crucial for all students to develop critical thinking skills and become better problem solvers in all aspects of life."

Mr. Maloney stated, "The application of Math is critical for the advancement of science and technology."

"I think it's a hard class to grasp, but we have good teachers, so it's all good," said, Samantha young.

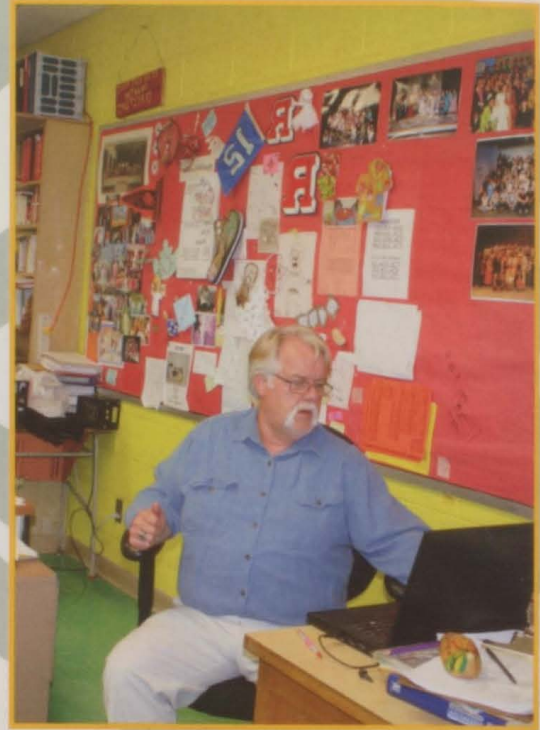

"Math is really easy this year, and I actually enjoy it, because I understand everything and Ms. Verdoni is great!" exclaimed, Leanne Smith.

Pauletta Conger commented, "It's a nice class. I do like math. Math can be hard times, but remains fun."

English

English may sound like an easy subject, but if you really want to succeed, you have to work harder than you think. Without English our world would not be the way it is. Without the communication and the writing skills people would be lost and our world would be a whole different place. In our Language Arts department, we have three teachers, Ms. Hardy English 9, Mr. Taylor English 9 and 10, and Mrs. Leach English 11,12 and AP Literature. Ms. Hardy says, "I like a English because you can be creative and express yourself."

"I like the flexibility and the use of words," says Mr. Taylor, pictured above. In English 10 they read *The Crucible*, *The Adventures of Huckleberry Finn*, and *Of Mice and Men*. Students also need to compete four book reports in this class.

Mr. Taylor's sophomore English class learning about the *Crucible*

Mrs. Leach says, "I enjoy teaching English because I get to discover and rediscover in words on a page that come together in a sentence, a poem, an essay, a short story, a novel, etc."

Social Studies

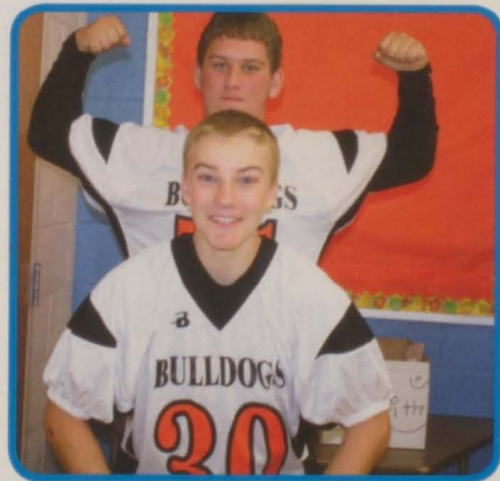

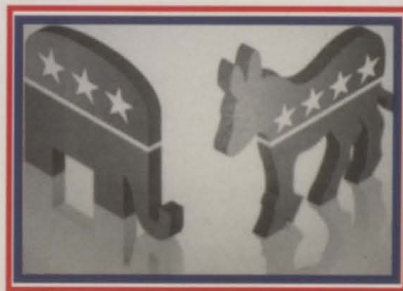

Alex Traynor, pictured to the left said, "Thumbs up to a good day!"

Discovery, collection, organization, and presentation of information may not sound like Social Studies, but it some of the key things you need to help you in history. The main purpose of Social Studies is to develop social and civic awareness. It increases citizen participation and helps you make decisions that will change the world we live in. Our teachers in this department are Mr. Wilson- US History/Geography, Mr. Smith- World History and Geography, and Mr. DeYoung- Civics, AP Economics, AP Government, Film as History, and Economics. Mr. Wilson says, "What I like about history is that it affects every part of our lives. Without history, our lives are meaningless."

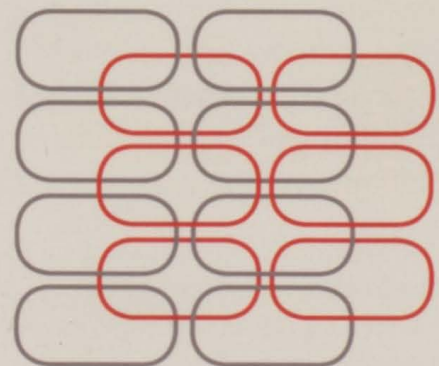

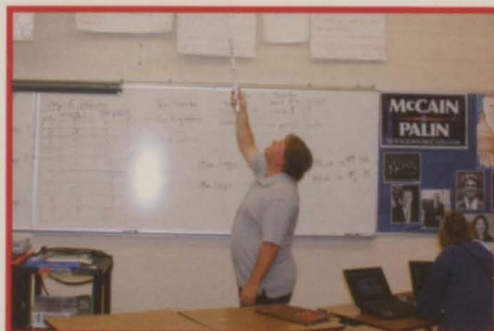

Mr. DeYoung said, "Civics allows me to introduce the American government to our upperclassmen. Civics is a fast-paced, whirl-wind class that puts the student in charge of their learning experience."

Mr. Smith commented, "You can always learn something from history, it doesn't matter if you already knew something about it."

Mason Stierley and Owen Mills, pictured to the right ask, "Do you know where the weight room is?"

Physical Education

Gym is a fun time to let loose and get all your stress out. During P.E. you will swim, play basketball, dodgeball, and prison ball. Physical Education makes you healthier, and it shows you how to stay physically fit your entire life. Rudyard gives students a chance to join Advanced P.E, Health, or Weightlifting. P.E. teaches life skills like, how to exercise and what types of exercises you should do to to stay healthy. Mrs. Duncan teaches the Advanced P.E., Health, and Weightlifting classes while Mrs. Perry teaches a Weightlifting class also. Kayla Coffey says, "P.E is a great way to stay healthy and fit."

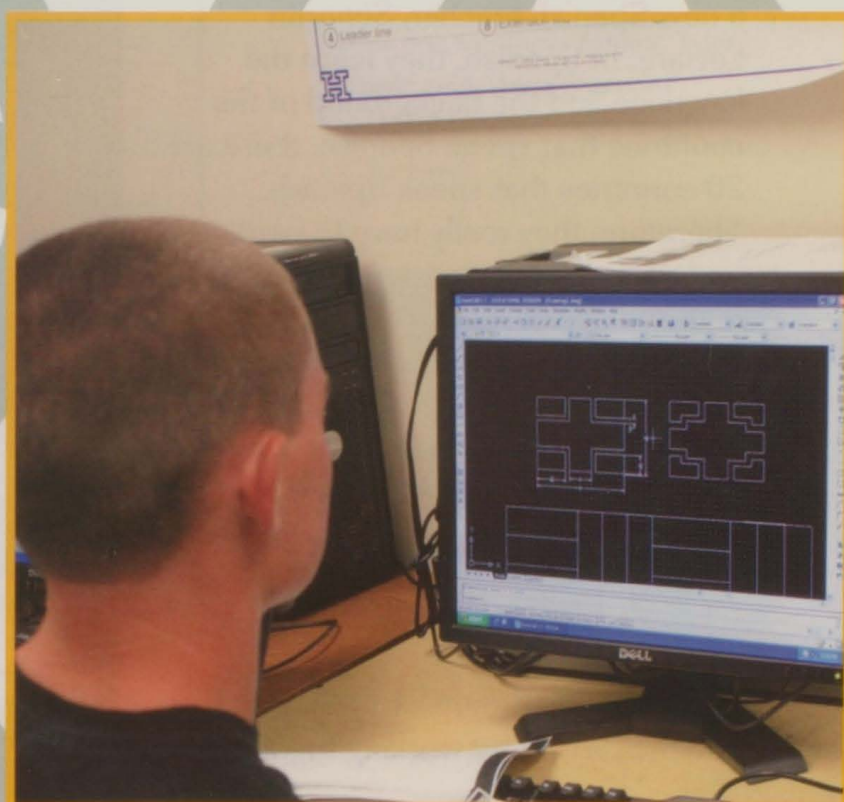

"Weightlifting is very fun class you get stronger every day and it helps people to build character." – Shane Aney

"Who did this? Did you look with your eyes open?" said Mr.Kwiatkowski in the picture to the right.

Emiley Barrett is the only girl in eight years to stay in welding class.

"I decided to take welding class just for something different to try and I actually like it now." said by Emiley

Rudyard gives students a variety of classes to take for Industrial Arts like: GIT, Advanced Woods, Welding, and CAD. GIT is a beginners class for students in wood works; Advanced Woods would be the next class. In CAD you make structures of absolutely anything on the computer, just like something an architect would do. Welding is a fun class where you get to learn many different kinds of welds.

Spanish

The Spanish students learn about the food, music, dance and the holidays of the Spanish people. This year they have a new Spanish teacher, Senorita Leclare. In Spanish, they learn the language and the background of the countries that speak Spanish, there are 20 countries that speak Spanish. Therefore, they really have to work to understand the Spanish heritage. Some of the things they have learned so far are the months, the days of the week, and the last they will learn will be the seasons. The seasons are: Spring – la primavera, summer – el verano, fall – el otoño, and winter – el invierno.

Senorita Leclair says” I care about my students, we all try working together”

Native Studies

Mrs. McLeod changes her boards with the lesson she teaches that week.

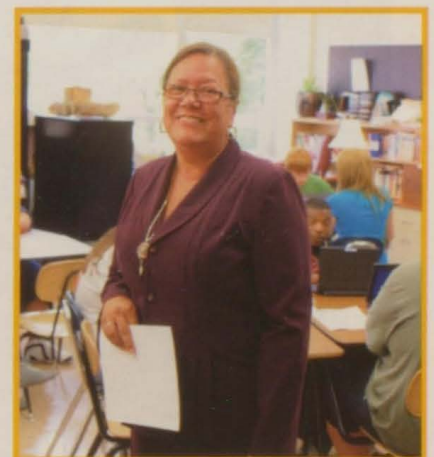

Below are: Matthew Zahara, Tyler Forbear, and Maria Saeterlid learning their vocabulary words for the week.

The native studies teacher is Mrs. McLeod but to her students she is Mrs. Benasheqwe. Students learn the Native language, they have feasts, they play games, and they learn about the culture. They study for tests and make flash cards, occasionally they make games with their words to help them study. Some of the words they learn are: Grandmother- "Nokomis", Sister - "dawemao", Brother - "niijki wen", Aunt - "zigos/ziigos", Uncle - "zhishenh", and Son - "regwis". Mrs. McLeod also teaches her native students their native heritage. Danielle Petingalo says, "Native studies is a fun class to be in, we do lots and learn lots."

This is just one of the very cool Native American Artworks in the classroom.

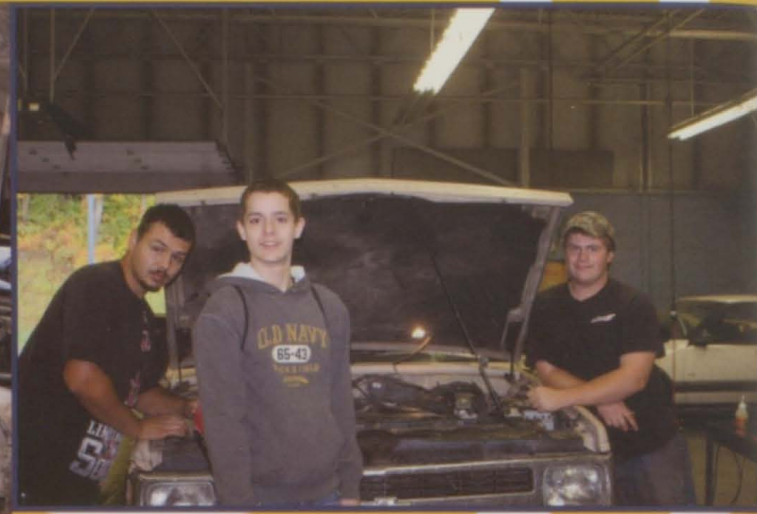

Mrs. Benasheqwe's student's say, "She is cool and awesome!"

"I get to do what I love to do at Career Center."

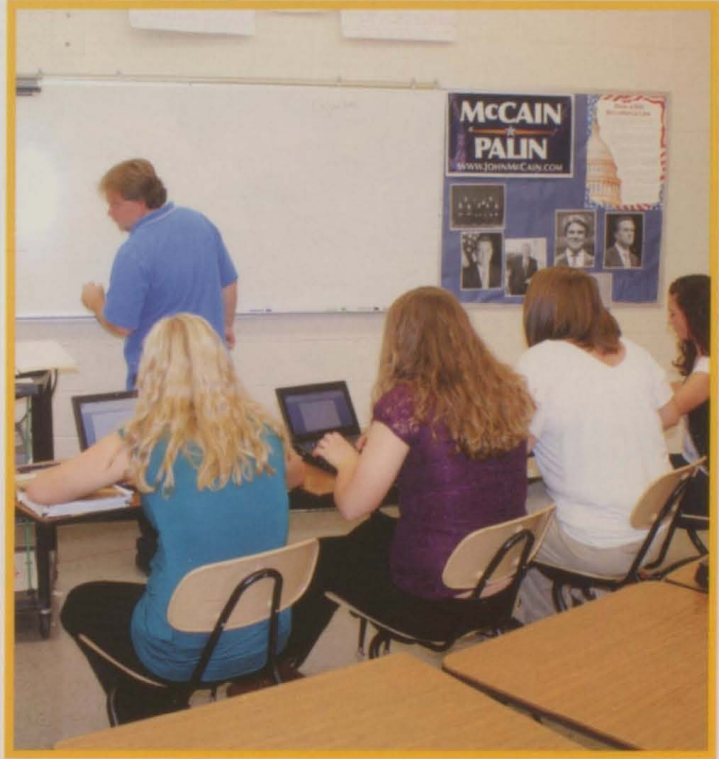

Dominique Tremblay

The purpose of Sault Area Career Center is to provide career technical education, career guidance, and work based learning opportunities for all Students. Career Center offers: administrative services, accounting, business management, marketing, drafting, welding, machine tool technology, construction technology, automotive technology and allied health. This year we had 6 students attend the Career Center. Dominique Tremblay- Allied Health, Shane Aney, Keith Bolonga, Alex Hooton, and Ryan Nault- Automotive, and Isaac Suggitt- Drafting

Advanced Placement

Advanced Placement, or AP Classes are college classes that are offered to high schoolers. This year the AP Classes are Chemistry with Mr. Peterson, Government and Economics with Mr. DeYoung, Literature with Mrs. Leach, and Stats with Ms. Verdoni. They give students the opportunity to take a test at the end of the year to get college credits. Students must have a 3.3 to take AP Government.

About B.S.T....

B.S.T. stands for Business, Service, and Technology. It uses a hands-on approach to introduce students to the various 21st Century technology skills. It helps them discover their interests and talents in business and explore their potential for careers in various occupations. This course covers units on note taking, study skills, career exploration and preparation, business applications, 21st Century technology tools, business ethics, and finance and credit. B.S.T. is required for all the freshmen, and must be completed for graduation.

Mrs. Nason said, "I want this in the Yearbook, because it is one of my biggest pet-peeves!"

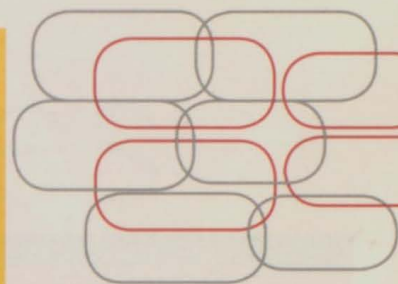

"B.S.T. is very fun and I love Mrs. Nason!"
-Cali McCollum

"I love B.P.A. because the hotels we always stay at have hot tubs!"
-Jamie Royer

Monica Malaski said, "The trips rock!"

Kelsee Horrom said, "B.P.A. is a lot of fun!"

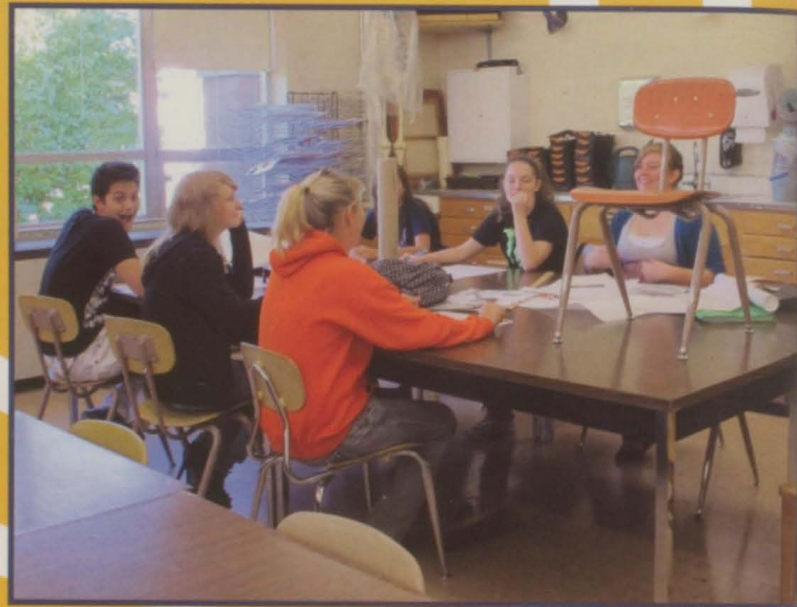

Logan Shupp said, "I love eating lunch in Mrs. Nason's room for B.P.A.!"

B.P.A. or Business Professionals of America, is a club for students with an interest in a career in business and with a focus on leadership. Students in B.P.A. participate in Regional, State, and National competitions. The adviser for B.P.A. is Mrs. Tina Nason. The B.P.A. club meets in Mrs. Nason's room weekly to set-up community service projects, to plan for the competitions and discuss fund-raising ideas.

ART

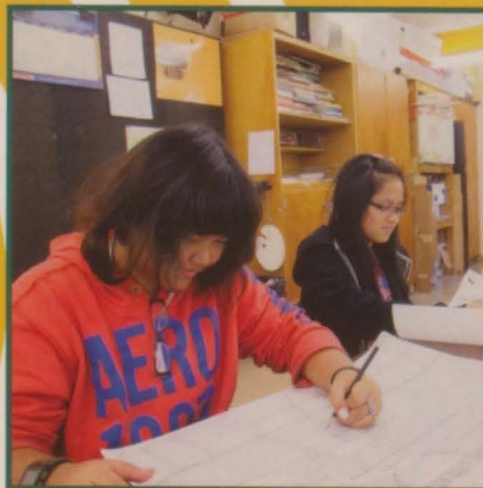

Art is important because it opens your mind to a whole new world. It is a blank canvas for the imagination. You can draw flowers, abstracts, sculptures, architectural buildings; all things are possible. It is timeless and it is found in every culture. Having an appreciation for art allows you to stop and enjoy the beauty that can be found in the world; and a good it's way to express your feelings. Mr. Guimond is the teacher who brings these ideas to life. Students also have the opportunity to join Art Club. Each year the Art Club has an opportunity to take a trip to

Adam Graber says, "It's fun and gives you the unique ability of creative freedom."

Carrie Gable says, "It's interesting, there's a lot more about art than you would expect."

Chalita ROUNGMUNKONG says, "I think art's so funny."

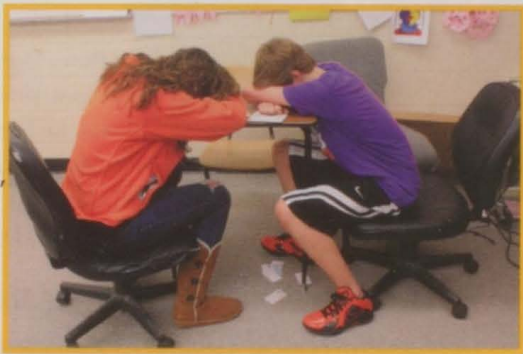

Mr. Guimond compliments his students he said, "good job."

Editors Notes

This yearbook includes pictures, quotes, fun times, and great memories. We had a great class with a lot of hard working yearbookers. I would not have been able to create the yearbook without all of you. It took some time to get started because of the new net books, but they turned out to be a great asset. My saving grace was Sammy Raffaele. Without her this yearbook would have a lot of typos and grammatical errors (so if you find them tell her). Brittany Brown and Rodney Hesselink were the ads crew this year, they did a great job handling everything to do with money and ads. We continued the Snap Cup tradition that started last year with Jesse Rye, and everybody loved it! We had some struggles with deadlines and the blue screen of death, which deleted everything off my netbook! Overall, I think we worked well together and had a great year. Thank-you to everyone that helped make this yearbook amazing!

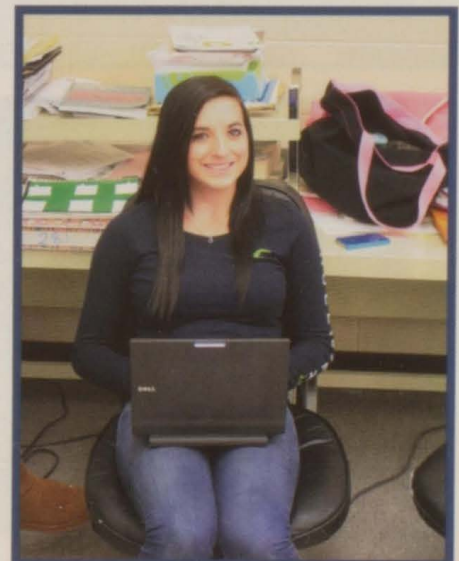

Brittany- Ads Manager and Rodney- Treasurer, "working hard" on their pages...

Our second greatest achievement (other than the book itself), was this yearbook wall. If you ever had a question you were to refer to the wall. Sammy was the creator and the maintainer of the beautiful wall.

Below: Samantha Raffaele my Article Editor/whatever I need her to do person. She has done whatever I needed, sometimes not in a timely manner but I could always trust that it would get done.

What would have to be one of the most fun classes at RHS? BAND! Despite the cold weather, they played through the entire games at all home football games, and even at playoffs against St. Ignace. It takes a lot to make a band. It takes hard work, teamwork, and the ability to play an instrument, in sync. It's harder than it looks!! It's quite impressive how well our band pulls it off though. They give this school a lot of spirit.

Drama

It's not drama, It's Performing Arts.

Drama is a class where you can have fun and let go; it's a class where people see the real you. It's a place where you can just be yourself and goof off. When asked about drama class, Mr. Taylor tried to cover everything that goes on, he said, "drama is an understatement, so I decided that instead I will call it Performing Arts, because drama is just basic acting, and they do more than just that. They also look at theater history, costumes and stage decorations." Jessy Trotter said that she loves drama class and, "it's a class where you can really express yourself and have fun!"

"Once Upon a Mattress"

This year students performed the play, "Once Upon A Mattress." "The music in this show was phenomenal, it just had a special magic to it," stated director and teacher Mr. Taylor. The musical was spectacularly beautiful and you could tell a lot of time was put into it this year. "I loved working with everyone that decided to audition for the musical, I really had a fun time and I will always remember it being part of my senior year." says senior Carrie Berkompas.

One of the many signs S.A.D.D. places around the school promoting a drug free life.

Below: one of the many signs promoting the dance.

S.A.D.D. members, believe the use of alcohol and other drugs is self-defeating. They believe driving under the influence endangers lives, when people ride in a vehicle with a driver that is under the influence, they endanger themselves. The group handed out bracelets to students during red ribbon week, the bracelets said "life is a journey, travel drug free." This year's S.A.D.D. has been extremely active. For bullying prevention week, S.A.D.D. brought in a guest speaker and followed the assembly's message by providing a drug fact during announcements every day. During Christmas they sponsored a needy family. S.A.D.D. members and NHS members sponsored the winter dance called the "Frosty Fling". S.A.D.D. takes steps to stop bullying and is willing to help any one that feels they are being bullied. Mrs. Leach is the club's adviser.

N.H.S stands for National Honors Society. To become a member, you need a 3.5 GPA, you must show qualities of service, character, excellence, and leadership. NHS accomplished a lot this year, trickier treat for UNICEF, anti-bully week, Snow Ball, Fall Festival, and many other things. This year's N.H.S planned an anti-bully week. They started the week by writing things they were insecure about on shirts,

The days of the week were: Tuesday- black day to stand against stereotypes, Wednesday- red for no hate, Thursday- purple day for acceptance, and Friday- bright color day to brighten someone's day. On Tuesday there was assembly to talk about the effects of bullying on people. The students learned a lot about the effects and hopefully will think twice before bullying. Thank you NHS for providing that message and providing unsung support and service to our community.

This year, Rudyard Schools started the "Intercession" week, which means students who are failing a class, have to take that class for a week and students who are passing, get to take "fun" classes.

Golf

The golf team of 2011 had a rough year. They started the season with twelve participants but ended with only three. The main golfers were Logan McMillan, Adam Sexton, Christine Galloway, they did well for such a small group of athletes. Logan McMillan was the leader of the team, he placed very high in most of the tournaments and helped the team stay positive even with their lack of numbers.

Back Row: Brenna George ,Brittany Gillett, Ilisa Salo, Kayla Coffey, Coach Yancho, Middle Row: Briana Davis, Christine Chung, Leanne Smith, Cortney Coffey Front Row: Kylie Belleville, Brooke Tremblay, Ashlee Bonnee Cassandra Davis and Dominique Tremblay.

This years J.V. girls had a blast as a team. They learned a lot about the game. With many new players, the girls knew that they had to work hard, learn multiple fielding positions, and dedicate themselves to improve. Their finishing record was 7 wins and 6 losses. They ran as fast as they could, hit as hard as possible, and reached for every fly ball, and stayed low for all of the grounders.

"For my first year is was a great experience, I definitely learned a lot" commented, Cortney Coffey

"Softball was fun this year. The girls had a blast and worked great as a team together!"

Front Row: Jacob Harrison, Zebron Dahms, Francis Nolan, Daniel Stocker, Alex Wonders, Lukas Steikar, Justin Krugar, Alexander Hooton, Billy Bonnee (Manager)

The boys had a winning season with a record of 13 wins and 6 losses. They had fun and learned a lot about baseball. For many it was their first time playing, while others had skills and techniques from previous years. The leaders of the team really helped others and never quit playing, even when times got tough. They tried their hardest and put a lot of effort forth.

"I believe baseball teaches life skills. Many of the adversities we face during the game will be the same things you will face later in life. Baseball builds skills for achieving in all areas of your life."

Missing: Mackenzie Gibson-Offensive Player of the year

The Rudyard Varsity Softball team of 2011 had one of the best years in the history of the program. They finished the season with a record of 19-15 after starting the year 2-8. They broke about every school record offensively and will be in the MHSSCA record book for most doubles and runs scored. "It really didn't surprise me the way we improved throughout the season. We had a lot of talent all the way through the lineup. It was a very fun year and after struggling to start the year off we responded quickly and could play with anyone at the end of the year." comments Coach VanSloten. The girls won the first District Title in school history, finished 3rd in a very tough 8 team tournament in Petoskey, beating several class A and B schools for the first time ever. "I have a great group of girls coming back that will make 2012 something to look forward to." says Coach VanSloten of the coming season.

"I don't want to be just a face. I want to go out there and prove something on the field." -Jennie Finch

Ashlee Bonnee, above, commented, "Softball is, by far, my favorite sport. I'm so lucky to have gotten the chance to play with these girls. They made it totally worth it and I I couldn't ask for a better team. Fbgm!"

Front row(left to right): Connor Myers, Alex Warner, Brady VanSloten, Jake Harrison, Caleb Salo, John Rosebrock, Lukas Steikar, Justin Kruger, Kyle Roe, and Travis Myers.

The varsity boy's baseball team was coached by Ron VanSloten. They had a very successful season with a record of 22-7. They won their district with a 16-4 win over the Pickford/Cedarville Pirates. This district win was the 9th out of the last 10. In regionals they lost a close game of 6-5 to Gaylord St. Mary's. The team had a lot of talented players. Jared Clark, team captain and senior pitcher and outfielder, was named MVP by Coach V. He also made 1st Team All-State and "Pitcher of the Year". Ryan Hendrickson made 2nd Team All-State. Both of these players made All-Region. All Conference players were Tyler Wilson(1st team) and Willie Jacobus (2nd team).

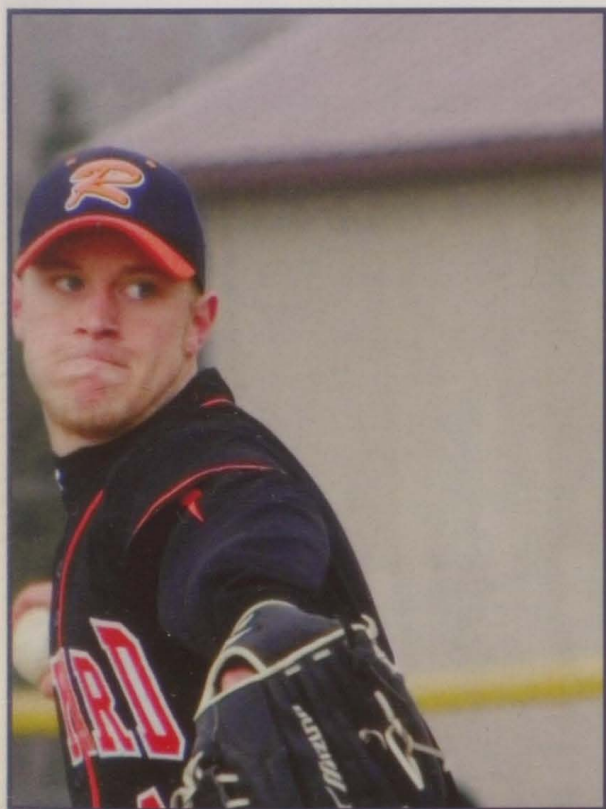

Captain Tyler Wilson, left, declared, "We had a pretty good team with a solid record. Some things I'll never forget is when Coach VanSloten got ejected during the Gaylord game, and all of the times we played the question game on the bus."

"Baseball is a simple game. If you have good players and if you keep them in the right frame of mind then the manager is a success."

-Sparky Anderson

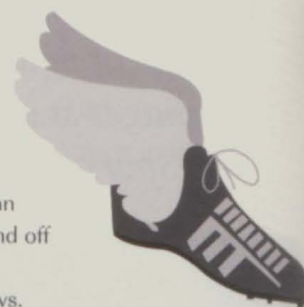

Brady VanSloten and Jacob Harrison were the rookies of the team, both being underclassmen. Even with this, they both played very important roles on the team.

Track

Breaking records and doing the best they can is what this year's track season was all about. The small team always left them lacking when it came to team wins, but that never stopped them from winning as individuals. Hunter Perry shattered the Discus record by eight feet with a throw of 120' 11. David Jarvie also now holds the mile record with a run of 4:35. Jared Clark is the state champion in the 200 meter dash missing the school record by only milliseconds. Many other athletes broke their own records too! Which made this year a successful season! This was all thanks to the wonderful coaches; Mr. Maloney, Mr. Rice, and Mr. Fountain. "Some people watch track to see who the fastest is, I watch to see who has the most guts." -Coach Maloney

cross country."

The Cross Country team had a great season this year, despite the hectic start. Their previous coaches, Mr. and Mrs. Jarvie retired, so Mr. Rice volunteered to be the coach. He was tough from the first day but they are grateful to him for taking on this role and pushing them to do their best. The Cross team this year had a strong group of 17 girls and 9 boys.

The Cross season started out in Newberry. Everyone did well, especially for it being their first meet. The team members continued to do well throughout the whole season. One meet in which they did well was in Escanaba. Both teams were placed in the big school division. Leah Jarvie placed first overall. Then there was U.P. finals. Both team were ranked lower than expected, but proved them very wrong at the meet. Girls took first for the second year in a row The boys finished fourth exceeding many expectations. Great job!

J.V. Football

This year the J.V. football team had a very productive year. They learned a lot and really prepared themselves for their years to come on Varsity. The team worked hard together and played their hearts out. Junior Varsity football was coached by Tom McKee. Although their season wasn't the best, they tried their hardest and kept getting better. "All around I would say we had a pretty good year." stated sophomore Tyler Wilke.

"My favorite part about football was definitely scoring touchdowns!" says sophomore Rodney Hesselink.

J.V. Volleyball

1..2..3. Bulldogs!

Big block for Savannah!

This year the Rudyard J.V. Volleyball team did overall pretty good, with our Team Captain leading the way, Shiloh Spencer. Not only did we do great in our games, we also did pretty good in our tournaments. "They are a great group of girls and they have great chemistry. They were very hard working and encouraged each other. They are a fun, respectful group of young ladies with dedication and hard work [they] will be better next year!" said Ms.Yancho.

Varsity Football

This year's team made it to the second round of playoffs, they tied the second best team in Rudyard history with the 2009 and 1986 teams. They ended with a record of 7-4. There was many players that made Offense 1st Team All Conference including; Jared McCoy, Caleb Salo, Tyler Wilson, Brandon Radle, and Tyler Fountain; Defense 1st Team All Conference included; Scott Smith, John Rosebrock, Tyler Wilson, and Elliot Diepenhorst. The coaching staff, Head Coach Pat Maloney, Defensive Coach Matt Johnson, and Assistant Coaches Herb Maloney, Frank Michaels, Nick Zwiefel, Tom McKee, and Jim Suggitt, did an excellent job leading the dogs. They worked hard in the off-season by showing up for passing routes, lifting, and 7 on 7's every week! Coach Matt Johnson commented on the season "We were tough, physical and had fun. Our seniors showed the model for how the program needs to practice and play!"

Varsity Volleyball

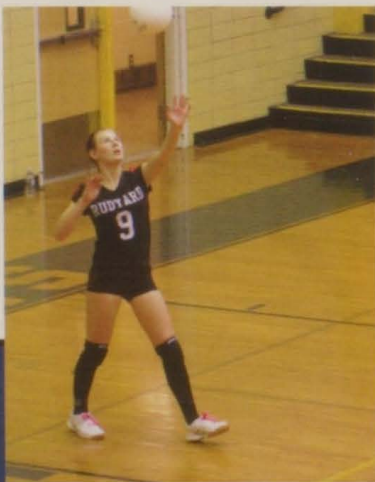

The Varsity Volleyball team had their best season in years. Not only did they make it to regional finals, but they had a winning record of 29-19-4. They won their home tournament and took second in both the Bellaire and Escanaba tournaments. The chemistry on the team was excellent. Seniors Morgan, Hunter, Lindsey, Cora, and Cortney led the team throughout the year and really brought everyone together. Hunter and Morgan were the Team Captains. "The 2011 Varsity Volleyball Team was very committed and determined to reach their goals! Among those goals were Academic All-State Team and our District Championship! I was very pleased with the dedication and team unity we had this season!" Coach Perry declared.

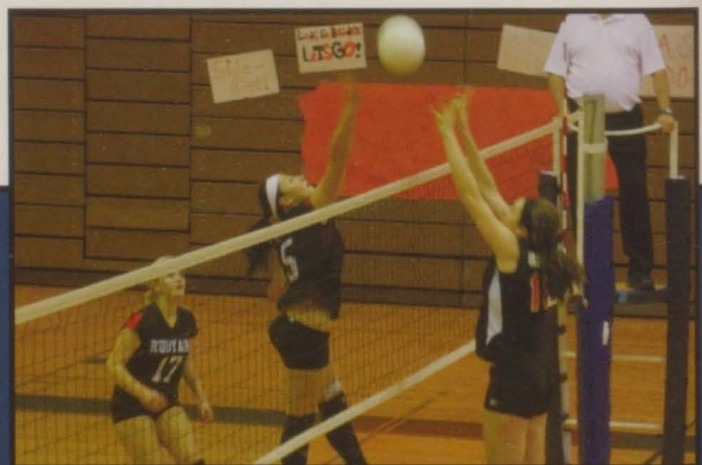

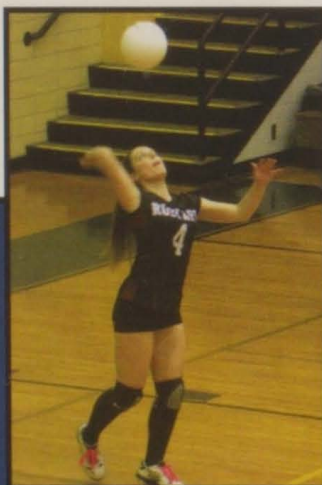

Ashlee Bonnee broke the school match record for assists of 31 with 46.

Homecoming

Homecoming was great this year! The hallways were filled with a ton of great outfits. Seniors dominated the other classes in spirit. Our spirit days included: Duct tape/tin foil day, dress up day, music genre day, injury day, and of course orange and black day. Seniors also took first in float building this year with their country theme. The football team played a very exciting game against Newberry, coming out on top with a score of 14-13! Our court representatives this year were: freshmen Michael Musielak and Kasey Roe, sophomores Brandon Hughes and Brooke Tremblay, and juniors Garrett Laponsie and Dominique Tremblay

Wrestling

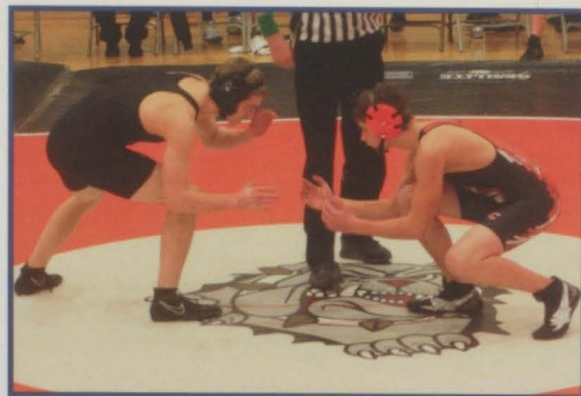

It was all about team this year for the Wrestlers. Almost doubling in size since previous years they were able to become more of a power house at meets, and their efforts showed. With second place finishes at both Saginaw and the home tournament; Bridge Brawl. No one doubted the hard work they put in, and with such a young team, we will all be hearing much more about them next year. They wouldn't be anywhere though, without the help of this year's new coach Mr. Smith.

Swimming

This years swim season was very successful. Swimming is not the easiest sport, but it is good if you like to be challenged. It consists of swimming about 2,000 yards per practice. They had quite a few new faces this year, but everyone quickly learned the ropes and did very well. Even though they had an extremely small girls' team of only 8 girls, they placed 5th overall at U.P. Finals. Both the 200 Medley Relay team and the 400 Free Relay team consisting of Ilsa Salo, Brenna George, Abby Berkompas, and Carrie Berkompas; placed 3rd. The boys placed 4th overall at Finals. The relay team of Adam Sexton, Josh Nainan, Gage Thibert, and Adam Graber broke the 400 Free Relay record. There were also a lot of personal best times that were received at UP's this year.

J.V. Girls Basketball

The J.V. girls had a good learning and building season. The girls were led by a new coach Marty Terrian and on the floor by leading scorer Becky Schwesinger. They had many close games this year, that included an overtime win against Engadine 51 to 47. The girls learned a lot from the new coaching staff and bonded together as a team. They are very excited for next year and moving on to the varsity team!

The J.V. boys' basketball team had a great season. The team consisted mostly of freshmen with only four sophomores. They started the season successfully and continued impress and improved from there. They all worked hard as a team. Each player was an asset to the team as well as working to improve his individual score. Their record was 6-8 and their conference record was 4-3. The top rebounders were Brandon Hughes and Owen Mills and the top scorers were Zack Steikar, Brandon Hughes and Owen Mills. Freshmen Owen Mills said, "At first I was apprehensive about playing with sophomores because I really didn't know them. But the season went well and I'm glad I got to play with this group of guys." Our J.V. guys had a great season this year and we hope to see them do just as good next year.

"We have a great bunch of outside shooters, too bad all of our games were indoors," explains Austin Trotter

Varsity Girls Basketball

The girls started out this season with a new coach and a new attitude. Mr. Butler took over coaching the girls this year, which definitely took some getting used to. They all had to learn different offenses and defenses than they had used before. At the end of the season they came up with a big win over the Engadine Eagles and the Rogers City Hurons and played very close with the Sault also. They practiced hard all season long, even at six in the morning! In the end it is all a twenty game tune up to districts.

"We worked hard with the new coach, we had our ups and downs, but overall we did great!" - Hunter Perry

"Push yourself again and again. Don't give an inch until the final buzzer sounds."

- Larry Bird

"20 game tune up!" - Morgan Zeeryp

"Beating Engadine was the highlight of our season!" exclaimed Megan Trotter.

Varsity Boys Basketball

As always the 2011-12 was promising right from the get go. Starting the year with a perfect nine and O record. The Bulldogs finished with an outstanding 18-5 record. The team worked hard throughout the summer and those efforts payed out during the season. Using tough losses to the Sault and St. Ignace, as fuel to their fire to succeed, the team worked even harder in practice, kept their heads up. Having played together throughout their basketball careers starting in fourth grade, the senior class had great chemistry this year. The younger guys on the team came up big as well making the teams success a "One team, One Family" effort through and through. The boys made a great run in the playoffs, winning the District, and losing a close back and forth game in the Regional Semi-final. Caleb Salo & Tyler Wilson made 1st Team All Conference, Jared Meehan made 2nd Team All Conference, with junior Cody Mesnard receiving Honorable Mention!

2012 Spirit-week

For the 2012 Sweetheart there were many of changes. We started spirit week on Friday because we had no school the next Friday. Also the basketball games were different because the Varsity Girls played first this year, and the boys played second. The opponents this year were the Sault Ste. Marie Blue Devils. Both teams had good games but lost. The theme this year for wall decorating was Continents. The Freshmen had Asia, the Sophomores had Europe, the Juniors had Antarctica, the Seniors had Australia. The winners of the wall decorating were the Seniors. This was their fourth time winning!

Powder Puff Football

Seniors and Freshmen WIN

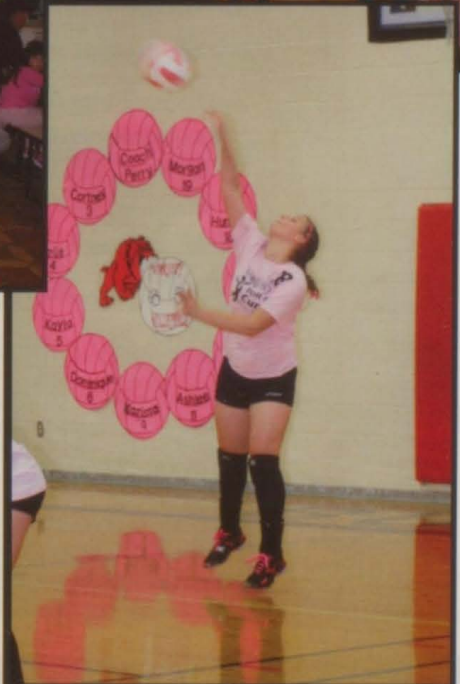

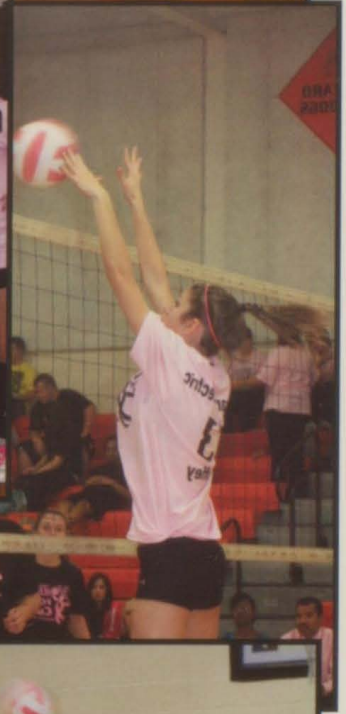

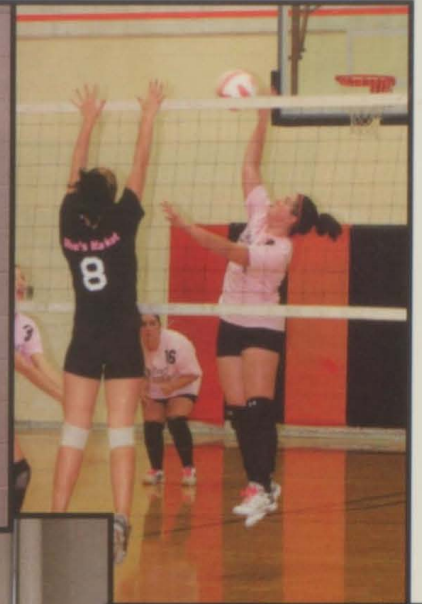

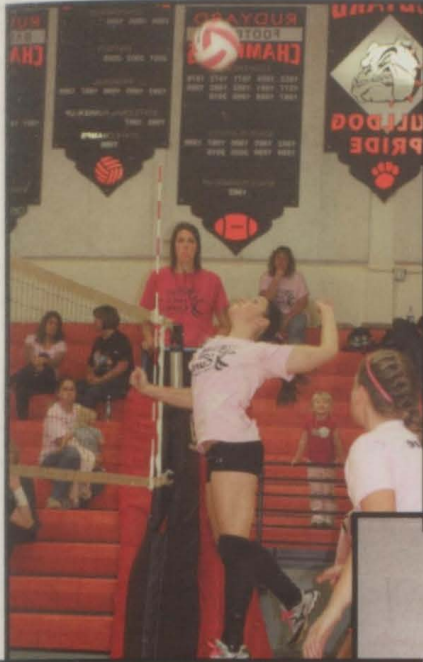

The 1st Annual Powder Puff game was a great success. The game was made possible by the Boosters and was announced by Athletic Director, Mr. Nason. The game started as flag football, but soon became tackle. The seniors and freshmen took first blood with a touchdown but failed to complete the two point conversion. The juniors and sophomores then scored and completed their two point conversion, making the score 8 to 6 in favor of the juniors and sophomores. The seniors and freshmen scored again with about three minutes left in the game. This gave the juniors/sophs a few last plays to pull out a win, even with a few late penalties in the last two minutes the seniors/frosh were able to keep the lead and win 14 to 8.

Both teams did a very good job and worked hard, they were lead by their coaches Scott Smith, John Rosebrock, Drew Corzort, Jared McCoy, and Elden Salo, for the Seniors and Freshmen. For the Juniors and Sophomores Cody Mesnard and Tyler Fountain. The referees for the game were, Tyler Wilson, Caleb Salo, and Mr. Peterson.

Hunter,

"Beautiful baby from the outside in, chase your dreams but always know the road that will lead you home again. Go on, take in this ole world but to me you know you'll always be my little girl." -TimMcGraw

We love you! Mom and Dad

Samantha,

For eighteen years I have watched you grow into such a beautiful young lady. We have had good times and bad times. We have laughed and we have cried but every day I'm thankful for the gift I was given "my baby girl!" You make me proud every day! I can't wait to see what the future holds for you and what a beautiful young women you will become! You are my heart and soul.

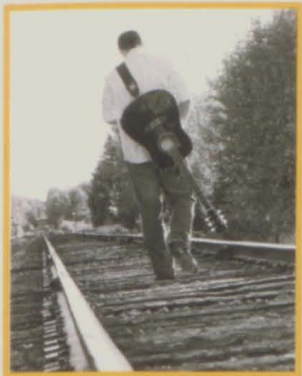

Love, Mom

Carrie,

Congratulations! Best wishes in all you do!

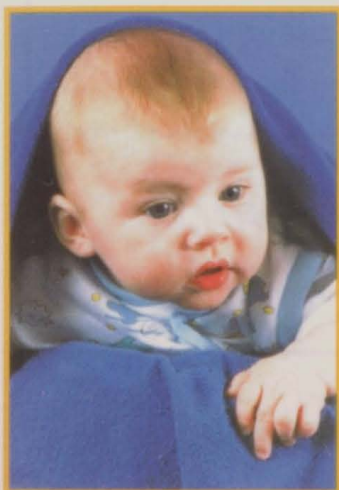

Love, Dad

Alex,

You've always been a pretty good kid with the mindset to succeed in everything you do. I am sure you will go off to college and master that too. I am proud of you!

Love,
Your dad

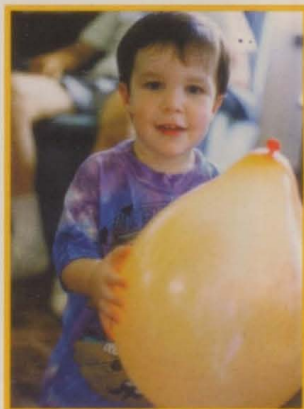

Alex,

You graduating is one of the proudest, but yet most heart wrenching thing for me. I am so proud of all that you have, and will accomplish in your life, but at the same time sad to see you grow up. You are an amazing young man and there is nothing you can't do.

"Do not follow where the path may lead. Go, instead, where there is not path, and leave a trail." - Ralph Waldo Emerson

Love,
Mom

Tyler,

I can't even begin to tell you how blessed we all are to have you in our lives. We are all so very proud of you and the person you have become. Your future holds endless possibilities. Set your goals high and reach for the things that will make you happy. I don't know where the time has gone and I don't want to let you go but I am so excited to watch your amazing future unfold. The skies the limit Tyler, don't settle for anything less!! I love you with all my heart, congratulations!

Love,
Mom, Greg, and Jamie

Chris,

We hope all your dreams come true. We have no doubt that you will achieve great success at whatever you choose to do in life. You are an amazing young man and you have been a gift to us. Congratulations on your graduation.

Good luck and we love you,
Mom and Nan

Chris,

I know you will go far in this life you are unbelievably smart, you deserve the best this world has to offer. The day is fast approaching that I have to let you go discover the world on your own, but please know I'll be there for you anytime and anywhere that you may need me. I love you, my son, very much and I thank you for the best eighteen years of my life.

Love, Dad

Matthew Gerald Zahara,

Words cannot describe how proud you have not just made me, but your whole family. You have accomplished many things in your life thus far and I know there's more to come. This is not an end this is only the beginning! We all love you and wish you the best in the future.

Love, Mom

Jacob,

Congratulations on having your high school years behind you! We are so proud of the respectful and considerate young man you have become. We are also excited to see what your future holds for you! We love you!

Mom and Dad

Belle,

We love you and are so proud of the person that you are. Thanks for making the last four years so fun- and most of all for being our little girl.

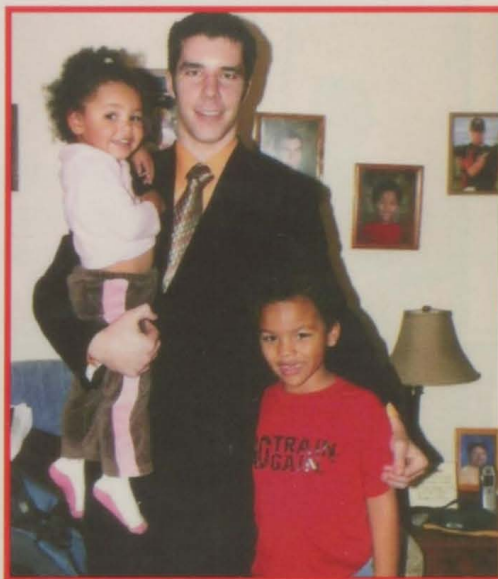

Xoxo, Mom and Dad

Tyler,

We are proud of you and all that you have accomplished.

Love,

Dad and Jeanny,
Mitch, Riley, Jada

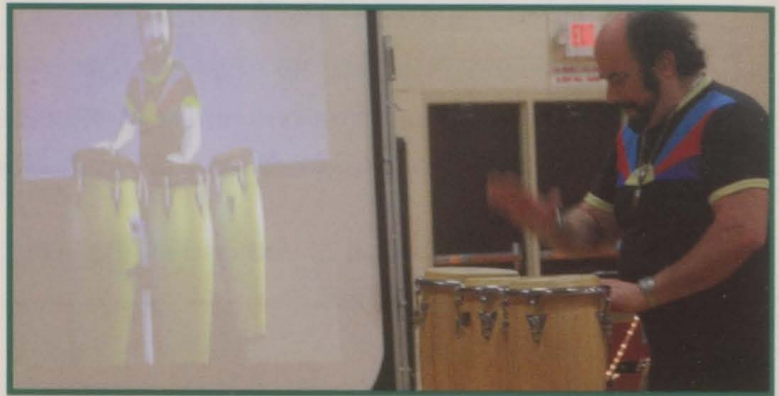

Brittany,

You entered this world and faced adversity immediately. We instantly learned you were a fighter and a winner. You continued this stature and added so many more personal attributes throughout your high school years. Our special little girl grew up to be a beautiful, smart and talented young lady. We are so proud to see what you have accomplished and to think of what the future holds for you. College is next and a world of possibilities beyond that. Stand tall and reach high. We will always be there with love and support. We are so proud of you!

All of our love always, Mom, Dad and Brant.

What an outstanding young man you have become. You have brought pure joy and love to our family. Your wonderful, spunky, kind and caring personality will follow you always. We are very proud of all your accomplishments whether it was on a bball court, football/baseball field, track or classroom. You've always displayed the type of character of a true role model. We love you and wish you the best life has to offer. Now on to the next chapter – make it epic. Love Mom, Tracy, Cameron, Trenton and Davin

MAKING SENSE OF INVESTING

You may think all investment firms are the same. However, Edward Jones has made a conscious decision to serve you, the individual investor, differently. It's more than lip service. See for yourself how this approach can help make a difference for you and your family.

Yummy, fresh,
freedom in a bowl.
