CCCCSD

Family Engagement Plan and Parent Involvement Policy

Crockett County CCSD's Mission

Our mission is to ensure student success through high expectations for all students by all stakeholders and establishing a culture of pride and excellence. Education in Crockett County CCSD is a visible partnership accomplished through the dedicated teamwork of parents, students, community members and staff.

What is Title I?

Crockett County CCSD is a Title I District and we use federal funding to help improve basic programs so that all children receive an equitable, fair, and high-quality education in order to close education achievement gaps. Crockett County CCSD coordinates and integrates parent involvement engagement programs and activities with other local and state programs.

Building Strong Partnerships

As a Title I District, Crockett County CCSD wants to involve all parents in the planning cycle which includes the needs assessment, district plans, and evaluation. Our district and campus meetings offer flexible times and days both at the campus and district levels. Annual Title I meetings are hosted by our campus principals so please be on the look out on our social platforms. At the District level, our Parent Cafe meetings will give everyone the opportunity to provide input on our planning cycle process and meetings are posted on our school website at www.ozonaschools.net. If parents are unable to attend, we will contact you for input via phone or email to get your input verbally or through a parent survey.

Our goal is to improve student learning by involving parents with the following:

- Understand academic standards and how to track student progress.
- How to work with teachers and schedule meetings with flexibility and even through Zoom.
- Review campus data, discuss plans, and make decisions based on data.
- Seek parent feedback through Comprehensive Needs Assessment, parent surveys, and parent meetings.
- Seek input on our evaluation and revisions of Parent Family Engagement plans and policies.

- Seek input on Parent\Teacher\Student Compacts which outline how we will work together to help students succeed.

Parent and Family Engagement Policy

In order to help improve student learning and school performance our district staff meets with our parents and families once a semester to review a written policy that solicits parent input with the development of the plan and/or revisions.

- This policy explains our expectations and goals for parent and family engagement.
- The policy is reviewed and updated at the end of the school year.
- This policy is integral to our district and campus improvement plans.
- Copies are distributed during Meet the Teacher Night and Fish Camp. It is also posted on our website at www.ozonaschools.net.
- Copies are made available in another language upon request at the administration office.

Parent Engagement Opportunities
