Issue 30 - April 29, 2026

At the Lancaster School

It's 'testing season' at LES! Below is the schedule of all the testing that will happen in April and May.

Date	Assessment	Grades
Tuesday, April 21	Science (NH SAS)	5, 8
Wednesday, April 22	Writing (NH SAS)	8
Tuesday, May 5	Reading (NH SAS)	8
Wednesday, May 6	Reading (NH SAS)	3, 4, 5
Thursday, May 7	Reading (NH SAS)	6, 7
Tuesday, May 12	Math (NH SAS)	8
Wednesday, May 13	Writing (NH SAS)	3, 4, 5
Thursday, May 14	Math (NH SAS)	6, 7
Monday, May 18	Language Usage (NWEA)	2
Tuesday, May 19	Reading (NWEA)	K, 1, 2
Tuesday, May 19	Writing (NH SAS)	6, 7
Wednesday, May 20	Math (NH SAS)	3, 4, 5
Thursday, May 21	Math (NWEA)	K, 1, 2
Tuesday, May 26	Language Usage (NWEA)	3, 4, 5
Tuesday, May 26	Reading (NWEA)	6, 7
Tuesday, May 26	Math (NWEA)	8
Wednesday, May 27	Reading (NWEA)	3, 4, 5, 8
Wednesday, May 27	Language Usage (NWEA)	7
Wednesday, May 27	Math (NWEA)	6
Thursday, May 28	Math (NWEA)	3, 4, 5, 7

At the Whitefield School

As the school year comes to a close, the music continues without pause. Sixth-grade students have been creating their own recordings while exploring the SoundTrap program. Fifth grade has revisited the xylophone and is now working on the musical performance style known as “Stomp,” which involves creating music using everyday objects such as basketballs.

Students in grades three and four are exploring the engaging world of sound stories, learning how to incorporate sound effects and musical themes into books. Second-grade students are studying the different families of musical instruments, while Pre-K through first grade students are developing their skills in solfege and enjoying the use of boomwhackers.

The third- through eighth-grade WES Chorus will present a concert on Tuesday, May 19th at 6:30 p.m. at The Whitfield School. All are welcome to attend.

At the White Mountains Regional High School

Members of the WMRHS junior class recently completed their SATs, marking an important milestone in their academic journey. In the weeks leading up to the test, students demonstrated a strong commitment to preparation by participating in weekly SAT test prep sessions over a nine-week period. These sessions focused on building skills in both mathematics and English, helping students approach the exam with confidence and a clear sense of readiness.

Attendance throughout the preparation process was very good, reflecting the dedication of this year’s juniors and their teachers. Students showed up ready to learn, engage, and support one another. That same level of responsibility carried through to test day, where students conducted themselves with focus and respect. For those unable to attend the scheduled testing day, make-up sessions were promptly completed the following week, ensuring that every student had the opportunity to participate.

The testing environment was positive and orderly, a testament to the preparation efforts by Mrs. Janine Holmes and the students’ commitment to doing their best. Their active engagement during practice sessions translated into a calm and purposeful approach during the exam itself.

As a small token of appreciation for their hard work and dedication, each student received a little gift bag following the test. This gesture recognized not only their effort on test day, but also the sustained commitment they demonstrated over the past several weeks.

We look forward to receiving the results and celebrating the achievements of this motivated and hardworking group of Spartans.
