# Wolfe City Independent School District

505 W. Hanna St, Wolfe City, TX 75496
Office Line: 903.496.9813
Eddie White, Interim Superintendent

Dear Parents, Guardians & Community,

The safety and well-being of our students and staff are the highest priority of Wolfe City ISD. As part of our ongoing commitment to emergency preparedness, Wolfe City ISD will conduct an emergency operations, lockdown, and active shooter exercise at Wolfe City High School on **Monday, November 16, 2026.**

**November 16** is a staff professional development day, and regular classes will not be in session. Only specifically selected student volunteers will be present to participate in the exercise under the supervision of Wolfe City ISD staff and emergency response personnel. Specific exercise times will be communicated to families at a later date.

The exercise will be conducted in partnership with local, county, and state law enforcement agencies, surrounding-area medical response teams, and other emergency response partners. The purpose is to practice and evaluate emergency communication, lockdown, law enforcement, medical response, and other emergency operations procedures in a controlled training environment.

For the safety and effectiveness of the exercise:

- Please do not come to the high school campus during the exercise.
- Please do not call the school office during the exercise. Communication systems may be needed for emergency coordination.
- Please do not attempt to pick up or visit a student volunteer during the exercise. Volunteers will remain under district supervision until released.
- Campus access may be restricted or closed during the exercise.
- Emergency vehicles, law enforcement, and medical response personnel will be present as part of the planned exercise. Their presence does not indicate an actual emergency.

The exercise will include simulated active shooter and emergency response scenarios and will be conducted under the direction of participating emergency response agencies. Following the exercise, district and emergency response personnel will review the exercise to identify strengths and areas for improvement.

We appreciate the cooperation and support of our families, staff, student volunteers, community members, and emergency response partners as we continue working to strengthen the safety and preparedness of Wolfe City ISD.

Sincerely,

Eddie White
Wolfe City ISD
