Wolfe City Elementary Recess Weather Guidelines

When heat index or wind chill (feels like temperature)	Activity level and precautions:
Heat Index ABOVE 100F	NO OUTDOOR PLAY
Heat Index 99-100F	Limit outdoor activity to less than 20 minutes or choose indoor activities. Be alert for signs of heat related illness, especially for those with higher risks.
Heat Index 90-98F	Outdoor activities include rest in shade and water breaks every 15-20 minutes. Encourage fluids before, during, and after outdoor activities. Be alert for signs of heat related illness, especially for those at higher risk.
Heat Index 60-90F	Enjoy the outdoors. Be sure to encourage children, especially young children, to drink water.
Wind Chill 40-60F	Recommended outdoor dress includes long sleeves and pants.
Wind Chill below 40F	Limit outdoor activities to less than 20 minutes or choose indoor activities.
Wind Chill below 35F	NO OUTDOOR PLAY

*Grade level team leaders will view www.weather.com and enter the school's zip code, and view the needed "feels like" temperature. The "feels like" temperature considers the heat index, adjusts the temperature accordingly, and is an accurate measurement of how hot it really feels.

Air Quality

Air Quality Level	Outdoor Activity
Purple	No Outside Activity
Red	No Outside Activity
Orange	Possible Respiratory Alert

*Grade level team leaders are to check daily air quality indicators www.weather.com and enter the school's zip code.

*WCISD restricts all elementary outdoor activity, when in **PURPLE** or **RED** air quality levels, which indicate unhealthy ozone levels for all students, even those with no respiratory health concerns.
