Lamar Head Start
SEPTEMBER 2025

We are so excited to get to know the little personalities of the children that attend our Head Start preschool. These are amazing children and we want to thank you for sharing them with us! All of the children have been learning about being a good friend, using walking feet, how to make a line and so much more.

On Tuesday, September 12th, we will have our back to school open house along with doing the developmental screeners called ASQs. This day we will give parents time to visit their child's classroom, complete the developmental screener and get to know the teachers and look through the teaching tools they use to build lesson plans, develop routines and follow Head Start performance standards. This first meeting we will also have a short video playing on our boards regarding pedestrian safety and safe transportation.

During this open house you will be electing 2 Policy Council Representatives. Make sure you attend and make your voice heard at the local and regional level.

I encourage you to volunteer to be a policy council representative. We need you!

Ms. Cecilia

PEDESTRIAN SAFETY

Whether your kids are walking to school, the park or a friend's house, here are a few simple tips to make sure they get there safely.

The Hard Facts

Unintentional pedestrian injuries are the fifth leading cause of injury-related death in the United States for children ages 5 to 19. Teenagers are now at greatest risk. Teens have a death rate twice that of younger children and account for half of all child pedestrian deaths.
Hold your child's hand when crossing the street or parking lot, only cross at crosswalks, use a seatbelt, practice looking left, right, left before crossing the street.

To ensure that we keep all children safe, please watch for cars as you are crossing the parking lot. Also hold your child's hand at all times to ensure their safety.

September 1st–No school
September 12th–ASQ testing
September 12th–Open House/room visit
September 18th –Physical Exams due
