Subject: Re: Amended Agenda for 9.30.19 Special Board Meeting

Ms. Casteel,

I was informed that the public may request agenda items be added to BUSD meetings. If that is correct, please add an agenda item to the next meeting:

Discussion of formation of one or more Public Advisory Committees, including scope of committee inquiry and committee membership appointment process. Possible direction to staff regarding same.

If there is a different method of adding agenda items please let me know.

Thanks.
