TIFT COUNTY SCHOOLS

Rising 6th Grade Student Registration
2026-2027

The transition from elementary to middle school is an exciting milestone for students and families. As your child moves into this next stage, they will experience new routines, increased independence, and expanded opportunities for learning and growth. As a part of this transition, your student will begin by registering for Connections courses.

Middle School Connections courses give students the opportunity to explore their interests, develop essential skills, and begin making meaningful connections between learning and future careers. These courses help students discover strengths, build confidence, and understand how today's choices can shape tomorrow's opportunities. By participating in Connections, students are better prepared to make informed decisions as they progress through middle and high school and begin thinking about their future pathways.
