

ADMISSIONS INFORMATION

ADMISSIONS POLICY

Houma Christian School admits students of any race, color, national, or ethnic origin to all the rights, privileges, programs, and activities generally afforded to or made available to its students. Houma Christian School does not discriminate on the basis of race, color, national, or ethnic origin in the administration of its educational policies, admissions policies, athletic, and other school-administered programs. Houma Christian School is a part of the ministry of Living Word Church, a non-denominational Christian Church dedicated to sharing the gospel of Jesus Christ.

Houma Christian School will consider as prospective students all applicants for admissions to the school who are deemed academically acceptable. Each prospective high school student may be interviewed in an attempt to learn objectives and attitudes and to determine if these objectives and attitudes correspond with that of the school. Standard rules of conduct in and out of school will be required of each student admitted to Houma Christian.

These rules are as follows:

1. To refrain from swearing, indecent conduct and language, smoking, drinking alcoholic beverages, the abuse of drugs, and gambling.
2. To maintain Christian standards in courtesy, kindness, morality, and honesty.

MISSION STATEMENT

Designed with a purpose,
Fearfully and wonderfully made,
We will pursue academic excellence
And a personal relationship with
JESUS CHRIST.

Admissions testing information will be based on recognized instruments which are generally accepted as giving valid predictive information about the applicant's capability. Records from schools of previous attendance will be secured.

To gain admittance to Houma Christian School's pre-k, kindergarten, or first grade program, a student must attain the age of four, five, or six, respectively, on or before September 30th.

Inasmuch as students develop at widely varying rates and times, the school accepts the obligation to work with a child and his family to determine the proper placement of the child within the academic and social framework of the school. Acceptance by the parents of the school's evaluation of the proper placement for the child is a requirement for admissions.

Decisions regarding admissions for elementary and high school students are made by the administration of the school and are final. All first -year students are taken on a probationary basis.

PHILOSOPHY

Houma Christian School has been established to provide an academically excellent Christian education with a foundation of faith in God and in the Bible. Our curriculum and its related activities are planned to meet the needs of students desiring a quality education in a Christian environment.

A quality education is achieved based on traditional, fundamental discipline with emphasis placed on sound habits, skills, and attitudes.

The whole child must be considered by providing guidance in learning to respect and relate to others, in learning to accept responsibility, in learning to establish sound moral and spiritual values, and in learning to use individual talents and abilities to the glory of God.

A Christian environment can be obtained by comprehensive spiritual training which will provide for the developing of full Christian personalities on the premises given by God in the Scriptures; teaching of all courses of study in a Christian atmosphere; giving a reason for being, based upon a Christian view of God and the world; establishing absolute values based on Scriptural principles; and preparing Christian young people for effective service to God and to the community. Houma Christian School is staffed with a dedicated, well-trained Christian faculty who takes pleasure in teaching, displays genuine interest in the students, and works in harmony with each other. Students are provided an avenue of participation collectively under the leadership of a student council and individually through freedom to offer suggestions for the improvement of any program. The administration works creatively and professionally with both groups, recognizing that each member of the faculty is a part of the professional team, and that students are most directly involved in their own development, and that all prosper most effectively in a harmonious relationship in which all share responsibility for the successful culmination of the school's program.

We dedicate ourselves to sponsor the fullest possible development of each student committed to our care by striving to provide opportunities whereby the student can develop his individual potential. We aspire to help each student establish a personal relationship with Jesus Christ, cultivate a loyalty to democratic principles, and to develop a well-integrated personality that is spiritually alert, morally sound, and emotionally and intellectually mature.
