District Use of Federal Aid

Funding allocations include:

Title I: $204,386 for stipends supporting Title I initiatives, eDynamic Learning to increase transition opportunities for students, pre-service paraprofessional training to equip staff to support students, new Promethean boards, student Google Chromebooks, and a nominal homeless reserve fund.

Title II: $16,875 for pre-service paraprofessional training provided by Westchester Community College, providing professional development to prepare staff with the skills needed to support students in accordance with IEP mandates effectively.

Title IV: $14,227 for STEM supplies and kits to provide hands-on, inquiry-based lessons that close achievement gaps in math and science.

IDEA 611: $79,604 for transportation contracts to support community integration and transition plans, as well as the purchase of new student desks, chairs, and teacher desks to improve access and learning environments for students with disabilities.
