

Weaver Union School District

Transportation Services Plan 2025-26

Per Education Code (EC) Section 39800.1, as a condition of receiving

1. Enter description of your district's plan of the transportation services it will offer to pupils, and how it will prioritize transportation services for pupils in transitional kindergarten, kindergarten, and any of grades 1 to 6, inclusive, and pupils who are low income.

Description for 2025-26:

The District provides no-cost transportation to all students. Bus routes are available for morning pick-ups and afternoon drop-offs to ensure students have reliable access to school. This service also includes transportation on minimum days and for special field trip events.

The District also provides transportation for students enrolled in the Expanded Learning Opportunities Program (ELOP).

Additionally, the District contracts with the Merced County Office of Education to provide transportation services for students with disabilities who attend county-operated schools.

2. Enter description of your district's transportation services that would be accessible to pupils with disabilities, and homeless children and youth.

Description for 2025-26:

Homeless children and youth- no cost transportation services are provided in accordance with the federal McKinney-Vento Homeless Assistance Act (42 U.S.C Sec 11301 Et Seq.) The district shall provide no cost home-to-school transportation and additional transportation services as needed for student with disabilities as specified in their individualized education program or section 504 accommodation plan in accordance with Board Policy (Education Code 41850;20USC 1400-1482;34 CFR 104.4)

3. Enter description of how unduplicated pupils would be able to access available home-to-school transportation at no cost to the pupils.

Description for 2025-26:

Transportation is offered to all of our students at no cost, regardless of their situation.

4. Your plan must be developed in consultation with classified staff, teachers, school administrators, regional local transit authorities, local air pollution control districts and air quality management districts, parents, pupils, and other stakeholders. Enter description of your plan consultation with those parties.

Description for 2025–26

As part of the District's annual Local Control and Accountability Plan (LCAP) process, the District holds annual community meetings to gather feedback and input regarding the educational program. Transportation and student safety are common topics, as they play an important role in supporting and improving student attendance.

To address these needs, the District has added a bus route serving a local apartment complex with a high population of English Language Development (ELD) and disadvantaged students. This additional route helps improve access to school and supports consistent attendance.

The District holds at least three public meetings each year and provides additional opportunities for community input through School Site Council meetings and School Board meetings. With input from the community, staff, and students, the LCAP is developed with specific goals to increase and improve the academic achievement of our unduplicated student population, including homeless and foster youth.

2024-25 Home-to-School (HTS) Transportation Reimbursement Calculation

A. Total 2024-25 Transportation Expenses (Function 3600)	\$ 1,098,552
